New England Mutual Life Ins.,

Of Boston, Mass., Chartered in 1843,

Capital and accumulation, $450,000.

THIS Company is one of the oldest, and among the most prudently and successfully conducted in the country. The primary object in conducting its business has been to provide perfect security under all conceivable circumstances, for the payment of its losses under its policies, and to return to the insured the surplus at stated periods, and strict economy is observed.

Every insured person is a member of the company and shares in the profits of the business, and is subject to no liability or assessments beyond his premium.

The directors are required to be pecuniarly interested in the company, and they give it their personal attention; and bonds of sufficient security are given by its officers for the faithful performance of their duties.

Insurance may be effected for the benefit of the wife, which is secured to her by law beyond the reach of a husband's creditors; and creditors may insure the lives of debtors.

Highly Important to Farmers.

THE ONLY EXCLUSIVE FARMERS' INSURANCE COMPANY IN THE WEST,

THE MADISON MUTUAL,

LOCATED AT MADISON, WISCONSIN.

THIS Company continues to take risks upon Farm Property only, consisting of buildings of all kinds, (belonging to farmers,) household furniture, grain in barns, live stock, &c., from one to five years, at lower rates than most other responsible companies.

All losses promptly paid at the office as soon as proof is made thereon.

We believe it to be for the interest of the farmers to insure by themselves, their property being less hazardous than any other, consequently you will have no losses only your own of the same class, and all will be on an equal footing.

Experience has shown that two-thirds, if not three-fourths of all the fires that occur are upon stores, taverns, mills, shops and such like property. In this company all such property is rejected POSITIVELY, by LETTING THEM ALONE.

Farmers, look to your own interest, and insure in a Farmers' Company.

We have been doing business a little over three years, and we have not been obliged to assess our premium notes, and for the last *fourteen months we have not had a single dollar loss,* though doing a large and prosperous business, which we believe to be without a parallel in the history of insurance.

The best of references given as to the responsibility of the company.

EMPIRE CASH STORE!

The Cheapest Store in the County.

THE LARGEST, Most General and Best Selected Stock of MERCHANDISE ever introduced to the people of Rock and the adjoining counties is now received at the EMPIRE CASH STORE. A Stock larger than any Two Stores in Janesville to be Sold for CASH, at prices that all can see are at least 25 per cent lower than the PRETNDED CASH STORES SELL FOR.

We mean what we say exactly: We can sell you

MORE GOODS
FOR THE
Least amount of Money

Than any other Store in the county. For this reason we sell more Goods than any two Stores in Janesville, and this year we intend to sell more than any three, consequently, we can sell just one-third cheaper, as our expenses are no more by selling so much than they would be did we not sell any more than our neighbors.

Reduce The Price and Increase the Speed

Is the order of the day; and in order to do so, we have purchased this spring larger than ever, and intend to sell at prices to astonish everybody.

We buy Goods to SELL, and intend everybody shall understand this by our prices. We have purchased every thing by the Cord in the way of Merchandise. Our Stock embraces every thing in the Goods line, kept in such a store as ours only, commencing with

DRY GOODS, GROCERIES,

CROCKERY, HARDWARE in connection with a general STOVE TRADE.

READY-MADE CLOTHING,
BOOTS and SHOES, HATS, BONNETS, RIBBONS and CAPS, &c. &c.

To enumerate which would be impossible, (any one seeing our stock will be satisfied of that).

All we have to say is we have JUST WHAT YOU WANT, AT PRICES TO SUIT YOU, a fact which all can see by calling at the *EMPIRE CASH STORE.*

New England Mutual Life Ins.,

Of Boston, Mass., Chartered in 1843,

Capital and accumulation, $650,000.

THIS Company is one of the oldest, and among the most prudently and successfully conducted in the country. The primary object in conducting its business has been to provide perfect security under all conceivable circumstances, for the payment of its losses under its policies, and to return to the insured the surplus at stated periods, and strict economy is observed.

Every insured person is a member of the company and shares in the profits of the business, and is subject to no liability or assessments beyond his premium.

The directors are required to be pecuniarily interested in the company, and they give it their personal attention; and bonds of sufficient security are given by its officers for the faithful performance of their duties.

Insurance may be effected for the benefit of the wife, which is secured to her by law beyond the reach of a husband's creditors; and creditors may insure the lives of debtors.

Highly Important to Farmers.

THE ONLY EXCLUSIVE FARMERS' INSURANCE COMPANY IN THE WEST,

THE MADISON MUTUAL,

LOCATED AT MADISON, WISCONSIN.

THIS Company continues to take risks upon Farm Property only, consisting of buildings of all kinds, (belonging to farmers,) household furniture, grain in barns, live stock, &c., from one to five years, at lower rates than most other responsible companies.

All losses promptly paid at the office as soon as proof is made thereon.

We believe it to be for the interest of the farmers to insure by themselves, their property being less hazardous than any other, consequently you will have no losses only your own of the same class, and all will be on an equal footing.

Experience has shown that two-thirds, if not three-fourths of all the fires that occur are upon stores, taverns, mills, shops and such like property. In this company all such property is rejected POSITIVELY, BY LETTING THEM ALONE.

Farmers, look to your own interest, and insure in a Farmers' Company.

We have been doing business a little over three years, and we have not been obliged to assess our premium notes, and for the last *fourteen months we have not had a single dollar loss,* though doing a large and prosperous business, which we believe to be without a parallel in the history of insurance.

New England Mutual Life Ins.,

Of Boston, Mass., Chartered in 1843,

Capital and accumulation, $650,000.

THIS Company is one of the oldest, and among the most prudently and successfully conducted in the country. The primary object in conducting its business has been to provide perfect security under all conceivable circumstances, for the payment of its losses under its policies, and to return to the insured the surplus at stated periods, and strict economy is observed.

Every insured person is a member of the company and shares in the profits of the business, and is subject to no liability or assessments beyond his premium.

The directors are required to be pecuniarily interested in the company, and they give it their personal attention; and bonds of sufficient security are given by its officers for the faithful performance of their duties.

Insurance may be effected for the benefit of the wife, which is secured to her by law beyond the reach of a husband's creditors; and creditors may insure the lives of debtors.

Highly Important to Farmers.

THE ONLY EXCLUSIVE FARMERS' INSURANCE COMPANY IN THE WEST,

THE MADISON MUTUAL,

LOCATED AT MADISON, WISCONSIN.

THIS Company continues to take risks upon Farm Property only, consisting of buildings of all kinds, (belonging to farmers,) household furniture, grain in barns, live stock, &c., from one to five years, at lower rates than most other responsible companies.

All losses promptly paid at the office as soon as proof is made thereon.

We believe it to be for the interest of the farmers to insure by themselves, their property being less hazardous than any other, consequently you will have no losses only your own of the same class, and all will be on an equal footing.

Experience has shown that two-thirds, if not three-fourths of all the fires that occur are upon stores, taverns, mills, shops and such like property. In this company all such property is rejected POSITIVELY, by LETTING THEM ALONE.

Farmers, look to your own interest, and insure in a Farmers' Company.

We have been doing business a little over three years, and we have not been obliged to assess our premium notes, and for the last *fourteen months we have not had a single dollar loss,* though doing a large and prosperous business, which we believe to be without a parallel in the history of insurance.

35 Sign of the Padlock, Janesville, Wis.

The Daily Gazette.

FRIDAY MORNING, JULY 21, 1854.

LINE DOWN.—The telegraph is down between Whitewater and Milwaukee we are consequently again without a report.

THE MAILS.—We have but little patience left to mention the subject of mail arrangements or rather disarrangements, throughout the west; and we only do so in the hope that our people will eventually make their voices heard to some effect in Washington. While at Janesville last week, we were informed by a contractor that there is not a railroad contract to carry the mail in the state, and that the great mails now passing over the routes from Milwaukee and Janesville to Madison, are carried without any care or responsibility on the part of the company.—There is no connected mail route between Janesville and Madison, the route by which the mail matter for all this region is brought in the winter. The daily route between Fond du Lac and Milwaukee has been reduced to tri-weekly; contracts have been advertised and let on routes in the state that are not traveled, and great thoroughfares neglected. The contracts and bonds under the May lettings have not been executed by the department and consequently the sureties on bids are no longer holden. Under such administration of a department of government more vitally affecting the people than any other, have we not reason to exclaim in the classic language of "little Van," "our sufferings *is* intolerable!"—*Bager State (dem.)*

We were previously aware of the facts connected with the mail service in this section of the state as mentioned by the Badger State, and were inclined to comment upon them, but were deterred from so doing by the request of the post master in this city, who informed us that the reason why no contract had been concluded with the railroad companies was a disagreement with the department as to the cost of transportation, and who expected a special agent along soon to look after and arrange matters. As, however, others have told, there is no longer a motive for our keeping still, and we desire to add our voice to the general complaint, in the hope that some attention will be paid to our wants. We presume the postmasters throughout the state do about as well as other government officials, and that the present administration has not generally been *peculiarly* unfortunate in the selection of its agents; yet for some reason or other there is "awful work" some where. The management of the department for the west is bad on general principles. Instead of diminishing any service, it ought, merely as a matter of pay and equivalent, to be increased, and every reasonable facility for regular and speedy transmission of the bags ought to be afforded. The selection of an intelligent, energetic western man as postmaster general, who has some idea of the country and its wants, and is not too much engaged in the politicol to overlook the business management of his department, is a boon we ardently desire though there seems little prospects of soon receiving it.

As a specimen of the management at present, we annex an extract from a letter written from Chicago a few days ago by the editor of the Galena Jeffersonian:

There are now in the Chicago Post Office, more than *two hundred bags of mail matter undistributed and they are daily accumulating!*—In a conversation with W. J. Brown, Agent of the department, I called his attention to the failure of the St. Louis mails, and he doubtingly went to work to convince himself of the truth of what I told him, and if possible, to correct the outrageous neglect of duty that had caused such a result. His visit to the office corroborated my words, and he found, as I have stated above, the piles, nay mountains of papers that have been so long missing.

WORK COMMENCED,—Mr. O'Gara commenced work on Main street yesterday. He had been for some days previously getting ready the stone for the drains, and we now have a fair prospect of seeing the completion of a job that ought to have been undertaken long ago. Next to the passage of the land grant, we know of nothing that could put our citizens in a better humour than the abatement of the nuisance that has so long disgraced the town.

There is not a more corrupt organization in the world, than the "Jenny Lind Club." The leading spirits of this clique are among the prominent managers and directors of the Milwaukee and Mississippi railroad.—*Janesville Gazette.*

Ghost-stories to frighten children. The "Jenny Lind Club" died a natural death more than two years ago; and the M. & M. railroad is as innocent of all connection with it, as the Rock River Valley road. The Gazette, we suppose, thinks it necessary to persist in this fiction as an offset to "Monk's Hall."—*Mil. Sent.*

The vision which sees the burial of the "Jenny Lind Club," and the living, breathing existence of "Monk's Hall", is ready to receive any "ghost-story" extant, and we wonder that our friend of the Sentinel, gifted with such rare discernment, should discredit our "fiction." Jenny is just as much of a present reality as her old adversary of the "Hall." Both flourished at the same time, each had its good fellowship, wine and dinners, and if the amiable sister "died a natural death more than two years ago," having accomplished her social mission, the same ceremonies of dissolution were performed over her rival brother. As political associations, neither were troubled with an excess of honesty, but of the two the "Hall" was the most respectable and its inmates the better men. We don't believe the influence of either is yet extinct, though a *republicanising* process is apparent in both.

ENTERTAINMENT.—Prof. Sand, the magician, gives a second entertainment at Apollo Hall this evening. We go to press without seeing his first, and can say nothing of it, but some outside experiments have established his reputation among "the boys" on the street. He has "taken down the crowd" very handsomely.

If woman has not received proper mental culture in early life, she seldom attains it afterwards, and usually becomes either a mere household drudge or a worthless toy, whose eager chase after the last new fashion is only to be diverted by the last new scandal.

☞ The following communication is from one of the most conservative whigs in the state, and one from whom we expected a determined opposition to the movement at the Madison convention. It is absurd to charge upon such men a coalition for the spoils of office, or a willingness to abandon upon slight provocation an old, cherished party organization, to which long associations and disinterested labors had attached them. Nothing less than a thorough conviction that their rights have been invaded and their known sentiments wantonly disregarded, could have impelled them to the position they now assume. It would have been far easier to have avoided the necessity which has driven them into a union with a party with which, as a party, they have heretofore had no sympathy, and in many of whose members they now have little or no confidence, than to overcome their determination to give an effective expression to their disapprobation of the measures which has driven them into their present political oganization.

THE REPUBLICAN PARTY.

Whether the party in our state, which on the sixty-seventh anniversary of the enactment of the ordinance of '87, assumed a name suggestive of many of the proudest passages in our national annals, came dishonorably into being, infected with hereditary taint;—or whether fullarmed to fight for the right, and endowed with all the pre-requisites for vigorous existence, it sprang to life from the sober thought, and sovereign will of the people—shall in this communication be the subject of a few speculations, at least free from partisan predilections.

It is conceded that a party, to deserve the name, and ensure perpetuity, must rally upon some central, vivifying and controlling principles of sufficient present interest to organize, prompt and direct action. But when men unite for concerted political action, upon a controverted question of right and wrong, they constitute a party uncompromising and indissoluble until that question is settled in accordance with their convictions. The simple fact that no one of the great truths and fundamental axioms which define the relations and duties of men and nations, can, when clearly apprehended, possibly ever be lost sight of, is the chief guaranty of the advancement of the race. Questions of expediency, after calling out heated controversies, and innumerable inconsistencies, are forgotten; but when a question of right is anchored in the mind, opposition but renders its hold the stronger.

The creed of the party now organized for certain specific purposes, is embraced in a line or two of the self-evident propositions which underlie our liberties; and how have these precious maxims been attacked during the past few months?

By the party in power we have seen compromises the most sacred, abolished; the intention to perpetuate and extend indefinitely the system of human slavery, declared; and the institution itself, with a hardihood almost inconceivable in this age, justified. It was reserved for the administration of a son of New Hampshire to shadow forth a grand movement for the spread of slavery at home and abroad, at the expense of many millions of the common treasure beyond the amount to be paid by the stipulations of the Gadsden treaty. Cuba must be acquired by money or by a war with Spain, and incidentally with England and France, and a Russian alliance must be sought. Efforts are being made by treaty overtures on the part of our government to establish slavery on solid foundations in St. Domingo and Brazil. Federal officers for the territories are appointed with a view to their qualifications for securing the interests of slavery. The treaty with England touching the suppression of the slave trade on the African coast is sought to be abolished, and in many of the southern states prominent men are even advocating the importation of slaves into our country from Africa.

In this posture of affairs the slavery question is removed from the field of speculation to that of action. We cannot, if we would, avoid passing judgment upon the policy of the present administration touching this question.

But in this struggle for the re-establishment of the principles of the fathers of the republic our early and complete success is dependent upon a hearty union of all men who are governed in their political conduct by their convictions of right, for in our very midst are traitors to the cause of humanity, as witness the fourteen senators and forty-four representatives from the free states who voted for the Nebraska bill. Men will be found unable to appreciate motives holier than those which actuate themselves, who will say that the anti-slavery sentiment of the north is banding together men of all shades of politics, to secure the spoils. Such men could not be convinced of their error, tho' one rose from the dead.

In the present exigency, the whig party of Wisconsin is justified in taking its present position. Are we accused of forgetting the warnings of Washington, and building up a sectional organization? We but follow the example of those who denounce us. Is it true that if an unbroken phalanx of anti-Nebraska men were sent to congress, the consequences of the legislation of the present session could not be averted? Grant it; but shall crime be unrebuked, because consummated, and is that the way to warn rulers of justice and a judgment to come?

It is said that the whig party, lashed by abolition excitement, is abandoning old issues to plant itself on anti-slavery sentiments? The whig party has not abandoned old issues which still posses vitality, and when the republican party shall have secured the country against the inundation which threatens to engulph our very liberties, doubtless its members will then fight with each other as heretofore, over minor issues, with whatever ability god may have given them.

The good old whig party, because always reliable on questions of freedom, now stands by her own colors, in the republican army—no one of her cherished principles deserted, or glorious memories forgotten, and now contemplates a gathering of freemen, irrespective of former party ties, to give embodiment to the dissent of the honest hearts of the country to the violation of compacts, and pledged to elect no man to any office who will not zealously and fearlessly aid in planting those bulwarks of freedom, the doctrines of constitutioual liberty, every where within the exclusive jurisdiction of the United States, and no extension of slavery beyond its present limits, till they stand solid and prominent as the cliffs which spurn the ocean's roaring tides. Come then ye men, by whatever political name known, who will act for the right, and like the iron man with his flail, let us go through this land crushing and trampling down all opposition to principles we hold most sacred. Let us enlist for the war, and while striving to re-establish the pure worship of freedom in the temples of the nation, we may be assured of the approbation of heaven. W.

☞ The last Elkhorn Reporter, the democratic organ in Walworth county, in an article upon the Nebraska business, uses the following language:

There is no use in talking that the question shall not be a test. No power on earth, with the feeling that exists, can help it. There are six out of every seven, even among democrats, who will not under any circumstances, vote for a Nebraskaite for office. And it need not be told that the party have not much to lose, and still retain power. The party in Wisconsin, in particular, cannot live with this load upon them and we should not be out of the way if we should say, they ought not to five if they take the load. Let it sink its bearer, and let obscurity cover the names of those who give their votes to aid the cause of iniquity. While the whole world is advancing it is grievous to see the American congress quickening speed in a retrograde direction—going back and bringing darkness upon the country, exposing it to shame and contempt among the nations of the earth. For very shame they should not have done this thing.

RECEPTION OF A DOUGH FACE.—One of the doughfaces has already had a foretaste of public sentiment. Moses McDonald, a member from one of the Maine districts, recently visited home. The following from the Saco Union, gives an idea of his reception:

"Our unfortunate representative in congress Mr. McDonald we are told met with some annoyance at the Brideford depot, one of the first days of this week. There was quite a crowd of persons, who were going into Portland in an excursion train, and it being noised around that Mr. McDonald was in the crowd, a cry was raised by the boys, that "a northern doughface could be seen on the platform," and a rush was made to see our representative. We understand there was considerable hustling, and that a friend of Mr. McDonald, to avoid anything more unpleasant, prevailed on him to take a seat in the cars, with as little loss of time as he could. After he had found a seat an excited democrat went through the cars shouting "whoever wants to see a dorthern doughface can be accommodated," and directed attention to the car in which Mr. McDonald had seated himself."

THE INCENDIARY MERCHANT.—The N. Y. Eve. Post, in speaking of J. F. Peverelly, who is under arrest for attempting to fire his store on Front street, N. Y. says:

Eight or nine years ago, J. F. Peverelly kept a small confectionary store on Canal street.—From that place he removed to Bleecker street. He was next heard of as landlord of the Fort Lees pavillion, in which he made money. Afterwards he kept store-houses in different parts of the city. He bought a splendid house in Astoria, Long Island, and lived most extravagantly, surrounded by all the appurtenances and comforts which great wealth only can give. Beverelly was a member of the N. Y. light guard, and was by them much esteemed. About a year ago, he invited them to visit his residence in Astoria. On the occasion of their visit he chartered a steamboat to convey them to his house; and when they arrived there, he entertained them sumptuously. Before leaving, the light guard presented him with a gold watch and chain, as a mark of their esteem.

Henry Ward Beecher thus refers in the Independent to the N. Y. Tribune's suggestion that he be sent to congress:

"EQUIVOCAL HONOR DECLINED.—The Tribune last Saturday in reply to a private letter asking its advice on the matter, recommends that we be nominated for congress, elected and sent; and when that shall be done, that we *go*.

"It may not be modest for us to decline before we are really asked. But such efforts will certainly be love's labor lost. If the people wish us to be the president of the United States, we should be disposed to accept that. And we fancy that there will be new times in Washington city after our inaugural shall have been pronounced.

"Had the proposal to go to congress proceeded from the American board of missions, there would have been grave reasons for considering it. We doubt whether they have a harder field in all heathendom; nor yet a field where the gospel is more needed.

"But, for mere political reasons, to backslide from the pulpit into congress, is a little too long a slide for the first ventre. We beg to decline in advance."

The wheat harvest commenced in this county last week. From what we have seen and heard, we judge the crop to be heavy and of superior quality. All other crops are very promising, and the weather as fine as farmers could wish—dry and cool, with an occasional night shower. Should this continue for a few weeks, the people of Wisconsin will be the richest agricultural community in the world. Almost entirely free from debt, the avails of their crops may be computed by millions of dollars, while the increased value of their real estate is at the rate of 50 to 100 per cent. per annum.—*Portage City Badger State.*

THE CHOLERA IN TOWN.—There seems to be but little doubt but that a few cases of cholera made their appearance last week in town. Some physicians deny that there have been any genuine cases, but others assert that there have been among those residing here, four deaths, from a disease very much resembling cholera, if it was not it. The names of the victims are as follows:

Miss SARAH, daughter of Hiram Bodwell, aged 18 years. Mr. JOHN GAY, aged about 24 years. Mrs. GAY, mother of the preceding. Mr ALFRED CARTWRIGHT, aged about 25 years.

These are all the cases that have come to our knowledge. A few newly arrived Norwegians have died from a combination of heat, filth, ship fever and other diseases, but the contagion has not extended to residents.—*Madison Argus,*

CHINESE.—The N. Y. Commercial has a letter dated "U. S. ship Macedonian, near Seddo, March 12, 1854." We clip from it:

"On our passage down from Loo Choo the Macedonian went on a rock, and had there been much sea at the time, we should have lost the ship. We were going at the rate of about six knots an hour, in a cold rain storm, and stuck on a coral reef. We remained there 26 hours, and only got off after throwing overboard much shot and coal.

We find the Japanese to be great farmers and good mechanics. I have examined some of their work. It is very good, and they learn anything quickly. But they are far behind the times with respect to their boats, both in rig and hull.

Our new friends need no lessons in the art of trading. They charge us 75 cents for a chicken. Some of our men paid them in gold coin, and received their change in copper washed with gold. They are a shrewd, cunning people, and they will show it before long. They are very active, as you would have said had you seen them leap and run when the young locomotive uttered its first scream.

"Some of the presents they have sent to the United States are very beautiful."

THE HARVEST.—Our state exchanges bring us cheering occounts of the progress of the harvest. The winter wheat is ripe and ready for cutting, the straw bright, the heads full, and no rust or blight apparent.

The crop this year will be the largest ever harvested in this state. The recent rains have wet the standing shocks a little, where grain had been already cut, but did no material injury. The crop of winter wheat will be harvested and gathered in the course of a week or ten days, by which time the spring wheat will be ready for the cradle or reaper. With clear weather, the yield will be magnificent.—*Madison Argus.*

OHIO POLITICS.—The Ohio Anti-Nebraska state convention which met at Columbus, on the 13th inst., made the following nominations for candidates for the approaching election, to be supported by the Anti-Nebraska party:

For judge of the supreme court, Joseph R. Swan, (a dem.) of Franklin.

For member of the board of public works, Jacob Blickendeffer, Jr., (whig) of Tuscarawas.

These gentlemen were nominated by acclamation.

CHICAGO AND AURORA RAILROAD.—The revenues of this road for the last six months have been as follows:

January,	$13,345 42
February,	15,387 29
March,	16,133 95
April,	14,592 96
May,	23,683 34
June, (estimated,)	28,455 70

The Janesville Gazette issued the first number of their new daily on the 4th. of which they sent us a copy. We must say for it that it is decidedly the handsomest paper in the state—being printed on new material throughout. We do not doubt the ability of the proprietors to get up an able and useful daily. We hope it will be fully sustained in that thriving young city.—*Potosi Republican.*

Alden & Holt, proprietors of the Janesvill Gazette, have commenced publishing a daily paper; terms $5 a year. The Janesville people exhibit a heavy stock of enterprise in all branches of business and substantial operations, including railroads and newspapers. We are not sure but we will be indebted to them for the first railroad through to the Mississippi in Wisconsin. Whe hope the Janesville Daily Gazette will be well sustained, and that western Wisconsin may be well represented on the subscription list.—*Grant Co. Herald.*

MISTAKING THE MAGNOLIA FOR CABBAGES.—Last week a party of German emigrants went ashore from a boat on the Mississippi river, and gathered large quantities of the leaves and flowers from the Magnolia trees, which they took on board, boiled and ate, from the effects of which one man died, and four others came near dying. They had mistaken the leaves of the Magnolia for cabbage, supposing that in this fertile country, cabbages grew wild, and from 60 to 70 feet high, as does the Magnolia on the coast. The leaves of the Magnolia resemble those of the cabbage, but are poisonous.—*Minnesotian.*

LOOK OUT—PASTED BILLS.—The Albany Atlas says: "We have seen a one dollar bill on the Commercial Bank, Glenns Falls, altered to ten, which is the best paster we ever saw. The bill was taken for genuine by one of the best judges in the city, and the fraud is only discovered by comparing it with the tens issued by the bank. The genuine one's have a team of horses with a load of barrels for the vignette."

SALE OF HORSES.—The celebrated trotters, Mac, Tacony and Frank Forester have been sold at auction Mac at $4,100, Tacony at $3,700 and Frank Forester at $2,250.

PLENTY OF LAND.—There are government lands in the Mineral Point district still for sale at $1,25 cents per acre, to the amount of 1,866,000 acres. The Mineral Point Democrat says, "It comprises good timber and prairie land as can be found in the country." The district is composed of all of La Fayette, Grant and Iowa counties, and a part of Green, Dane, Columbia, Marquette, Adams, Sauk, Richlandand Crawford counties, being 162 townships.

EARLY JOY.—We are informed that a youth of sixteen summers recently led to the altar a blushing bride on whose radiant brow life's fifteenth spring had not yet beamed. The young couple are worthy residents of our city, and we are assured they wear the hymenial yoke with becoming dignity.—*Peoria News.*

WEATHER.—A heavy shower passed over this city last night, but it did not seem to, at all, cool the temperature of the atmosphere, which was almost intolerably hot. At present writing (one o'clock P. M.,) another thunder shower is in progress, which, from present appearances, will moderate the atmosphere to a comfortable pitch.—*Free Dem., Wednesday.*

EXTRAORDINARY CAPTURE.—On Friday morning about one o'clock, a city watchman discovered an alligator, between three and four feet in length, near South Broad street, passing toward the South Common. With the aid of one of the mounted police, he was captured and taken to the guard house.—*Savannah Herald.*

Judge Bronson, the "hard" candidate for governor of New York, announces himself in favor of the Maine law.

EXPANSION FROM HEAT.—We noticed on Thursday, says the Newberry (S. C.) Sentinel, that the rails on the Greenville and Columbia railroad had expanded very much from the excessive heat. The vacant spaces between them were closed up and the rail drawn up in the form of an arch, five inches at the highest point from the stringer, at the same time drawing out two spikes. The rails were so hot that it was like handling hot coals to touch them. We noticed two other rails slightly arched.

The total valuation of Cincinnati is about $81,000,000—of which $21,000,000 is personal property.

The Kansas Free Democrat is the title of a new paper to be started at Fort Leavenworth, near the border of Kansas, next September, by George Brewster of the Loraine (Ohio) Journal. It will labor to keep Kansas free from the curse of slavery.

A case of true grit is that of Miss Culmina Spinks, who will marry her ugly but rich old lover, just to keep other young and innocent girls from being duped by his protestations.

STRUCK BY LIGHTNING.—During the shower this afternoon, the flag-staff on the cupola of the United States hotel, was struck by lightning, shivering it to atoms. It made a report as loud as a cannon.—*Wisconsin.*

The other was a heavy white horse, high-hipped, oldish looking, stiff in the forward parts, and marked with the collar on the top of the neck. New England Mutual Life Ins.,

Of Boston, Mass., Chartered in 1843,

Capital and accumulation, $650,000.

THIS Company is one of the oldest, and among the most prudently and successfully conducted in the country. The primary object in conducting its business has been to provide perfect security under all conceivable circumstances, for the payment of its losses under its policies, and to return to the insured the surplus at stated periods, and strict economy is observed.

Every insured person is a member of the company and shares in the profits of the business, and is subject to no liability or assessments beyond his premium.

The directors are required to be pecuniarily interested in the company, and they give it their personal attention; and bonds of sufficient security are given by its officers for the faithful performance of their duties.

Insurance may be effected for the benefit of the wife, which is secured to her by law beyond the reach of a husband's creditors; and creditors may insure the lives of debtors.

Highly Important to Farmers.

THE ONLY EXCLUSIVE FARMERS' INSURANCE COMPANY IN THE WEST,

THE MADISON MUTUAL,

LOCATED AT MADISON, WISCONSIN.

THIS Company continues to take risks upon Farm Property only, consisting of buildings of all kinds, (belonging to farmers,) household furniture, grain in barns, live stock, &c., from one to five years, at lower rates than most other responsible companies.

All losses promptly paid at the office as soon as proof is made thereon.

We believe it to be for the interest of the farmers to insure by themselves, their property being less hazardous than any other, consequently you will have no losses only your own of the same class, and all will be on an equal footing.

Experience has shown that two-thirds, if not three-fourths of all the fires that occur are upon stores, taverns, mills, shops and such like property. In this company all such property is rejected positively, by letting them alone.

Farmers, look to your own interest, and insure in a Farmers' Company.

We have been doing business a little over three years, and we have not been obliged to assess our premium notes, and for the last *fourteen months we have not had a single dollar loss,* though doing a large and prosperous business, which we believe to be without a parallel in the history of insurance.

The best of references given as to the responsibility of the company.

THE DAILY GAZETTE.

New York, July 19th.

Additional News by the Franklin.—The Czar has consented to resign the exclusive protectorate to the Greek christians, if the Turks will accede to a joint protectorate of the five powers. He will evacuate the principalities when the western powers evacuate Turkey; but still maintain a strong military position in Moldavia, as provisional security. The Czar has sent friendly autograph letters to several German powers.

Hostilities Continue.—Fighting reported on the Black Sea and the Danube, and in Asia. French army has embarked for Finland. No decisive naval engagement. The Turks had a battle with the Russian rear guard, in which the latter lost 25,000 men.

Breadstuffs.—Richardson quotes western canal flour 36s 3d; good Ohio 39s. Corn—western, white and yellow—transactions large, at lower prices—35s. An average crop is reported.

New York, July 19th.

Steamer Niagara arrived at Halifax. Flour declined 11c; wheat 4c; corn 22c.

Great baitie near Silistria—Russians retreated with a loss of twenty-five thousand men.

The Turks have suffered a disastrous defeat in Asia.

The insurgents in Spain have been again defeated.—*Sentinel's despatch.*

Japan.—The long desired treaty of friendship between the U. S. and Japan, was concluded on the 28th of March, and is styled the treaty of Kanaguna. Five ports on the island of Niphon to be the main trading points—Chickadada, on the north of the island of Yasso for whalers; Napa Kiang on the Loo-Choo islands, and two other ports yet to be named. These ports, except Simoda, are not to be open until the 28th of March, 1855, but vessels putting in in distress before that time will be furnished with necessaries. The Japanese commissioners wished to stipulate that the Americans should enjoy only the same privileges as the Dutch—that the ports should be opened after five, four, three, and two years—that no white woman should be permitted to land—that Nangasaki should be the only port, etc. But Com. Perry insisted upon more liberal terms and succeeded.

A Slavery Restriction not Repealed.—In the joint resolution for annexing Texas to the United States, passed by congress and approved by John Tyler, May 2, 1845, (see *Whig Almanac*, 1846, p. 55-6,) we read as follows:

"Third: New states, of convenient size not exceeding four in number, in addition to the said state of Texas, and having sufficient population, may hereafter, by the consent of said state, be formed out of the territory thereof, which shall be entitled to admission under the provisions of the federal constitution, and such states as may be formed out of that portion of said territory lying south of thirty-six degrees thirty minutes north latitude, commonly known as the Missouri compromise line, shall be admitted into the union with or without slavery, as the people of each state asking admission may desire. And in such state or states as shall be formed out of said territory north of said compromise line, slavery or involuntary servitude (except for crime) *shall be prohibited.*"

As this arrangement has never, to our knowledge, been repealed, we do not see how slavery is to be got into New-Mexico this side of the Rio Grande, even if the people should ever desire it.—*N. Y. Tribune.*

A municipal election in the borough of Chambersburg, Pa., for a member of the local council in place of one who had resigned, has resulted thus: William Heyser, regular democratic candidate 25, Adam Vanderaw, regular whig candidate, 22; Jacob N. Snider, a democrat, but not known as a candidate, 174! The Chambersburg Whig says that not a man could be found to acknowledge that he had voted for him, or who knew that he was running. The secret of the result was that Mr. Snider was elected by the new organization called "Know Nothing."—Chambersburg, it must be understood, was previously a whig town.—*Philadelphia Amer.*

The New York papers announce that the Erricson has been fully repaired since her accident, and will soon go to sea. Public curiosity will be much gratified, for although the high expectations concerning her have greatly subsided since her first experiment, still there is good reason to hope that the invention will ultimately prove of great value.

New York July 15.

The board of health of this city report the total number of deaths for the week ending today, to be 817, being the largest mortality of any week this season, of which there were 147 of cholera, being an increase of 45 over the preceding week.

The U. S. mail steamer Catawba with three days later news from Havanna, is coming up the bay.

The Great Republic.—The ship Great Republic, originally of 4,552 tons register built by Donald Mc Kay of Boston, launched 1853, and partially destroyed by fire at Boston port in December last, was sold at auction on Wednesday, as she now lays at Green Point, L. I., by L. M. Hoffman & Co., who after an animated contest knocked her down to N. B. Palmer, Esq. for $28,250. Terms, one third cash, third 30, and the balance 60 days. The Great Republic was constructed at cost of $300,000, on which there was insured in New-York $255,000 and $20,000 in Boston.

It is quite possible there may have been at some previous period of the world's history, as hot a day as was yesterday, but we think it has not occurred in our time. There is a theory extant that the world was once a molten liquid mass. We are afraid it is returning to "first principles."—*Kenosha Tel., Wednesday.*

Finishing Up!"—Such is the cheering word from the river improvement below us. The water has been let out of the Rapide de Croche lock—steamboat navigation is suspended, and stages run through to green Green Bay—and the workmen are finishing up the work at Kaukauna, Little Chute and Ceder Rapids, with all possible dispatch.

'Now by St. Paul, the work goes bravely on.'—*Appleton Crescent.*

An old soldier whose nose had been lopped off by a sabre cut happened to give a few pence to a beggar who exclaimed in return:

"God preserve your eye-sight!"

"Why so?" inquired the veteran.

"Because, sir," was the reply, "if your sight should grow weak, you couldn't keep spectacles before them."

LET THEM THAT THIRSTETH COME.

AGAIN & AGAIN
THE BOSTON STORE.

Let the Horn be Blown!!

"Sound the loud timbrel o'er land and o'er sea," WHEELOCK'S triumphant, and ever shall be.

THIS is the middle of the nineteenth century, the first half of which has produced more change and onward movement than any fifty years of our Christian Era.

The great controlling power of this age is its commerce—indeed, this may be truly called the commercial age.

It has been well said by an ancient writer that

"Man wants but little here below,"

and to supply those wants

WHEELOCK

Annnounces to every people and every tongue, to both sexes and all parties, to all factions of all gauges, that finding his old store entirely

TOO SMALL!

He has been compelled, in order to be able to supply the immense call for goods at his establishment, to

Double the capacity of his Store Rooms!

Having purchased this spring, for this market, to be sold this season,

$39,007 00 Worth of Goods!

But who can expect to read in the brief space of one life all the articles that the

BOSTON STORE CONTAINS.

Indeed, history must fail to give the searcher of knowledge any accurate idea of his immense

STOCK OF SUMMER GOODS,

His inimitable selection of

Fancy Dress Goods!

He has over

10,000 Yards of Silk Bareges,

of every style and price, and it is with no great difficulty that the fair damsels of this fair valley can select,

FROM THE ONE THOUSAND PIECES,

Of all patterns and ranging in price from *SIX CENTS Per Yard to Twenty-Eight Cents,* such dresses as will add to their exquisite beauty, though it may as a general thing, be as difficult to add to that beauty as it is "to gild refined gold, paint the lily, or add perfume to the violet."

It must not be inferred that we offer only these and the many other articles for outer apparel, such as Chamelion and Foulard Silks, but all manner of

Cotton, Grass & Linen Goods

are on change, so that every one may be entirely accommodated with every article of female apparel.—

Eved French red foxed Gaiters,
do do wolfed do

Ladies' Enameled Boots, Enameled sewed Congress Boots,

LADIES MOROCCO POLKAS,

And all the articles manufacutred of the best styles.—So that of this store, so far as articles which adorn La Belle sex are concerned, it may be truly said

"*CUSTOM cannot stale the infinite variety.*"

While the Boston Store has made provision to protect the feet, it can also boast that it has all sorts of

GLOVES,

by which hands can be protected and retain

"*The white wonder of fair Juliet's hand.*"

And in taking leave of those of whom it is no exaggeration to say they are

"*Heaven's last, best gift to man,*"

the Nonpareils of beauty, the Paragons of perfection, Mr. Wheelock assures his fair customers that his assistants and auxiliaries are those who unite great knowledge of the business, fine personal presence and affability of manner to a determination to discharge conscientiously their several and respective duties—that while they may have the proper desire to effect sales, they will never in imitation of many of our contemporaries attempt to accomplish that object by equivocation, misrepresentation, exaggeration, tergiversation, fabrication, or by direct lying.

And now to the wants of the

COARSE-HAND SEX.

Mr. Wheelock has every kind of material to make those articles of dress that give to man his individuality—

PANTALOONS,

CALF "BEWTS,"COW HIDE do., GAZELLE, do., PATENT LEATHER do., GIRAFFE do.,

HATS

That fit every head from the Websterian brow to the country politician's sconce, from the size of caput of him who is closely shorn after the Hibernian fashion to that of him who wears the well-pomatumed, ambrosialized, elongated Hyperion curls.

And to the speculator who buys to sell again,

The Boston Store

Can, at lower rates of usance than any other establishment west of the Alleghany mountains, furnish that class of exchanges so that riches will fill their pockets as water fills the sea. And to them we offer

DOMESTIC GLASSWARE. WORSTED,
Pocket Handkerchiefs, Inkstands, Cotton Yarn,
Ready-made Vests, Ground Pepper, Flannels,
Looking Glasses, Ready-Made Over Coats, Pants,
Raisins, Flat Irons and Cotton Batting, Lanterns,
Satchels, which the whining school-boy with shining morning face bears on his arm,
Chests, Norwegian Bandboxes and Hair Trunks,
Tea, Tobacco and Wicking.

In the

CROCKERY

Line may be found the BENNINGTON, the PARIAN and the LAVA Manufacture, Pitchers for milk or water, Tea Pots, Spittoons, Bowls for washing, for bread and milk, or sugar, Candlesticks, children's Toys and Flower Pots, MAINE LIQUOR LAW VOLUMES and Lager Beer Mugs.

And in fine, the proprietor of this establishment can with all confidence assure those who have been in the habit of trading at Janesville that, although they have

"*Often seen corruption boil and bubble till It o'errun the stew,*"

they will find that the representations which shall be made to them by that proprietor or his clerks will not

"*Stand like forfeits in a Barber shop, More in mock than mark.*"

HOLDEN, KEMP & Co.
The Empire Drug Warehouse.

WHOLESALE AND RETAIL,

ESTABLISHED 1845!

THE OLDEST DRUG HOUSE IN WISCONSIN!

THE UNDERSIGNNED have the pleasure of again greeting their old friends and patrons with the fact that they are as usual to be found at the

OLD HEAD QUARTERS,

The Great Regulator of the Drug Trade for the interior of the State,

THE EMPIRE DRUG STORE.

Having been engaged in the *WHOLESALE AND RETAIL DRUG BUSINESS* here for years, we are supposed to be posted on all matters pertaining to the interests of the trade and our customers.

Our aim in the beginning was to sell

Pure Goods at Fair Prices,

And having during a series of years witnessed the "*Rise and Fall*" of men who endeavored to compete with this system, whose desire to delude the public with a bombastic advertisement was apparently their highest ambition, has more than ever convinced us that *OUR* system is the only one that can win.

In view of these facts,

Our Spring Purchase

has been unusually heavy, in which nothing that enters in the most remote degree into our business has been omitted.

DRUGS, FOREIGN & DOMESTIC,

GUMS, POWDERED ARTICLES, HERBS & EXTRCTS, including every article of the most pure and choice kind.

☞If Physicians will take the time to look through our Stock and examine minutely the quality of our Medicines and Preparations, they will not only find articles that will suit them, but goods that can at all times be relied upon.

Family Preparations and Genuine Patent Medicines.

In this department our stock and assortment is unsurpassed. We have the *Sole Agency for all Patent Medicines of any value,* and any article sold in the West can be found at our Store.

FAMILY MEDICINES AND PRESCRIPTIONS compounded with great care, and put up at all hours of the day and night.

Paints Oils, Glass, Varnishes, &c.

Of these leading articles we have an almost unlimited supply. Buying of first hands, for *Net Cash,* enables us to offer great inducements to Merchants and others to buy directly of us; and having worked into a

Heavy Wholesale Trade,

in this class of goods, our stock will always be found the largest in the interior, and our prices by far the most desirable.

FANCY ARTICLES & PEDLER'S GOODS.

To this part of our trade, which has involuntarily grown upon us, we have this spring given more than usual attention. Our assortment will be found desirable and prices satisfactory.

DAGUERREAN GOODS.

A very large Stock Cases and Lockets, of our *own style and design,* manufactured to order for our trade. Artists supplied with Chemicals and every thing pertaining to the business, at the lowest possible rates.

PERFUMERY,

FRENCH, ENGLISH, AMERICAN & GERMAN, Including a large and most desirable Stock. Ladies and Gentlemen are requested to look at our Assortment, it is not surpassed by any House in the West.

Our time being of more value to our customers than in writing advertisements, we will only say in conclusion, that

Every Article Pertaining to the Trade

can be found at our Establishment. In regard to prices, all who know with what superior facilities we enter the market, connected as we are with an extensive WHOLESALE HOUSE IN NEW YORK CITY, must see at once that no establishment *here* can hope to compete with us, without either imposing upon their customers or sharing the fate of their predecessors.

Orders solicited, and Goods packed with the greatest care.

The system will of course be continued—admitting no variation or improvement—to the satisfaction undoubtedly of a large and most desirable class of customers, although at the sacrifice probably of the steady patronage of inveterate higglers and those who inherit the belief that *all* Salesmen will cheat them if possible.

Respectfully,

NEW GOODS!

$15,000 Worth of

BOOTS AND SHOES

JUST RECEIVED AT THE

Wisconsin Boot & Shoe Store.

I AM now receiving one of the largest and finest stocks of Boots and Shoes that I have ever before brought to Janesville, and what is finer than all the rest, I can sell them at lower prices than I have ever sold before, notwithstanding the great advance in the Eastern Market. My assortment of

Ladies Fine Shoes,

in particular, I have no hesitation in saying cannot be equaled in the State, both for style and durability, being all made to order, and in such a manner that I can warrant every article I sell, with the understanding at all times, that if they do not come up to the warrant, they shall be mended free of charge.

GENTLEMEN'S WEAR.

In this line I know beyond a doubt that I can show you a finer assortment and at better prices by twenty-five per cent. than can be found at any of the side shops or Dry Goods stores about town. I want it distinctly understood that I make the BOOT AND SHOE TRADE my WHOLE STUDY, and that I *Buy More, Sell More and know-more about the trade,* than the whole pile of petty dealers put together. And I know also that I can make it an object for **Every Farmer in Rock County,** as well as every one that trades in Janesville to buy their Boots and Shoes of me for the more I sell the smaller profits I can sell at.

Manufacturing.

I want to say a few words to you in regard to my Manufacturing Department, to wit: That I am now engaged more extensively in the manufacturing business, and probably am selling more custom work than all the shops about town put together, simply for these reasons—that I use better Stock, being entirely of Eastern tannage, which every one knows is worth twenty-five per cent more than the common western tanned leather; and what is a better reason and of greater importance, I can

Sell my Custom Work at Much Lower Prices,

and at the same time sell you a better article than you can get at the shops, for this reason, which you must all see is a very palpable one, that in buying my stock east and in such large quantities, I of course save a very large per cent, and thereby can sell at lower prices and at the same time make my profits.

I want to state further that I have secured the services of Mr. Buckingham, who has formerly been engaged in the manufacturing business on the west side of the River, and who is known by every one to be the best manufacturer in the city; and if we don't get you up a better article, both in regard to style and durability, we will forfeit our money and our reputation, and I pledge you my word that this is *no small forfeit.*

Leather and Findings.

I have just received over $3,000 worth of the very best brands of **Eastern Sole & Upper Leather;** also, a very large assortment of FRENCH and PHILADELPHIA KIP and FRENCH CALF SKINS, together with a full assortment of MOROCCOS of every kind, which I will sell at

Precisely Milwaukee and Chicago Prices.

I have constantly on hand, also, a large assortment of all kings of FINDINGS, LASTS, BOOT TREES, CRIMPS, etc., etc., all of which will be sold at the same rates.

I request the attention of manufacturers in town as well as in the country to my stock, as I think I can make it an object for you to buy of me. At least, I can sell you a much superior article to that which you get of the pedlers.

TO THE LADIES,

I would say that I am under very great obligation for the partiality you have shown me, in always procuring your understandings from me, and I now publicly promise and swear that I will make every one of you who may be entitled to the same a present of a handsome pair of CACKS, when I shall have closed up my shoe-selling career. I would say further, that I am prepared to get up to order any style of work you wish, at low rates. Yours respectfully,

J. B. DIMOCK, Proprietor,
T. H. Buckingham, Foreman.

By the way, don't forget the location of the Institution, three doors above the Post Office, Janesville, Wisconsin.

STONE WARE.—A general assortment for sale cheap. [40] I. M. SMITH.

The Daily Gazette.

FRIDAY MORNING, JULY 21, 1854.

LINE DOWN.—The telegraph is down between Whitewater and Milwaukee we are consequently again without a report.

THE MAILS.—We have but little patience left to mention the subject of mail arrangements or rather disarrangements, throughout the west; and we only do so in the hope that our people will eventually make their voices heard to some effect in Washington. While at Janesville last week, we were informed by a contractor that there is not a railroad contract to carry the mail in the state, and that the great mails now passing over the routes from Milwaukee and Janesville to Madison, are carried without any care or responsibility on the part of the company.—There is no connected mail route between Janesville and Madison, the route by which the mail matter for all this region is brought in the winter. The daily route between Fond du Lac and Milwaukee has been reduced to tri-weekly; contracts have been advertised and let on routes in the state that are not traveled, and great thoroughfares neglected. The contracts and bonds under the May lettings have not been executed by the department and consequently the sureties on bids are no longer holden. Under such administration of a department of government more vitally affecting the people than any other, have we not reason to exclaim in the classic language of "little Van," "our sufferings *is* intolerable!"—*Bager State* (*dem.*)

We were previously aware of the facts connected with the mail service in this section of the state as mentioned by the Badger State, and were inclined to comment upon them, but were deterred from so doing by the request of the post master in this city, who informed us that the reason why no contract had been concluded with the railroad companies was a disagreement with the department as to the cost of transportation, and who expected a special agent along soon to look after and arrange matters. As, however, others have told, there is no longer a motive for our keeping still, and we desire to add our voice to the general complaint, in the hope that some attention will be paid to our wants. We presume the postmasters throughout the state do about as well as other government officials, and that the present administration has not generally been *peculiarly* unfortunate in the selection of its agents; yet for some reason or other there is "awful work" some where. The management of the department for the west is bad on general principles. Instead of diminishing any service, it ought, merely as a matter of pay and equivalent, to be increased, and every reasonable facility for regular and speedy transmission of the bags ought to be afforded. The selection of an intelligent, energetic western man as postmaster general, who has some idea of the country and its wants, and is not too much engaged in the politicol to overlook the business management of his department, is a boon we ardently desire though there seems little prospects of soon receiving it.

As a specimen of the management at present, we annex an extract from a letter written from Chicago a few days ago by the editor of the Galena Jeffersonian:

There are now in the Chicago Post Office, more than *two hundred bags of mail matter undistributed and they are daily accumulating!*—In a conversation with W. J. Brown, Agent of the department, I called his attention to the failure of the St. Louis mails, and he doubtingly went to work to convince himself of the truth of what I told him, and if possible, to correct the outrageous neglect of duty that had caused such a result. His visit to the office corroborated my words, and he found, as I have stated above, the piles, nay mountains of papers that have been so long missing.

WORK COMMENCED.—Mr. O'Gara commenced work on Main street yesterday. He had been for some days previously getting ready the stone for the drains, and we now have a fair prospect of seeing the completion of a job that ought to have been undertaken long ago. Next to the passage of the land grant, we know of nothing that could put our citizens in a better humour than the abatement of the nuisance that has so long disgraced the town.

There is not a more corrupt organization in the world, than the "Jenny Lind Club." The leading spirits of this clique are among the prominent managers and directors of the Milwaukee and Mississippi railroad.—*Janesville Gazette.*

Ghost-stories to frighten children. The "Jenny Lind Club" died a natural death more than two years ago; and the M. & M. railroad is as innocent of all connection with it, as the Rock River Valley road. The Gazette, we suppose, thinks it necessary to persist in this fiction as an offset to "Monk's Hall."—*Mil. Sent.*

The vision which sees the burial of the "Jenny Lind Club," and the living, breathing existence of "Monk's Hall", is ready to receive any "ghost-story" extant, and we wonder that our friend of the Sentinel, gifted with such rare discernment, should discredit our "fiction." Jenny is just as much of a present reality as her old adversary of the "Hall." Both flourished at the same time, each had its good fellowship, wine and dinners, and if the amiable sister "died a natural death more than two years ago," having accomplished her social mission, the same ceremonies of dissolution were performed over her rival brother. As political associations, neither were troubled with an excess of honesty, but of the two the "Hall" was the most respectable and its inmates the better men. We don't believe the influence of either is yet extinct, though a *republicanising* process is apparent in both.

ENTERTAINMENT.—Prof. Sand, the magician, gives a second entertainment at Apollo Hall this evening. We go to press without seeing his first, and can say nothing of it, but some outside experiments have established his reputation among "the boys" on the street. He has "taken down the crowd" very handsomely.

If woman has not received proper mental culture in early life, she seldom attains it afterwards, and usually becomes either a mere household drudge or a worthless toy, whose eager chase after the last new fashion is only to be diverted by the last new scandal.

☞ The following communication from one of the most conservative whigs in the state, and one from whom we expected a determined opposition to the movement at the Madison convention. It is absurd to charge upon such men a coalition for the spoils of office, or a willingness to abandon upon slight provocation an old, cherished party organization, to which long associations and disinterested labors had attached them. Nothing less than a thorough conviction that their rights have been invaded and their known sentiments wantonly disregarded, could have impelled them to the position they now assume. It would have been far easier to have avoided the necessity which has driven them into a union with a party with which, as a party, they have heretofore had no sympathy, and in many of whose members they now have little or no confidence, than to overcome their determination to give an effective expression to their disapprobation of the measures which has driven them into their present political oganization.

THE REPUBLICAN PARTY.

Whether the party in our state, which on the sixty-seventh anniversary of the enactment of the ordinance of '87, assumed a name suggestive of many of the proudest passages in our national annals, came dishonorably into being, infected with hereditary taint;—or whether full-armed to fight for the right, and endowed with all the pre-requisites for vigorous existence, it sprang to life from the sober thought, and sovereign will of the people—shall in this communication be the subject of a few speculations, at least free from partisan predilections.

It is conceded that a party, to deserve the name, and ensure perpetuity, must rally upon some central, vivifying and controlling principles of sufficient present interest to organize, prompt and direct action. But when men unite for concerted political action, upon a controverted question of right and wrong, they constitute a party uncompromising and indissoluble until that question is settled in accordance with their convictions. The simple fact that no one of the great truths and fundamental axioms which define the relations and duties of men and nations, can, when clearly apprehended, possibly ever be lost sight of, is the chief guaranty of the advancement of the race. Questions of expediency, after calling out heated controversies, and innumerable inconsistencies, are forgotten; but when a question of right is anchored in the mind, opposition but renders its hold the stronger.

The creed of the party now organized for certain specific purposes, is embraced in a line or two of the self-evident propositions which underlie our liberties; and how have these precious maxims been attacked during the past few months?

By the party in power we have seen compromises the most sacred, abolished; the intention to perpetuate and extend indefinitely the system of human slavery, declared; and the institution itself, with a hardihood almost inconceivable in this age, justified. It was reserved for the administration of a son of New Hampshire to shadow forth a grand movement for the spread of slavery at home and abroad, at the expense of many millions of the common treasure beyond the amount to be paid by the stipulations of the Gadsden treaty. Cuba must be acquired by money or by a war with Spain, and incidentally with England and France, and a Russian alliance must be sought. Efforts are being made by treaty overtures on the part of our government to establish slavery on solid foundations in St. Domingo and Brazil. Federal officers for the territories are appointed with a view to their qualifications for securing the interests of slavery. The treaty with England touching the suppression of the slave trade on the African coast is sought to be abolished, and in many of the southern states prominent men are even advocating the importation of slaves into our country from Africa.

In this posture of affairs the slavery question is removed from the field of speculation to that of action. We cannot, if we would, avoid passing judgment upon the policy of the present administration touching this question.

But in this struggle for the re-establishment of the principles of the fathers of the republic our early and complete success is dependent upon a hearty union of all men who are governed in their political conduct by their convictions of right, for in our very midst are traitors to the cause of humanity, as witness the fourteen senators and forty-four representatives from the free states who voted for the Nebraska bill. Men will be found unable to appreciate motives holier than those which actuate themselves, who will say that the anti-slavery sentiment of the north is banding together men of all shades of politics, to secure the spoils. Such men could not be convinced of their error, tho' one rose from the dead.

In the present exigency, the whig party of Wisconsin is justified in taking its present position. Are we accused of forgetting the warnings of Washington, and building up a sectional organization? We but follow the example of those who denounce us. Is it true that if an unbroken phalanx of anti-Nebraska men were sent to congress, the consequences of the legislation of the present session could not be averted? Grant it; but shall crime be unrebuked, because consummated, and is that the way to warn rulers of justice and a judgment to come?

It is said that the whig party, lashed by abolition excitement, is abandoning old issues to plant itself on anti-slavery sentiments? The whig party has not abandoned old issues which still posses vitality, and when the republican party shall have secured the country against the inundation which threatens to engulph our very liberties, doubtless its members will then fight with each other as heretofore, over minor issues, with whatever ability god may have given them.

The good old whig party, because always reliable on questions of freedom, now stands by her own colors, in the republican army—no one of her cherished principles deserted, or obridges memories forgotten, and now contemplates a gathering of freemen, irrespective of former party ties, to give embodiment to the dissent of the honest hearts of the country to the violation of compacts, and pledged to elect no man to any office who will not zealously and fearlessly aid in planting those bulwarks of freedom, the doctrines of constitutional liberty, every where within the exclusive jurisdiction of the United States, and no extension of slavery beyond its present limits, till they stand solid and prominent as the cliffs which spurn the ocean's roaring tides. Come then ye men, by whatever political name known, who will act for the right, and like the iron man with his flail, let us go through this land crushing and trampling down all opposition to principles we hold most sacred. Let us enlist for the war, and while striving to re-establish the pure worship of freedom in the temples of the nation, we may be assured of the approbation of heaven. W.

☞ The last Elkhorn Reporter, the democratic organ in Walworth county, in an article upon the Nebraska business, uses the following language:

There is no use in talking that the question shall not be a test. No power on earth, with the feeling that exists, can help it. There are six out of every seven, even among democrats, who will not under any circumstances, vote for a Nebraskaite for office. And it need not be told that the party have not much to lose, and still retain power. The party in Wisconsin, in particular, cannot live with this load upon them and we should not be out of the way if we should say, they ought not to live if they take the load. Let it sink its bearer, and let obscurity cover the names of those who give their votes to aid the cause of iniquity. While the whole world is advancing it is grievous to see the American congress quickening speed in a retrograde direction—going back and bringing darkness upon the country, exposing it to shame and contempt among the nations of the earth. For very shame they should not have done this thing.

RECEPTION OF A DOUGH FACE.—One of the doughfaces has already had a foretaste of public sentiment. Moses McDonald, a member from one of the Maine districts, recently visited home. The following from the Saco Union, gives an idea of his reception:

"Our unfortunate representative in congress Mr. McDonald we are told met with some annoyance at the Brideford depot, one of the first days of this week. There was quite a crowd of persons, who were going into Portland in an excursion train, and it being noised around that Mr. McDonald was in the crowd, a cry was raised by the boys, that "a northern doughface could be seen on the platform," and a rush was made to see our representative. We understand there was considerable hustling, and that a friend of Mr. McDonald, to avoid anything more unpleasant, prevailed on him to take a seat in the cars, with as little loss of time as he could. After he had found a seat an excited democrat went through the cars shouting "whoever wants to see a dorthern doughface can be accommodated," and directed attention to the car in which Mr. McDonald had seated himself."

THE INCENDIARY MERCHANT.—The N. Y. Eve. Post, in speaking of J. F. Peverelly, who is under arrest for attempting to fire his store on Front street, N. Y. says:

Eight or nine years ago, J. F. Peverelly kept a small confectionary store on Canal street.—From that place he removed to Bleecker street. He was next heard of as landlord of the Fort Lees pavillion, in which he made money. Afterwards he kept store-houses in different parts of the city. He bought a splendid house in Astoria, Long Island, and lived most extravagantly, surrounded by all the appurtenances and comforts which great wealth only can give. Beverelly was a member of the N. Y. light guard, and was by them much esteemed. About a year ago, he invited them to visit his residence in Astoria. On the occasion of their visit he chartered a steamboat to convey them to his house; and when they arrived there, he entertained them sumptuously. Before leaving, the light guard presented him with a gold watch and chain, as a mark of their esteem.

Henry Ward Beecher thus refers in the Independent to the N. Y. Tribune's suggestion that he be sent to congress:

"EQUIVOCAL HONOR DECLINED.—The Tribune last Saturday in reply to a private letter asking its advice on the matter, recommends that we be nominated for congress, elected and sent; and when that shall be done, that we *go*.

"It may not be modest for us to decline before we are really asked. But such efforts will certainly be love's labor lost. If the people wish us to be the president of the United States, we should be disposed to accept that. And we fancy that there will be new times in Washington city after our inaugural shall have been pronounced.

"Had the proposal to go to congress proceeded from the American board of missions, there would have been grave reasons for considering it. We doubt whether they have a harder field in all heathendom; nor yet a field where the gospel is more needed.

"But, for mere political reasons, to backslide from the pulpit into congress, is a little too long a slide for the first venture. We beg to decline in advance."

The wheat harvest commenced in this county last week. From what we have seen and heard, we judge the crop to be heavy and of superior quality. All other crops are very promising, and the weather as fine as farmers could wish—dry and cool, with an occasional night shower. Should this continue for a few weeks, the people of Wisconsin will be the richest agricultural community in the world. Almost entirely free from debt, the avails of their crops may be computed by millions of dollars, while the increased value of their real estate is at the rate of 50 to 100 per cent. per annum.—*Portage City Badger State.*

THE CHOLERA IN TOWN.—There seems to be but little doubt but that a few cases of cholera made their appearance last week in town. Some physicians deny that there have been any genuine cases, but others assert that there have been among those residing here, four deaths, from a disease very much resembling cholera, if it was not it. The names of the victims are as follows:

Miss SARAH, daughter of Hiram Bodwell, aged 18 years. Mr. JOHN GAY, aged about 24 years. Mrs. GAY, mother of the preceding. Mr ALFRED CARTWRIGHT, aged about 25 years.

These are all the cases that have come to our knowledge. A few newly arrived Norwegians have died from a combination of heat, filth, ship fever and other diseases, but the contagion has not extended to residents.—*Madison Argus,*

TELEGRAPHIC.—The N. Y. Commercial has a letter dated "U. S. ship Macedonian, Anear Seddo, March 12, 1854." We clip from it:

"On our passage down from Lou Choo the Macedonian went on a rock, and had there been much sea at the time, we should have lost the ship. We were going at the rate of about six knots an hour, in a cold rain storm, and struck on a coral reef. We remained there 26 hours, and only got off after throwing overboard much shot and coal.

We find the Japanese to be great farmers and good mechanics. I have examined some of their work. It is very good, and they learn anything quickly. But they are far behind the times with respect to their boats, both in rig and hull.

Our new friends need no lessons in the art of trading. They charge us 75 cents for a chicken. Some of our men paid them in gold coin, and received their change in copper washed with gold. They are a shrewd, cunning people, and they will show it before long. They are very active, as you would have said had you seen them leap and run when the young locomotive uttered its first scream.

"Some of the presents they have sent to the United States are very beautiful."

THE HARVEST.—Our state exchanges bring us cheering accounts of the progress of the harvest. The winter wheat is ripe and ready for cutting, the straw bright, the heads full, and no rust or blight apparent.

The crop this year will be the largest ever harvested in this state. The recent rains have wet the standing shocks a little, where grain had been already cut, but did no material injury. The crop of winter wheat will be harvested and gathered in the course of a week or ten days, by which time the spring wheat will be ready for the cradle or reaper. With clear weather, the yield will be magnificent.—*Madison Argus.*

OHIO POLITICS.—The Ohio Anti-Nebraska state convention which met at Columbus, on the 13th inst., made the following nominations for candidates for the approaching election, to be supported by the Anti-Nebraska party:

For judge of the supreme court, Joseph R. Swan, (a dem.) of Franklin.

For member of the board of public works, Jacob Blickendeffer, Jr., (whig) of Tuscarawas.

These gentlemen were nominated by acclamation.

CHICAGO AND AURORA RAILROAD.—The revenues of this road for the last six months have been as follows:

January,	$13,345 42
February,	15,887 29
March,	16,133 95
April,	14,592 96
May,	23,883 34
June, (estimated,)	28,455 70
	$111,587 65

The Janesville Gazette issued the first number of their new daily on the 4th. of which they sent us a copy. We must say for it that it is decidedly the handsomest paper in the state—being printed on new material throughout. We do not doubt the ability of the proprietors to get up an able and useful daily. We hope it will be fully sustained in that thriving young city.—*Potosi Republican.*

Alden & Holt, proprietors of the Janesvill Gazette, have commenced publishing a daily paper; terms $5 a year. The Janesville people exhibit a heavy stock of enterprise in all branches of business and substantial operations, including railroads and newspapers. We are not sure but we will be indebted to them for the first railroad through to the Mississippi in Wisconsin. Who hope the Janesville Daily Gazette will be well sustained, and that western Wisconsin may be well represented on the subscription list.—*Grant Co. Herald.*

MISTAKING THE MAGNOLIA FOR CABBAGES.—Last week a party of German emigrants went ashore from a boat on the Mississippi river, and gathered large quantities of the leaves and flowers from the Magnolia trees, which they took on board, boiled and ate, from the effects of which one man died, and four others came near dying. They had mistaken the leaves of the Magnolia for cabbage, supposing that in this fertile country, cabbages grew wild, and from 60 to 70 feet high, as does the Magnolia on the coast. The leaves of the Magnolia resemble those of the cabbage, but are poisonous.—*Minnesotian.*

LOOK OUT—PASTED BILLS.—The Albany Atlas says: "We have seen a one dollar bill on the Commercial Bank, Glenns Falls, altered to ten, which is the best paster we ever saw. The bill was taken for genuine by one of the best judges in the city, and the fraud is only discovered by comparing it with the tens issued by the bank. The genuine one's have a team of horses with a load of barrels for the vignette."

SALE OF HORSES.—The celebrated trotters, Mac, Tacony and Frank Forester have been sold at auction Mac at $4,100, Tacony at $3,700 and Frank Forester at $2,250.

PLENTY OF LAND.—There are government lands in the Mineral Point district still for sale at $1,25 cents per acre, to the amount of 1,866,000 acres. The Mineral Point Democrat says, "It comprises good timber and prairie land as can be found in the country." The district is composed of all of La Fayette, Grant and Iowa counties, and a part of Green, Dane, Columbia, Marquette, Adams, Sauk, Richlandand Crawford counties, being 162 townships.

EARLY JOY.—We are informed that a youth of sixteen summers recently led to the altar a blushing bride on whose radiant brow life's fifteenth spring had not yet beamed. The young couple are worthy residents of our city, and we are assured they wear the hymenial yoke with becoming dignity.—*Peoria News.*

WEATHER.—A heavy shower passed over this city last night, but it did not seem to, at all, cool the temperature of the atmosphere, which was almost intolerably hot. At present writing (one o'clock P. M.,) another thunder shower is in progress, which, from present appearances, will moderate the atmosphere to a comfortable pitch.—*Free Dem., Wednesday.*

EXTRAORDINARY CAPTURE.—On Friday morning about one o'clock, a city watchman discovered an alligator, between three and four feet in length, near South Broad street, passing toward the South Common. With the aid of one of the mounted police, he was captured and taken to the guard house.—*Savannah Herald.*

Judge Bronson, the "hard" candidate for governor of New York, announces himself in favor of the Maine law.

EXPANSION FROM HEAT.—We noticed on Thursday, says the Newberry (S. C.) Sentinel, that the rails on the Greenville and Columbia railroad had expanded very much from the excessive heat. The vacant spaces between them were closed up and the rail drawn up in the form of an arch, five inches at the highest point from the stringer, at the same time drawing out two spikes. The rails were so hot that it was like handling hot coals to touch them. We noticed two other rails slightly arched.

The total valuation of Cincinnati is about $81,000,000—of which $21,000,000 is personal property.

The Kansas Free Democrat is the title of a new paper to be started at Fort Leavenworth, near the border of Kansas, next September by George Brewster of the Loraine (Ohio) Journal. It will labor to keep Kansas free from the curse of slavery.

A case of true grit is that of Miss Culmina Spinks, who will marry her ugly but rich old lover, just to keep other young and innocent girls from being duped by his protestations.

STRUCK BY LIGHTNING.—During the shower this afternoon, the flag staff on the cupola of the United States hotel, was struck by lightning, shivering it to atoms. It made a report as loud as a cannon.—*Wisconsin.*

$20 REWARD.—A span of horses strayed or was stolen from the premises of the subscriber one and-a-half miles from Beloit, on or about the 7th of June last. One of them was rather light in size, a fine looking brown color, a small white star in his forehead, a grey nose, about ten years old last spring, marked on both shoulders with the collar, and one foot with a small white spot; when in the harness he is high-spirited. The other was a heavy white horse, high-hipped, oldish looking, stiff in the forward parts, and marked with the collar on the top of the neck. Whoever will return these horses to Mr. Colley living within 1½ miles of Beloit, or to David Noggle at Janesville, shall receive a reward of $20; or whoever will give information where they may be found shall be suitably rewarded. RAILROAD STORE!

I WISH to call attention, as I have done before,
To the Goods I am receiving now at the Railroad Store,
Where all the newest Fashions, to suit the young and old,
The richest and the cheapest goods in Janesville, will be sold.

My large and splendid stock of Lawns to show I'm always willing,
The price, as all the Ladies know, is from sixpence to a shilling.
I've Fine Black Silks from Italy, and colored ones that's rare,
Plaid, Grodenaps and Marcellaines, and Florences to spare.

And such a lot of Hosiery, I know cannot be beat,
And Gloves a great variety, they are so very neat:
Just now, when Spring is coming, and every thing looks bright,
For a glove to suit the season, the color should be light.

There are other Goods for Ladies, of which they ought to know,
That I keep in those blue boxes, and am always pleased to show,
Such as Blonde and Linen Edging, Cotton and Cambric, too,
Muslin and Cambric Needlework, and Gimps of every hue.

Those Undersleeves and Chimisettes I almost had forgot,
And Ladies' Needlework Collars, so beautifully wrought,
With Bishop Lawns and Cambrics, and Muslins fine and neat,
And Lace to make old ladies' Caps and trim them off complete.

And to parry Sol's "directer rays," I've Parasols to sell,
Of every price and color—they please the Ladies well—
And Umbrellas cheap for Gents, or so at least they say,
For lots of them get carried off, on every rainy day.

Such lots of Combs for the million, of every sort and kind,
To puff, or curl, or plait the hair, no better can you find;
And every kind of Buttons for dresses, coats and vests,
To sell by the gross or dozen—they are the very best.

And for Gentlemen and little Boys I have Fashionable Hats,
Silk, Beaver, Leghorn, Panama, and cloth and leather Caps;
And for infants, Hats with feathers and ribbons gay and bright,
And little Caps with tassels drab, orange, blue [and white.

I have stacks of Linen, of yellow, brown and white,
And every other kind, of Summer Goods that's right
To make up into coats and pantaloons and vests—
As large a stock as any, that ever was brought West.]

They say long advertisements, are not the oftenest read,
And that most may be meant, as oft, when least is said,
In view of this, I'll close my bill, and here invite you all,
Whenever you come to Janesville, be sure and give me a call.

IRA P. BALLOU.

A GREAT MISTAKE.

J. B. CROSBY & Co.

HAVE just returned from New York and Boston, and purchased so large a stock of Merchandise that they have not room to store them, and to remedy this, they have concluded to mark their goods down at

A TRIFLE ABOVE COST,

which will crowd their store with customers and ensure large and heavy sales, thus making room for goods yet to arrive. Ladies and Gentlemen,

THIS IS NO HUMBUG,

but a REALITY, and to be convinced of this fact personally, look through their immense stock, see the amount of goods they have in store, (and but a portion of their stock has yet arrived,) enquire the price, and you will acknowledge that we will sell you

GOOD GOODS, at nearly half the Price,

that other Merchants charge. We shall not mention a few leading articles and their prices, and sell the balance of stock at *higher rates*, as other Merchants do, but shall mark our whole stock at a small regular profit, and adhere strictly to the

ONE PRICE SYSTEM.

Our stock consists of STAPLE AND FANCY DRY GOODS, GROCERIES, CROCKERY, BOOTS AND SHOES, HATS, CAPS, CARPETS, OIL CLOTHS, READY-MADE CLOTHING, &c. &c., to which we invite especial attention, as to quality and price, as we are determined that

Every Sale shall give Full and Perfect Satisfaction.

Auction or shop worn goods which are not cheap a any price we do not deal in; but buy only the bes grade of goods, and of the latest styles. We are the only House in Janesville that do a strictly cash business, and buying of importers and wholly for cash, we

CAN AND WILL SELL

CHEAPER AND BETTER GOODS,

than those who buy small stocks on time, and sell them the same way.

To Country Merchants,

We would say, that we will sell you goods at New York and Boston prices, adding freight. You will find us at the old stand of J. B. CROSBY, *two doors above the Post Office.*

1000 Dollars Reward,

WILL be given to any person—Physician or otherwise—who will perform a cure as quickly and permanently, by any means whatever, of any of the following diseases, as can be done by the use of

PULVERMACHER'S

Hydro-Electric Voltaic Chains.

Rheumatism, Nervous Headache,
Painful and Swelled Joints, Palpitation of the Heart,
Sciataca, General Debility,
Paralysis, Female Diseases,
Spinal Disease, Neuralgia of the Face,
Deafness, Blindness, Rheumatic Pains of the
Dyspepsia, Indigestion, Chest

ALL NERVOUS DISEASES

Are almost instantly removed by the simple application of the Electric Chains, which are constructed so as to be worn next to the skin, producing a constant current of uninterrupted Electro-Magnetism, which within the last few years has been discovered to possess STRANGE and WONDERFUL POWER, in the INSTANT RELIEF and PERMANENT CURE of nervous diseases.

HISTORY.

Pulvermachers' Chain are presented to the public, as the most scientific and convenient mode of applying this powerful agent. They have been secured by patent in France, (where they were invented) England, Germany, Austria, Belgium, and one year since introduced into the United States, and also secured by patent. They are used in every Hospital in the State of New York, and highly recommended by professors Valentine Mott, Van Buren, Post, Carnochan, of that city, who daily make use of them in their practice.

THE WORLD IS CHALLENGED

to produce so many well authenticated certificates of cure, not only from intelligent patients, but from *scientific Physicians.* The sale now in New York is perfectly ASTONISHING, and thousands who visit the Crystal Palace where they are on exhibition, seldom fail to obtain a chain before they leave the city.

Thanks be to the common sense of the people who are beginning to become disgusted with the practice of making a Drug Shop of their stomach—swallowing bottle after bottle of sickening, disgusting trash, having no more effect in even relieving, much less curing, the disease for which they are recommended, than a Poor Man's Plaster applied to the top of the head would have in curing an infant of worms.

All these great and remarkable discoveries, by which every ill "which flesh is heir to" is eradicated from the earth—strange as it may seem—are made by men who are too *ignorant* to obtain a living by any other mode, and their knowledge of disease, its proper mode of cure, its cause, is just as extensive as an Arab's is of the mechanism of a steam engine. No intelligent person will deny the truth of this, and no Physician dare risk his reputation as an honest man, and declare that *nervous diseases* are not more frequently increased in severity than *relieved*, by the old antiquated way of giving medicine into the stomach. If people will only become sensible and think for themselves, and believe that physicians practice upon their credulity more than they have any idea of, pay strict attention to temperance in all things, (which means very much,) make free use of *pure cold water, internally and externally*, with an occasional dash of soap, sleep in freely ventilated rooms, retire early and rise early, be happy and cheerful, employ their physicians to tell them "they require no physic;"—by so doing health and happiness will increase, bottled molasses and water be at a discount, and its famous discoverers be consigned to their legitimate stations.

The Hydro-Electric chains are now for the first time offered to the people of Nashua, as being a *better, quicker, and safer mode* of curing all nervous diseases, than any other method or means hitherto discovered. They can be used by either a grown person or a child, are always ready for use, and with little care will last for years.

CAUTION.

Ladies who are *enciente*, are requested not to wear them, for by long use, miscarriage is apt to be produced.

Price of Chains, $3 to $5, and can be sent by mail to any part of the country, together with a pamphlet of 36 pages, containing the modes of use, certificates of cure, &c. J. STEINERT, General Agent,
568 Broadway, New York.

SUGAR.—Good quality N. O., twenty pounds for a dollar. [40] I. M. SMITH.

The Daily Gazette.

FRIDAY MORNING, JULY 21, 1854.

LINE DOWN.—The telegraph is down between Whitewater and Milwaukee we are consequently again without a report.

THE MAILS.—We have but little patience left to mention the subject of mail arrangements or rather disarrangements, throughout the west; and we only do so in the hope that our people will eventually make their voices heard to some effect in Washington. While at Janesville last week, we were informed by a contractor that there is not a railroad contract to carry the mail in the state, and that the great mails now passing over the routes from Milwaukee and Janesville to Madison, are carried without any care or responsibility on the part of the company.—There is no connected mail route between Janesville and Madison, the route by which the mail matter for all this region is brought in the winter. The daily route between Fond du Lac and Milwaukee has been reduced to tri-weekly; contracts have been advertised and let on routes in the state that are not traveled, and great thoroughfares neglected. The contracts and bonds under the May lettings have not been executed by the department and consequently the sureties on bids are no longer holden. Under such administration of a department of government more vitally affecting the people than any other, have we not reason to exclaim in the classic language of "little Van," "our sufferings *is* intolerable!"—*Beyer State (dem.)*

We were previously aware of the facts connected with the mail service in this section of the state as mentioned by the Badger State, and were inclined to comment upon them, but were deterred from so doing by the request of the post master in this city, who informed us that the reason why no contract had been concluded with the railroad companies was a disagreement with the department as to the cost of transportation, and who expected a special agent along soon to look after and arrange matters. As, however, others have told, there is no longer a motive for our keeping still, and we desire to add our voice to the general complaint, in the hope that some attention will be paid to our wants. We presume the postmasters throughout the state do about as well as other government officials, and that the present administration has not generally been *peculiarly* unfortunate in the selection of its agents; yet for some reason or other there is "awful work" some where. The management of the department for the west is bad on general principles. Instead of diminishing any service, it ought, merely as a matter of pay and equivalent, to be increased, and every reasonable facility for regular and speedy transmission of the bags ought to be afforded. The selection of an intelligent, energetic western man as postmaster general, who has some idea of the country and its wants, and is not too much engaged in the politicol to overlook the business management of his department, is a boon we ardently desire though there seems little prospects of soon receiving it.

As a specimen of the management at present, we annex an extract from a letter written from Chicago a few days ago by the editor of the Galena Jeffersonian:

There are now in the Chicago Post Office, more than *two hundred bags of mail matter undistributed and they are daily accumulating!*—In a conversation with W. J. Brown, Agent of the department, I called his attention to the failure of the St. Louis mails, and he doubtingly went to work to convince himself of the truth of what I told him, and if possible, to correct the outrageous neglect of duty that had caused such a result. His visit to the office corroborated my words, and he found, as I have stated above, the piles, nay mountains of papers that have been so long missing.

WORK COMMENCED,—Mr. O'Gara commenced work on Main street yesterday. He had been for some days previously getting ready the stone for the drains, and we now have a fair prospect of seeing the completion of a job that ought to have been undertaken long ago. Next to the passage of the land grant, we know of nothing that could put our citizens in a better humour than the abatement of the nuisance that has so long disgraced the town.

There is not a more corrupt organization in the world, than the "Jenny Lind Club." The leading spirits of this clique are among the prominent managers and directors of the Milwaukee and Mississippi railroad.—*Janesville Gazette.*

Ghost-stories to frighten children. The "Jenny Lind Club" died a natural death more than two years ago; and the M. & M. railroad is as innocent of all connection with it, as the Rock River Valley road. The Gazette, we suppose, thinks it necessary to persist in this fiction as an offset to "Monk's Hall."—*Mil. Sent.*

The vision which sees the burial of the "Jenny Lind Club," and the living, breathing existence of "Monk's Hall", is ready to receive any "ghost-story" extant, and we wonder that our friend of the Sentinel, gifted with such rare discernment, should discredit our "fiction." Jenny is just as much of a present reality as her old adversary of the "Hall." Both flourished at the same time, each had its good fellowship, wine and dinners, and if the amiable sister "died a natural death more than two years ago," having accomplished her social mission, the same ceremonies of dissolution were performed over her rival brother. As political associations, neither were troubled with an excess of honesty, but of the two the "Hall" was the most respectable and its inmates the better men. We don't believe the influence of either is yet extinct, though a *republicanising* process is apparent in both.

ENTERTAINMENT.—Prof. Sand, the magician, gives a second entertainment at Apollo Hall this evening. We go to press without seeing his first, and can say nothing of it, but some outside experiments have established his reputation among "the boys" on the street. He has "taken down the crowd" very handsomely.

If woman has not received proper mental culture in early life, she seldom attains it afterwards, and usually becomes either a mere household drudge or a worthless toy, whose eager chase after the last new fashion is only to be diverted by the last new scandal.

☞ The following communication is from one of the most conservative whigs in the state, and one from whom we expected a determined opposition to the movement at the Madison convention. It is absurd to charge upon such men a coalition for the spoils of office, or a willingness to abandon upon slight provocation an old, cherished party organization, to which long associations and disinterested labors had attached them. Nothing less than a thorough conviction that their rights have been invaded and their known sentiments wantonly disregarded, could have impelled them to the position they now assume. It would have been far easier to have avoided the necessity which has driven them into a union with a party with which, as a party, they have heretofore had no sympathy, and in many of whose members they now have little or no confidence, than to overcome their determination to give an effective expression to their disapprobation of the measures which has driven them into their present political oganization.

THE REPUBLICAN PARTY.

Whether the party in our state, which on the sixty-seventh anniversary of the enactment of the ordinance of '87, assumed a name suggestive of many of the proudest passages in our national annals, came dishonorably into being, infected with hereditary taint;—or whether full-armed to fight for the right, and endowed with all the pre-requisites for vigorous existence, it sprang to life from the sober thought, and sovereign will of the people—shall in this communication be the subject of a few speculations, at least free from partisan predilections.

It is conceded that a party, to deserve the name, and ensure perpetuity, must rally upon some central, vivifying and controlling principles of sufficient present interest to organize, prompt and direct action. But when men unite for concerted political action, upon a controverted question of right and wrong, they constitute a party uncompromising and indissoluble until that question is settled in accordance with their convictions. The simple fact that no one of the great truths and fundamental axioms which define the relations and duties of men and nations, can, when clearly apprehended, possibly ever be lost sight of, is the chief guaranty of the advancement of the race. Questions of expediency, after calling out heated controversies, and innumerable inconsistencies, are forgotten; but when a question of right is anchored in the mind, opposition but renders its hold the stronger.

The creed of the party now organized for certain specific purposes, is embraced in a line or two of the self-evident propositions which underlie our liberties; and how have these precious maxims been attacked during the past few months?

By the party in power we have seen compromises the most sacred, abolished; the intention to perpetuate and extend indefinitely the system of human slavery, declared; and the institution itself, with a hardihood almost inconceivable in this age, justified. It was reserved for the administration of a son of New Hampshire to shadow forth a grand movement for the spread of slavery at home and abroad, at the expense of many millions of the common treasure beyond the amount to be paid by the stipulations of the Gadsden treaty. Cuba must be acquired by money or by a war with Spain, and incidentally, with England and France, and a Russian alliance must be sought. Efforts are being made by treaty overtures on the part of our government to establish slavery on solid foundations in St. Domingo and Brazil. Federal officers for the territories are appointed with a view to their qualifications for securing the interests of slavery. The treaty with England touching the suppression of the slave trade on the African coast is sought to be abolished, and in many of the southern states prominent men are even advocating the importation of slaves into our country from Africa.

In this posture of affairs the slavery question is removed from the field of speculation to that of action. We cannot, if we would, avoid passing judgment upon the policy of the present administration touching this question.

But in this struggle for the re-establishment of the principles of the fathers of the republic our early and complete success is dependent upon a hearty union of all men who are governed in their political conduct by their convictions of right, for in our very midst are traitors to the cause of humanity, as witness the fourteen senators and forty-four representatives from the free states who voted for the Nebraska bill. Men will be found unable to appreciate motives holier than those which actuate themselves, who will say that the anti-slavery sentiment of the north is banding together men of all shades of politics, to secure the spoils. Such men could not be convinced of their error, tho' one rose from the dead.

In the present exigency, the whig party of Wisconsin is justified in taking its present position. Are we accused of forgetting the warnings of Washington, and building up a sectional organization? We but follow the example of those who denounce us. Is it true that if an unbroken phalanx of anti-Nebraska men were sent to congress, the consequences of the legislation of the present session could not be averted? Grant it; but shall crime be unrebuked, because consummated, and is that the way to warn rulers of justice and a judgment to come?

It is said that the whig party, lashed by abolition excitement, is abandoning old issues to plant itself on anti-slavery sentiments? The whig party has not abandoned old issues which still posses vitality, and when the republican party shall have secured the country against the inundation which threatens to engulph our very liberties, doubtless its members will then fight with each other as heretofore, over minor issues, with whatever ability god may have given them.

The good old whig party, because always reliable on questions of freedom, now stands by her own colors, in the republican army—no one of her cherished principles deserted, or glorious memories forgotten, and now contemplates a gathering of freemen, irrespective of former party ties, to give embodiment to the dissent of the honest hearts of the country to the violation of compacts, and pledged to elect no man to any office who will not zealously and fearlessly aid in planting those bulwarks of freedom, the doctrines of constitutional liberty, every where within the exclusive jurisdiction of the United States, and no extension of slavery beyond its present limits, till they stand solid and prominent as the cliffs which spurn the ocean's roaring tides. Come then ye men, by whatever political name known, who will act for the right, and like the iron man with his flail, let us go through this land crushing and trampling down all opposition to principles we hold most sacred. Let us enlist for the war, and while striving to re-establish the pure worship of freedom in the temples of the nation, we may be assured of the approbation of heaven. W.

☞ The last Elkhorn Reporter, the democratic organ in Walworth county, in an article upon the Nebraska business, uses the following language:

There is no use in talking that the question shall not be a test. No power on earth, with the feeling that exists, can help it. There are six out of every seven, even among democrats, who will not under any circumstances, vote for a Nebraskaite for office. And it need not be told that the party have not much to lose, and still retain power. The party in Wisconsin, in particular, cannot live with this load upon them and we should not be out of the way if we should say, they ought not to live if they take the load. Let it sink its bearer, and let obscurity cover the names of those who give their votes to aid the cause of iniquity. While the whole world is advancing it is grievous to see the American congress quickening speed in a retrograde direction—going back and bringing darkness upon the country, exposing it to shame and contempt among the nations of the earth. For very shame they should not have done this thing.

RECEPTION OF A DOUGH FACE.—One of the doughfaces has already had a foretaste of public sentiment. Moses McDonald, a member from one of the Maine districts, recently visited home. The following from the Saco Union, gives an idea of his reception:

"Our unfortunate representative in congress Mr. McDonald we are told met with some annoyance at the Brideford depot, one of the first days of this week. There was quite a crowd of persons, who were going into Portland in an excursion train, and it being noised around that Mr. McDonald was in the crowd, a cry was raised by the boys, that "a northern doughface could be seen on the platform," and a rush was made to see our representative. We understand there was considerable hustling, and that a friend of Mr. McDonald, to avoid anything more unpleasant, prevailed on him to take a seat in the cars, with as little loss of time as he could. After he had found a seat an excited democrat went through the cars shouting "whoever wants to see a northern doughface can be accommodated," and directed attention to the car in which Mr. McDonald had seated himself."

THE INCENDIARY MERCHANT.—The N. Y. Eve. Post, in speaking of J. F. Peverelly, who is under arrest for attempting to fire his store on Front street, N. Y. says:

Eight or nine years ago, J. F. Peverelly kept a small confectionary store on Canal street.—From that place he removed to Bleecker street. He was next heard of as landlord of the Fort Lees pavillion, in which he made money. Afterwards he kept store-houses in different parts of the city. He bought a splendid house in Astoria, Long Island, and lived most extravagantly, surrounded by all the appurtenances and comforts which great wealth only can give. Beverelly was a member of the N. Y. light guard, and was by them much esteemed. About a year ago, he invited them to visit his residence in Astoria. On the occasion of their visit he chartered a steamboat to convey them to his house; and when they arrived there, he entertained them sumptuously. Before leaving, the light guard presented him with a gold watch and chain, as a mark of their esteem.

Henry Ward Beecher thus refers in the Independent to the N. Y. Tribune's suggestion that he be sent to congress:

"EQUIVOCAL HONOR DECLINED.—The Tribune last Saturday in reply to a private letter asking its advice on the matter, recommends that we be nominated for congress, elected and sent; and when that shall be done, that we *go*.

"It may not be modest for us to decline before we are really asked. But such efforts will certainly be love's labor lost. If the people wish us to be the president of the United States, we should be disposed to accept that. And we fancy that there will be new times in Washington city after our inaugural shall have been pronounced.

"Had the proposal to go to congress proceeded from the American board of missions, there would have been grave reasons for considering it. We doubt whether they have a harder field in all heathendom; nor yet a field where the gospel is more needed.

"But, for mere political reasons, to backslide from the pulpit into congress, is a little too long a slide for the first ventre. We beg to decline in advance."

The wheat harvest commenced in this county last week. From what we have seen and heard, we judge the crop to be heavy and of superior quality. All other crops are very promising, and the weather as fine as farmers could wish—dry and cool, with an occasional night shower. Should this continue for a few weeks, the people of Wisconsin will be the richest agricultural community in the world. Almost entirely free from debt, the avalls of their crops may be computed by millions of dollars, while the increased value of their real estate is at the rate of 50 to 100 per cent. per annum.—*Portage City Badger State.*

THE CHOLERA IN TOWN.—There seems to be but little doubt but that a few cases of cholera made their appearance last week in town. Some physicians deny that there have been any genuine cases, but others assert that there have been among those residing here, four deaths, from a disease very much resembling cholera, if it was not it. The names of the victims are as follows:

Miss SARAH, daughter of Hiram Bodwell, aged 18 years. Mr. JOHN GAY, aged about 24 years. Mrs. GAY, mother of the preceding. Mr ALFRED CARTWRIGHT, aged about 25 years.

These are all the cases that have come to our knowledge. A few newly arrived Norwegians have died from a combination of heat, filth, ship fever and other diseases, but the contagion has not extended to residents.—*Madison Argus,*

THE JAPANESE.—The N. Y. Commercial has a letter dated "U. S. ship Macedonian, near Jeddo, March 12, 1854." We clip from it:

"On our passage down from Loo Choo the Macedonian went on a rock, and had there been much sea at the time, we should have lost the ship. We were going at the rate of about six knots an hour, in a cold rain storm, and stuck on a coral reef. We remained there 26 hours, and only got off after throwing overboard much shot and coal.

We find the Japanese to be great farmers and good mechanics. I have examined some of their work. It is very good, and they learn anything quickly. But they are far behind the times with respect to their boats, both in rig and hull.

Our new friends need no lessons in the art of trading. They charge us 75 cents for a chicken. Some of our men paid them in gold coin, and received their change in copper washed with gold. They are a shrewd, cunning people, and they will show it before long. They are very active, as you would have said had you seen them leap and run when the young locomotive uttered its first scream.

"Some of the presents they have sent to the United States are very beautiful."

THE HARVEST.—Our state exchanges bring us cheering accounts of the progress of the harvest. The winter wheat is ripe and ready for cutting, the straw bright, the heads full, and no rust or blight apparent.

The crop this year will be the largest ever harvested in this state. The recent rains have wet the standing shocks a little, where grain had been already cut, but did no material injury. The crop of winter wheat will be harvested and gathered in the course of a week or ten days, by which time the spring wheat will be ready for the cradle or reaper. With clear weather, the yield will be magnificent.—*Madison Argus.*

OHIO POLITICS.—The Ohio Anti-Nebraska state convention which met at Columbus, on the 13th inst., made the following nominations for candidates for the approaching election, to be supported by the Anti-Nebraska party:

For judge of the supreme court, Joseph R. Swan, (a dem.) of Franklin.

For member of the board of public works, Jacob Blickendeffer, Jr., (whig) of Tuscarawas.

These gentlemen were nominated by acclamation.

CHICAGO AND AURORA RAILROAD.—The revenues of this road for the last six months have been as follows:

February,	15,387 29
March,	16,133 95
April,	14,592 96

The Janesville Gazette issued the first number of their new daily on the 4th. of which they sent us a copy. We must say for it that it is decidedly the handsomest paper in the state—being printed on new material throughout. We do not doubt the ability of the proprietors to get up an able and useful daily. We hope it will be fully sustained in that thriving young city.—*Potosi Republican.*

Alden & Holt, proprietors of the Janesvill Gazette, have commenced publishing a daily paper; terms $5 a year. The Janesville people exhibit a heavy stock of enterprise in all branches of business and substantial operations, including railroads and newspapers. We are not sure but we will be indebted to them for the first railroad through to the Mississippi in Wisconsin. We hope the Janesville Daily Gazette will be well sustained, and that western Wisconsin may be well represented on the subscription list.—*Grant Co. Herald.*

MISTAKING THE MAGNOLIA FOR CABBAGES.—Last week a party of German emigrants went ashore from a boat on the Mississippi river, and gathered large quantities of the leaves and flowers from the Magnolia trees, which they took on board, boiled and ate, from the effects of which one man died, and four others came near dying. They had mistaken the leaves of the Magnolia for cabbage, supposing that in this fertile country, cabbages grew wild, and from 60 to 70 feet high, as does the Magnolia on the coast. The leaves of the Magnolia resemble those of the cabbage, but are poisonous.—*Minnesotian.*

LOOK OUT—PASTED BILL.—The Albany Atlas says: "We have seen a one dollar bill on the Commercial Bank, Glenns Falls, altered to ten, which is the best paster we ever saw. The bill was taken for genuine by one of the best judges in the city, and the fraud is only discovered by comparing it with the tens issued by the bank. The genuine one's have a team of horses with a load of barrels for the vignette."

SALE OF HORSES.—The celebrated trotters, Mac, Tacony and Frank Forester have been sold at auction Mac at $1,100, Tacony at $3,700 and Frank Forester at $2,250.

PLENTY OF LAND.—There are government lands in the Mineral Point district still for sale at $1,25 cents per acre, to the amount of 1,866,000 acres. The Mineral Point Democrat says, "It comprises good timber and prairie land as can be found in the country." The district is composed of all of La Fayette, Grant and Iowa counties, and a part of Green, Dane, Columbia, Marquette, Adams, Sauk, Richlandand Crawford counties, being 162 townships.

EARLY JOY.—We are informed that a youth of sixteen summers recently led to the altar a blushing bride on whose radiant brow life's fifteenth spring had not yet beamed. The young couple are worthy residents of our city, and we are assured they wear the hymenial yoke with becoming dignity.—*Peoria News.*

WEATHER.—A heavy shower passed over this city last night, but it did not seem to, at all, cool the temperature of the atmosphere, which was almost intolerably hot. At present writing (one o'clock P. M.,) another thunder shower is in progress, which, from present appearances, will moderate the atmosphere to a comfortable pitch.—*Free Dem., Wednesday.*

EXTRAORDINARY CAPTURE.—On Friday morning about one o'clock, a city watchman discovered an alligator, between three and four feet in length, near South Broad street, passing toward the South Common. With the aid of one of the mounted police, he was captured and taken to the guard house.—*Savannah Herald.*

Judge Bronson, the "hard" candidate for governor of New York, announces himself in favor of the Maine law.

EXPANSION FROM HEAT.—We noticed on Thursday, says the Newberry (S. C.) Sentinel, that the rails on the Greenville and Columbia railroad had expanded very much from the excessive heat. The vacant spaces between them were closed up and the rail drawn up in the form of an arch, five inches at the highest point from the stringer, at the same time drawing out two spikes. The rails were so hot that it was like handling hot coals to touch them. We noticed two other rails slightly arched.

The total valuation of Cincinnati is about $81,000,000—of which $21,000,000 is personal property.

The Kansas Free Democrat is the title of a new paper to be started at Fort Leavenworth, near the border of Kansas, next September, by George Brewster of the Lorainé (Ohio) Journal. It will labor to keep Kansas free from the curse of slavery.

A case of true grit is that of Miss Culmina Spinks, who will marry her ugly but rich old lover, just to keep other young and innocent girls from being duped by his protestations.

STRUCK BY LIGHTNING.—During the shower this afternoon, the flag-staff on the cupola of the United States hotel, was struck by lightning, shivering it to atoms. It made a report as loud as a cannon.—*Wisconsin.*

NEWSPAPERARCHIVE®

THE DAILY GAZETTE.

NEW YORK, July 19th.

ADDITIONAL NEWS BY THE FRANKLIN.—The Czar has consented to resign the exclusive protectorate to the Greek christians, if the Turks will accede to a joint protectorate of the five powers. He will evacuate the principalities when the western powers evacuate Turkey; but still maintain a strong military position in Moldavia, as provisional security. The Czar has sent friendly autograph letters to several German powers.

HOSTILITIES CONTINUE.—Fighting reported on the Black Sea and the Danube, and in Asia. French army has embarked for Finland. No decisive naval engagement. The Turks had a battle with the Russian rear guard, in which the latter lost 25,000 men.

BREADSTUFFS.—Richardson quotes western canal flour 36s 3d.; good Ohio 39s. Corn—western, white and yellow—transactions large, at lower prices—35s. An average crop is reported.

NEW York, July 19th.

Steamer Niagara arrived at Halifax. Flour declined 11c; wheat 4c.; corn 22c.

Great battle near Silistria—Russians retreated with a loss of twenty-five thousand men.

The Turks have suffered a disastrous defeat in Asia.

The insurgents in Spain have been again defeated.—*Sentinel's despatch.*

JAPAN.—The long desired treaty of friendship between the U. S. and Japan, was concluded on the 28th of March, and is styled the treaty of Kanaguna. Five ports on the island of Niphon to be the main trading points—Chickadada, on the north of the island of Yasso for whalers; Napa Kiang on the Loo-Choo islands, and two other ports yet to be named. These ports, except Simoda, are not to be open until the 28th of March, 1855, but vessels putting in in distress before that time will be furnished with necessaries. The Japanese commissioners wished to stipulate that the Americans should enjoy only the same privileges as the Dutch—that the ports should be opened after five, four, three, and two years—that no white woman should be permitted to land—that Nangasaki should be the only port, etc. But Com. Perry insisted upon more liberal terms and succeeded.

A SLAVERY RESTRICTION NOT REPEALED.—In the joint resolution for annexing Texas to the United States, passed by congress and approved by John Tyler, May 2, 1845, (see *Whig Almanac*, 1846, p. 55-6,) we read as follows:

"Third: New states, of convenient size not exceeding four in number, in addition to the said state of Texas, and having sufficient population, may hereafter, by the consent of said state, be formed out of the territory thereof, which shall be entitled to admission under the provisions of the federal constitution, and such states as may be formed out of that portion of said territory lying south of thirty-six degrees thirty minutes north latitude, commonly known as the Missouri compromise line, shall be admitted into the union with or without slavery, as the people of each state asking admission may desire. And in such state or states as shall be formed out of said territory north of said compromise line, slavery or involuntary servitude (except for crime) *shall be prohibited.*"

As this arrangement has never, to our knowledge, been repealed, we do not see how slavery is to be got into New-Mexico this side of the Rio Grande, even if the people should ever desire it.—*N. Y. Tribune.*

A municipal election in the borough of Chambersburg, Pa., for a member of the local council in place of one who had resigned, has resulted thus: William Heyser, regular democratic candidate 25, Adam Vanderaw, regular whig candidate, 22; Jacob N. Snider, a democrat, but not known as a candidate, 174! The Chambersburg Whig says that not a man could be found to acknowledge that he had voted for him, or who knew that he was running. The secret of the result was that Mr. Snider was elected by the new organization called "Know Nothing."—Chambersburg, it must be understood, was previously a whig town.—*Philadelphia Amer.*

The New York papers announce that the Errieson has been fully repaired since her accident, and will soon go to sea. Public curiosity will be much gratified, for although the high expectations concerning her have greatly subsided since her first experiment, still there is good reason to hope that the invention will ultimately prove of great value.

NEW YORK July 15.

The board of health of this city report the total number of deaths for the week ending today, to be 817, being the largest mortality of any week this season, of which there were 147 of cholera, being an increase of 45 over the preceding week.

The U. S. mail steamer Catawba with three days later news from Havanna, is coming up the bay.

THE GREAT REPUBLIC.—The ship Great Republic, originally of 4,552 tons register built by Donald McKay of Boston, launched 1853, and partially destroyed by fire at Boston port in December last, was sold at auction on Wednesday, as she now lays at Green Point, L. I., by L. M. Hoffman & Co., who after an animated contest knocked her down to N. B. Palmer, Esq. for $28,250. Terms, one third cash, third 30, and the balance 60 days. The Great Republic was constructed at cost of $300,000, on which there was insured in New-York $255,000 and $20,000 in Boston.

It is quite possible there may have been at some previous period of the world's history, as hot a day as was yesterday, but we think it has not occurred in our time. There is a theory extant that the world was once a molten liquid mass. We are afraid it is returning to "first principles."—*Kenosha Tel., Wednesday.*

FINISHING UP!"—Such is the cheering word from the river improvement below us. The water has been let out of the Rapide de Croche lock—steamboat navigation is suspended, and stages run through to green Green Bay—and the workmen are finishing up the work at Kaukauna, Little Chute and Ceder Rapids, with all possible dispatch.

'Now by St. Paul, the work goes bravely on.'—*Appleton Crescent.*

An old soldier whose nose had been lopped off by a sabre cut happened to give a few pence to a beggar who exclaimed in return:

"God preserve your eye-sight!"

"Why so?" inquired the veteran.

"Because, sir," was the reply, "if your sight should grow weak, you couldn't keep spectacles before them."

AGAIN & AGAIN

THE BOSTON STORE.

Let the Horn be Blown!!

"Sound the loud timbrel o'er land and o'er sea," WHEELOCK'S triumphant, and ever shall be.

THIS is the middle of the nineteenth century, the first half of which has produced more change and onward movement than any fifty years of our Christian Era.

The great controlling power of this age is its commerce—indeed, this may be truly called the commercial age.

It has been well said by an ancient writer that

"Man wants but little here below,"

and to supply those wants

WHEELOCK

Announces to every people and every tongue, to both sexes and all parties, to all factions of all gauges, that finding his old store entirely

TOO SMALL!

He has been compelled, in order to be able to supply the immense call for goods at his establishment, to

Double the capacity of his Store Rooms!

Having purchased this spring, for this market, to be sold this season,

$39,007 00 Worth of Goods!

But who can expect to read in the brief space of one life all the articles that the

BOSTON STORE CONTAINS.

Indeed, history must fail to give the searcher of knowledge any accurate idea of his immense

STOCK OF SUMMER GOODS,

His inimitable selection of

Fancy Dress Goods!

He has over

10,000 Yards of Silk Bareges,

of every style and price, and it is with no great difficulty that the fair damsels of this fair valley can select,

FROM THE ONE THOUSAND PIECES,

Of all patterns and ranging in price from *SIX CENTS Per Yard to Twenty-Eight Cents,* such dresses as will add to their exquisite beauty, though it may as a general thing, be as difficult to add to that beauty as it is "to gild refined gold, paint the lily, or add perfume to the violet."

It must not be inferred that we offer only these and the many other articles for outer apparel, such as Chamelion and Foulard Silks, but all manner of

Cotton, Grass & Linen Goods

are on change, so that every one may be entirely accommodated with every article of female apparel.—Eved French red foxed Gaiters,

do do wolfed do

Ladies' Enameled Boots, Enameled sewed Congress Boots,

LADIES MOROCCO POLKAS,

And all the articles manufacutred of the best styles.—So that of this store, so far as articles which adorn La Belle sex are concerned, it may be truly said

"*CUSTOM cannot stale the infinite variety.*"

While the Boston Store has made provision to protect the feet, it can also boast that it has all sorts of

GLOVES,

by which hands can be protected and retain

"*The white wonder of fair Juliet's hand.*"

And in taking leave of those of whom it is no exaggeration to say they are

"*Heaven's last, best gift to man,*"

the Nonpareils of beauty, the Paragons of perfection, Mr. Wheelock assures his fair customers that his assistants and auxiliaries are those who unite great knowledge of the business, fine personal presence and affability of manner to a determination to discharge CONSCIENTIOUSLY their several and respective duties—that while they may have the proper desire to effect sales, they will never in imitation of many of our contemporaries attempt to accomplish that object by equivocation, misrepresentation, exaggeration, tergiversation, fabrication, or by direct lying.

And now to the wants of the

COARSE-HAND SEX.

Mr. Wheelock has every kind of material to make those articles of dress that give to man his individuality—

PANTALOONS,

CALF "BEWTS,"COW HIDE do., GAZELLE, do., PATENT LEATHER do., GIRAFFE do.,

HATS

That fit every head from the Websterian brow to the country politician's sconce, from the size of caput of him who is closely shorn after the Hibernian fashion to that of him who wears the well-pomatumed, ambrosialized, elongated Hyperion curls.

And to the speculator who buys to sell again,

The Boston Store

Can, at lower rates of usance than any other establishment west of the Alleghany mountains, furnish that class of exchanges so that riches will fill their pockets as water fills the sea. And to them we offer

DOMESTIC GLASSWARE, WORSTED,
Pocket Handkerchiefs, Inkstands, Cotton Yarn,
Ready-made Vests, Ground Pepper, Flannels,
Looking Glasses, Ready-Made Over Coats, Pants,
Raisins, Flat Irons and Cotton Batting, Lanterns,
Satchels, which the whining school-boy with shining morning face bears on his arm,
Chests, Norwegian Bandboxes and Hair Trunks,
Tea, Tobacco and Wicking.

In the

CROCKERY

Line may be found the

BENNINGTON, the PARIAN and the LAVA Manufacture, Pitchers for milk or water, Tea Pots, Spittoons, Bowls for washing, for bread and milk, or sugar, Candlesticks, children's Toys and Flower Pots, MAINE LIQUOR LAW VOLUMES and Lager Beer Mugs.

And in fine, the proprietor of this establishment can with all confidence assure those who have been in the habit of trading at Janesville that, although they have

"*Often seen corruption boil and bubble till It o'errun the stew,*"

they will find that the representations which shall be made to them by that proprietor or his clerks will not

"*Stand like forfeits in a Barber shop, More in mock than mark.*"

The Empire Drug Warehouse.

WHOLESALE AND RETAIL,

ESTABLISHED 1845!

THE OLDEST DRUG HOUSE IN WISCONSIN!

THE UNDERSIGNNED have the pleasure of again greeting their old friends and patrons with the fact that they are as usual to be found at the

OLD HEAD QUARTERS,

The Great Regulator of the Drug Trade for the interior of the State,

THE EMPIRE DRUG STORE.

Having been engaged in the

WHOLESALE AND RETAIL DRUG BUSINESS here for years, we are supposed to be posted on all matters pertaining to the interests of the trade and our customers.

Our aim in the beginning was to sell

Pure Goods at Fair Prices,

And having during a series of years witnessed the "*Rise and Fall*" of men who endeavored to compete with this system, whose desire to delude the public with a bombastic advertisement was apparently their highest ambition, has more than ever convinced us that *OUR* system is the only one that can win.

In view of these facts,

Our Spring Purchase

has been unusually heavy, in which nothing that enters in the most remote degree into our business has been omitted.

DRUGS, FOREIGN & DOMESTIC,

GUMS, POWDERED ARTICLES, HERBS & EXTRCTS, including every article of the most pure and choice kind.

☞ If Physicians will take the time to look through our Stock and examine minutely the quality of our Medicines and Preparations, they will not only find articles that will suit them, but goods that can at all times be relied upon.

Family Preparations and Genuine Patent Medicines.

In this department our stock and assortment is unsurpassed. We have the *Sole Agency for all Patent Medicines of any value,* and any article sold in the West can be found at our Store.

FAMILY MEDICINES AND PRESCRIPTIONS compounded with great care, and put up at all hours of the day and night.

Paints Oils, Glass, Varnishes, &c.

Of these leading articles we have an almost unlimited supply. Buying of first hands, for *Net Cash,* enables us to offer great inducements to Merchants and others to buy directly of us; and having worked into a

Heavy Wholesale Trade,

in this class of goods, our stock will always be found the largest in the interior, and our prices by far the most desirable.

FANCY ARTICLES & PEDLER'S GOODS.

To this part of our trade, which has involuntarily grown upon us, we have this spring given more than usual attention. Our assortment will be found desirable and prices satisfactory.

DAGUERREAN GOODS.

A very large Stock Cases and Lockets, of our *own style and design,* manufactured to order for our trade. Artists supplied with Chemicals and every thing pertaining to the business, at the lowest possible rates.

PERFUMERY,

FRENCH, ENGLISH, AMERICAN & GERMAN, Including a large and most desirable Stock. Ladies and Gentlemen are requested to look at our Assortment; it is not surpassed by any House in the West.

Our time being of more value to our customers than in writing advertisements, we will only say in conclusion, that

Every Article Pertaining to the Trade

can be found at our Establishment. In regard to prices, all who know with what superior facilities we enter the market; connected as we are with an extensive

WHOLESALE HOUSE IN NEW YORK CITY,

must see at once that no establishment *here* can hope to compete with us, without either imposing upon their customers or sharing the fate of their predecessors.

Orders solicited, and Goods packed with the greatest care.

The system will of course be continued—admitting no variation or improvement—to the satisfaction undoubtedly of a large and most desirable class of customers, although at the sacrifice probably of the steady patronage of inveterate higglers and those who inherit the belief that *all* Salesmen will cheat them if possible.

Respectfully,

NEW GOODS!

$15,000 Worth of

BOOTS AND SHOES

JUST RECEIVED AT THE

Wisconsin Boot & Shoe Store.

I AM now receiving one of the largest and finest stocks of Boots and Shoes that I have ever before brought to Janesville, and what is finer than all the rest, I can sell them at lower prices than I have ever sold before, notwithstanding the great advance in the Eastern Market. My assortment of

Ladies Fine Shoes,

in particular, I have no hesitation in saying cannot be equaled in the State, both for style and durability, being all made to order, and in such a manner that I can warrant every article I sell, with the understanding at all times, that if they do not come up to the warrant, they shall be mended free of charge.

GENTLEMEN'S WEAR.

In this line I know beyond a doubt that I can show you a finer assortment and at better prices by twenty-five per cent. than can be found at any of the shoe shops or Dry Goods stores about town. I want it distinctly understood that I make the BOOT AND SHOE TRADE my WHOLE STUDY, and that I *Buy More, Sell More and know more about the trade,* than the whole pile of petty dealers put together. And I know also that I can make it an object for **Every Farmer in Rock County,** as well as every one that trades in Janesville to buy their Boots and Shoes of me for the more I sell the smaller profits I can sell at.

Manufacturing.

I want to say a few words to you in regard to my Manufacturing Department, to wit: That I am now engaged more extensively in the manufacturing business, and probably am selling more custom work than all the shops about town put together, simply for these reasons—that I use better Stock, being entirely of Eastern tannage, which every one knows is worth twenty-five per cent more than the common western tanned leather; and what is a better reason and of greater importance, I can

Sell my Custom Work at Much Lower Prices,

and at the same time sell you a better article than you can get at the shops, for this reason, which you must all see is a very palpable one, that in buying my stock east and in such large quantities, I of course save a very large per cent, and thereby can sell at lower prices and at the same time make my profits.

I want to state further that I have secured the services of MR. BUCKINGHAM, who has formerly been engaged in the manufacturing business on the west side of the River, and who is known by every one to be the best manufacturer in the city; and if we don't get you up a better article, both in regard to style and durability, we will forfeit our money and our reputation, and I pledge you my word that this is *no small forfeit.*

Leather and Findings.

I have just received over $3,000 worth of the very best brands of **Eastern Sole & Upper Leather;** also, a very large assortment of FRENCH and PHILADELPHIA KIP and FRENCH CALF SKINS, together with a full assortment of MOROCCOS of every kind, which I will sell at

Precisely Milwaukee and Chicago Prices.

I have constantly on hand, also, a large assortment of all kings of FINDINGS, LASTS, BOOT TREES, CRIMPS, etc., etc., all of which will be sold at the same rates.

I request the attention of manufacturers in town as well as in the country to my stock, as I think I can make it an object for you to buy of me. At least, I can sell you a much superior article to that which you get of the pedlers.

TO THE LADIES,

I would say that I am under very great obligation for the partiality you have shown me, in always procuring your understandings from me, and I now publicly promise and swear that I will make every one of you who may be entitled to the same a present of a handsome pair of CACKS, when I shall have closed up my shoe-selling career. I would say further, that I am prepared to get up to order any style of work you wish, at low rates. Yours respectfully,

J. B. DIMOCK, Proprietor,
T. H. BUCKINGHAM, Foreman.

By the way, don't forget the location of the Institution, three doors above the Post Office, Janesville, Wisconsin.

STONE WARE.—A general assortment for sale cheap. [10] L. M. SMITH.

The Daily Gazette.

FRIDAY MORNING, JULY 21, 1854.

LINE DOWN.—The telegraph is down between Whitewater and Milwaukee we are consequently again without a report.

THE MAILS.—We have but little patience left to mention the subject of mail arrangements or rather disarrangements, throughout the west; and we only do so in the hope that our people will eventually make their voices heard to some effect in Washington. While at Janesville last week, we were informed by a contractor that there is not a railroad contract to carry the mail in the state, and that the great mails now passing over the routes from Milwaukee and Janesville to Madison, are carried without any care or responsibility on the part of the company.—There is no connected mail route between Janesville and Madison, the route by which the mail matter for all this region is brought in the winter. The daily route between Fond du Lac and Milwaukee has been reduced to tri-weekly; contracts have been advertised and let on routes in the state that are not traveled, and great thoroughfares neglected. The contracts and bonds under the May lettings have not been executed by the department and consequently the sureties on bids are no longer holden. Under such administration of a department of government more vitally affecting the people than any other, have we not reason to exclaim in the classic language of "little Van," "our sufferings *is* intolerable!"—*Bager State (dem.)*

We were previously aware of the facts connected with the mail service in this section of the state as mentioned by the Badger State, and were inclined to comment upon them, but were deterred from so doing by the request of the post master in this city, who informed us that the reason why no contract had been concluded with the railroad companies was a disagreement with the department as to the cost of transportation, and who expected a special agent along soon to look after and arrange matters. As, however, others have told, there is no longer a motive for our keeping still, and we desire to add our voice to the general complaint, in the hope that some attention will be paid to our wants. We presume the postmasters throughout the state do about as well as other government officials, and that the present administration has not generally been *peculiarly* unfortunate in the selection of its agents; yet for some reason or other there is "awful work" somewhere. The management of the department for the west is bad on general principles. Instead of diminishing any service, it ought, merely as a matter of pay and equivalent, to be increased, and every reasonable facility for regular and speedy transmission of the bags ought to be afforded. The selection of an intelligent, energetic western man as postmaster general, who has some idea of the country and its wants, and is not too much engaged in the politicol to overlook the business management of his department, is a boon we ardently desire though there seems little prospects of soon receiving it.

As a specimen of the management at present, we annex an extract from a letter written from Chicago a few days ago by the editor of the Galena Jeffersonian:

There are now in the Chicago Post Office, more than *two hundred bags of mail matter undistributed and they are daily accumulating!*—In a conversation with W. J. Brown, Agent of the department, I called his attention to the failure of the St. Louis mails, and he doubtingly went to work to convince himself of the truth of what I told him, and if possible, to correct the outrageous neglect of duty that had caused such a result. His visit to the office corroborated my words, and he found, as I have stated above, the piles, nay mountains of papers that have been so long missing.

WORK COMMENCED,—Mr. O'Gara commenced work on Main street yesterday. He had been for some days previously getting ready the stone for the drains, and we now have a fair prospect of seeing the completion of a job that ought to have been undertaken long ago. Next to the passage of the land grant, we know of nothing that could put our citizens in a better humour than the abatement of the nuisance that has so long disgraced the town.

There is not a more corrupt organization in the world, than the "Jenny Lind Club." The leading spirits of this clique are among the prominent managers and directors of the Milwaukee and Mississippi railroad.—*Janesville Gazette.*

Ghost-stories to frighten children. The "Jenny Lind Club" died a natural death more than two years ago; and the M. & M. railroad is as innocent of all connection with it, as the Rock River Valley road. The Gazette, we suppose, thinks it necessary to persist in this fiction as an offset to "Monk's Hall."—*Mil. Sent.*

The vision which sees the burial of the "Jenny Lind Club," and the living, breathing existence of "Monk's Hall", is ready to receive any "ghost-story" extant, and we wonder that our friend of the Sentinel, gifted with such rare discernment, should discredit our "fiction." Jenny is just as much of a present reality as her old adversary of the "Hall." Both flourished at the same time, each had its good fellowship, wine and dinners, and if the amiable sister "died a natural death more than two years ago," having accomplished her social mission, the same ceremonies of dissolution were performed over her rival brother. As political associations, neither were troubled with an excess of honesty, but of the two the "Hall" was the most respectable and its inmates the better men. We don't believe the influence of either is yet extinct, though a *republicanising* process is apparent in both.

ENTERTAINMENT.—Prof. Sand, the magician, gives a second entertainment at Apollo Hall this evening. We go to press without seeing his first, and can say nothing of it, but some outside experiments have established his reputation among "the boys" on the street. He has "taken down the crowd" very handsomely.

If woman has not received proper mental culture in early life, she seldom attains it afterwards, and usually becomes either a mere household drudge or a worthless toy, whose eager chase after the last new fashion is only to be diverted by the last new scandal.

☞ The following communication is from one of the most conservative whigs in the state, and one from whom we expected a determined opposition to the movement at the Madison convention. It is absurd to charge upon such men a coalition for the spoils of office, or a willingness to abandon upon slight provocation an old, cherished party organization, to which long associations and disinterested labors had attached them. Nothing less than a thorough conviction that their rights have been invaded and their known sentiments wantonly disregarded, could have impelled them to the position they now assume. It would have been far easier to have avoided the necessity which has driven them into a union with a party with which, as a party, they have heretofore had no sympathy, and in many of whose members they now have little or no confidence, than to overcome their determination to give an effective expression to their disapprobation of the measures which has driven them into their present political oganization.

THE REPUBLICAN PARTY.

Whether the party in our state, which on the sixty-seventh anniversary of the enactment of the ordinance of '87, assumed a name suggestive of many of the proudest passages in our national annals, came dishonorably into being, infected with hereditary taint;—or whether full-armed to fight for the right, and endowed with all the pre-requisites for vigorous existence, it sprang to life from the sober thought, and sovereign will of the people—shall in this communication be the subject of a few speculations, at least free from partisan predilections.

It is conceded that a party, to deserve the name, and ensure perpetuity, must rally upon some central, vivifying and controlling principles of sufficient present interest to organize, prompt and direct action. But when men unite for concerted political action, upon a controverted question of right and wrong, they constitute a party uncompromising and indissoluble until that question is settled in accordance with their convictions. The simple fact that no one of the great truths and fundamental axioms which define the relations and duties of men and nations, can, when clearly apprehended, possibly ever be lost sight of, is the chief guaranty of the advancement of the race. Questions of expediency, after calling out heated controversies, and innumerable inconsistencies, are forgotten; but when a question of right is anchored in the mind, opposition but renders its hold the stronger.

The creed of the party now organized for certain specific purposes, is embraced in a line or two of the self-evident propositions which underlie our liberties; and how have these precious maxims been attacked during the past few months?

By the party in power we have seen compromises the most sacred, abolished; the intention to perpetuate and extend indefinitely the system of human slavery, declared; and the institution itself, with a hardihood almost inconceivable in this age, justified. It was reserved for the administration of a son of New Hampshire to shadow forth a grand movement for the spread of slavery at home and abroad, at the expense of many millions of the common treasure beyond the amount to be paid by the stipulations of the Gadsden treaty. Cuba must be acquired by money or by a war with Spain, and incidentally with England and France, and a Russian alliance must be sought. Efforts are being made by treaty overtures on the part of our government to establish slavery on solid foundations in St. Domingo and Brazil. Federal officers for the territories are appointed with a view to their qualifications for securing the interests of slavery. The treaty with England touching the suppression of the slave trade on the African coast is sought to be abolished, and in many of the southern states prominent men are even advocating the importation of slaves into our country from Africa.

In this posture of affairs the slavery question is removed from the field of speculation to that of action. We cannot, if we would, avoid passing judgment upon the policy of the present administration touching this question.

But in this struggle for the re-establishment of the principles of the fathers of the republic our early and complete success is dependent upon a hearty union of all men who are governed in their political conduct by their convictions of right, for in our very midst are traitors to the cause of humanity, as witness the fourteen senators and forty-four representatives from the free states who voted for the Nebraska bill. Men will be found unable to appreciate motives holier than those which actuate themselves, who will say that the anti-slavery sentiment of the north is banding together men of all shades of politics, to secure the spoils. Such men could not be convinced of their error, tho' one rose from the dead.

In the present exigency, the whig party of Wisconsin is justified in taking its present position. Are we accused of forgetting the warnings of Washington, and building up a sectional organization? We but follow the example of those who denounce us. Is it true that if an unbroken phalanx of anti-Nebraska men were sent to congress, the consequences of the legislation of the present session could not be averted? Grant it; but shall crime be unrebuked, because consummated, and is that the way to warn rulers of justice and a judgment to come?

It is said that the whig party, lashed by abolition excitement, is abandoning old issues to plant itself on anti-slavery sentiments? The whig party has not abandoned old issues which still posses vitality, and when the republican party shall have secured the country against the inundation which threatens to engulph our very liberties, doubtless its members will then fight with each other as heretofore, over minor issues, with whatever ability god may have given them.

The good old whig party, because always reliable on questions of freedom, now stands by her own colors, in the republican army—no one of her cherished principles deserted, or glorious memories forgotten, and now contemplates a gathering of freemen, irrespective of former party ties, to give embodiment to the dissent of the honest hearts of the country to the violation of compacts, and pledged to elect no man to any office who will not zealously and fearlessly aid in planting those bulwarks of freedom, the doctrines of constitutional liberty, every where within the exclusive jurisdiction of the United States, and no extension of slavery beyond its present limits, till they stand solid and prominent as the cliffs which spurn the ocean's roaring tides. Come then ye men, by whatever political name known, who will act for the right, and like the iron man with his flail, let us go through this land crushing and trampling down all opposition to principles we hold most sacred. Let us enlist for the war, and while striving to re-establish the pure worship of freedom in the temples of the nation, we may be assured of the approbation of heaven. W.

☞ The last Elkhorn Reporter, the democratic organ in Walworth county, in an article upon the Nebraska business, uses the following language:

There is no use in talking that the question shall not be a test. No power on earth, with the feeling that exists, can help it. There are six out of every seven, even among democrats, who will not under any circumstances, vote for a Nebraskaite for office. And it need not be told that the party have not much to lose, and still retain power. The party in Wisconsin, in particular, cannot live with this load upon them and we should not be out of the way if we should say, they ought not to live if they take the load. Let it sink its bearer, and let obscurity cover the names of those who give their votes to aid the cause of iniquity. While the whole world is advancing it is grievous to see the American congress quickening speed in a retrograde direction—going back and bringing darkness upon the country, exposing it to shame and contempt among the nations of the earth. For very shame they should not have done this thing.

RECEPTION OF A DOUGH FACE.—One of the doughfaces has already had a foretaste of public sentiment. Moses McDonald, a member from one of the Maine districts, recently visited home. The following from the Saco Union, gives an idea of his reception:

"Our unfortunate representative in congress Mr. McDonald we are told met with some annoyance at the Brideford depot, one of the first days of this week. There was quite a crowd of persons, who were going into Portland in an excursion train, and it being noised around that Mr. McDonald was in the crowd, a cry was raised by the boys, that "a northern doughface could be seen on the platform," and a rush was made to see our representative. We understand there was considerable hustling, and that a friend of Mr. McDonald, to avoid anything more unpleasant, prevailed on him to take a seat in the cars, with as little loss of time as he could. After he had found a seat an excited democrat went through the cars shouting "whoever wants to see a dorthern doughface can be accommodated," and directed attention to the car in which Mr. McDonald had seated himself."

THE INCENDIARY MERCHANT.—The N. Y. Eve. Post, in speaking of J. F. Peverelly, who is under arrest for attempting to fire his store on Front street, N. Y. says:

Eight or nine years ago, J. F. Peverelly kept a small confectionary store on Canal street.—From that place he removed to Bleecker street. He was next heard of as landlord of the Fort Lees pavillion, in which he made money. Afterwards he kept store-houses in different parts of the city. He bought a splendid house in Astoria, Long Island, and lived most extravagantly, surrounded by all the appurtenances and comforts which great wealth only can give. Beverelly was a member of the N. Y. light guard, and was by them much esteemed. About a year ago, he invited them to visit his residence in Astoria. On the occasion of their visit he chartered a steamboat to convey them to his house; and when they arrived there, he entertained them sumptuously. Before leaving, the light guard presented him with a gold watch and chain, as a mark of their esteem.

Henry Ward Beecher thus refers in the Independent to the N. Y. Tribune's suggestion that he be sent to congress:

"EQUIVOCAL HONOR DECLINED.—The Tribune last Saturday in reply to a private letter asking its advice on the matter, recommends that we be nominated for congress, elected and sent; and when that shall be done, that we *go*.

"It may not be modest for us to decline before we are really asked. But such efforts will certainly be love's labor lost. If the people wish us to be the president of the United States, we should be disposed to accept that. And we fancy that there will be new times in Washington city after our inaugural shall have been pronounced.

"Had the proposal to go to congress proceeded from the American board of missions, there would have been grave reasons for considering it. We doubt whether they have a harder field in all heathendom; nor yet a field where the gospel is more needed.

"But, for mere political reasons, to backslide from the pulpit into congress, is a little too long a slide for the first ventre. We beg to decline in advance."

The wheat harvest commenced in this county last week. From what we have seen and heard, we judge the crop to be heavy and of superior quality. All other crops are very promising, and the weather as fine as farmers could wish—dry and cool, with an occasional night shower. Should this continue for a few weeks, the people of Wisconsin will be the richest agricultural community in the world. Almost entirely free from debt, the avails of their crops may be computed by millions of dollars, while the increased value of their real estate is at the rate of 50 to 100 per cent. per annum.—*Portage City Badger State.*

THE CHOLERA IN TOWN.—There seems to be but little doubt but that a few cases of cholera made their appearance last week in town. Some physicians deny that there have been any genuine cases, but others assert that there have been among those residing here, four deaths, from a disease very much resembling cholera, if it was not it. The names of the victims are as follows:

Miss SARAH, daughter of Hiram Bodwell, aged 18 years. Mr. JOHN GAY, aged about 24 years. Mrs. GAY, mother of the preceding. Mr ALFRED CARTWRIGHT, aged about 25 years.

These are all the cases that have come to our knowledge. A few newly arrived Norwegians have died from a combination of heat, filth, ship fever and other diseases, but the contagion has not extended to residents.—*Madison Argus,*

THE JAPANESE.—The N. Y. Commercial has a letter dated "U. S. ship Macedonian, near Jeddo, March 12, 1854." We clip from it:

"On our passage down from Loo Choo the Macedonian went on a rock, and had there been much sea at the time, we should have lost the ship. We were going at the rate of about six knots an hour, in a cold rain storm, and stuck on a coral reef. We remained there 26 hours, and only got off after throwing overboard much shot and coal.

We find the Japanese to be great farmers and good mechanics. I have examined some of their work. It is very good, and they learn anything quickly. But they are far behind the times with respect to their boats, both in rig and hull.

Our new friends need no lessons in the art of trading. They charge us 75 cents for a chicken. Some of our men paid them in gold coin, and received their change in copper washed with gold. They are a shrewd, cunning people, and they will show it before long. They are very active, as you would have said had you seen them leap and run when the young locomotive uttered its first scream.

"Some of the presents they have sent to the United States are very beautiful."

THE HARVEST.—Our state exchanges bring us cheering accounts of the progress of the harvest. The winter wheat is ripe and ready for cutting, the straw bright, the heads full, and no rust or blight apparent.

The crop this year will be the largest ever harvested in this state. The recent rains have wet the standing shocks a little, where grain had been already cut, but did no material injury. The crop of winter wheat will be harvested and gathered in the course of a week or ten days, by which time the spring wheat will be ready for the cradle or reaper. With clear weather, the yield will be magnificent.—*Madison Argus.*

OHIO POLITICS.—The Ohio Anti-Nebraska state convention which met at Columbus, on the 18th inst., made the following nominations for candidates for the approaching election, to be supported by the Anti-Nebraska party:

For judge of the supreme court, Joseph R. Swan, (a dem.) of Franklin.

For member of the board of public works, Jacob Blickendeffer, Jr., (whig) of Tuscarawas.

These gentlemen were nominated by acclamation.

CHICAGO AND AURORA RAILROAD.—The revenues of this road for the last six months have been as follows:

January,	$13,345 42
February,	15,387 29
March,	16,133 95
April,	14,592 96
May,	22,683 34
June, (estimated,)	28,455 70
	$111,587 65

The Janesville Gazette issued the first number of their new daily on the 4th. of which they sent us a copy. We must say for it that it is decidedly the handsomest paper in the state—being printed on new material throughout. We do not doubt the ability of the proprietors to get up an able and useful daily. We hope it will be fully sustained in that thriving young city.—*Potosi Republican.*

Alden & Holt, proprietors of the Janesvill Gazette, have commenced publishing a daily paper; terms $5 a year. The Janesville people exhibit a heavy stock of enterprise in all branches of business and substantial operations, including railroads and newspapers. We are not sure but we will be indebted to them for the first railroad through to the Mississippi in Wisconsin. Whe hope the Janesville Daily Gazette will be well sustained, and that western Wisconsin may be well represented on the subscription list.—*Grant Co. Herald.*

MISTAKING THE MAGNOLIA FOR CABBAGES.—Last week a party of German emigrants went ashore from a boat on the Mississippi river, and gathered large quantities of the leaves and flowers from the Magnolia trees, which they took on board, boiled and ate, from the effects of which one man died, and four others came near dying. They had mistaken the leaves of the Magnolia for cabbage, supposing that in this fertile country, cabbages grew wild, and from 60 to 70 feet high, as does the Magnolia on the coast. The leaves of the Magnolia resemble those of the cabbage, but are poisonous.—*Minnesotian.*

LOOK OUT—PASTED BILLS.—The Albany Atlas says: "We have seen a one dollar bill on the Commercial Bank, Glenns Falls, altered to ten, which is the best paster we ever saw. The bill was taken for genuine by one of the best judges in the city, and the fraud is only discovered by comparing it with the tens issued by the bank. The genuine one's have a team of horses with a load of barrels for the vignette."

SALE OF HORSES.—The celebrated trotters, Mac, Tacony and Frank Forester have been sold at auction Mac at $4,100, Tacony at $3,700 and Frank Forester at $2,250.

PLENTY OF LAND.—There are government lands in the Mineral Point district still for sale at $1,25 cents per acre, to the amount of 1,866,000 acres. The Mineral Point Democrat says, "It comprises good timber and prairie land as can be found in the country." The district is composed of all of La Fayette, Grant and Iowa counties, and a part of Green, Dane, Columbia, Marquette, Adams, Sauk, Richlandand Crawford counties, being 162 townships.

EARLY JOY.—We are informed that a youth of sixteen summers recently led to the altar a blushing bride on whose radiant brow life's fifteenth spring had not yet beamed. The young couple are worthy residents of our city, and we are assured they wear the hymenial yoke with becoming dignity.—*Peoria News.*

WEATHER.—A heavy shower passed over this city last night, but it did not seem to, at all, cool the temperature of the atmosphere, which was almost intolerably hot. At present writing (one o'clock P. M.,) another thunder shower is in progress, which, from present appearances, will moderate the atmosphere to a comfortable pitch.—*Free Dem., Wednesday.*

EXTRAORDINARY CAPTURE.—On Friday morning about one o'clock, a city watchman discovered an alligator, between three and four feet in length, near South Broad street, passing toward the South Common. With the aid of one of the mounted police, he was captured and taken to the guard house.—*Savannah Herald.*

Judge Bronson, the "hard" candidate for governor of New York, announces himself in favor of the Maine law.

EXPANSION FROM HEAT.—We noticed on Thursday, says the Newberry (S. C.) Sentinel, that the rails on the Greenville and Columbia railroad had expanded very much from the excessive heat. The vacant spaces between them were closed up and the rail drawn up in the form of an arch, five inches at the highest point from the stringer, at the same time drawing out two spikes. The rails were so hot that it was like handling hot coals to touch them. We noticed two other rails slightly arched.

The total valuation of Cincinnati is about $81,000,000—of which $21,000,000 is personal property.

The Kansas Free Democrat is the title of a new paper to be started at Fort Leavenworth, near the border of Kansas, next September, by George Brewster of the Loraine (Ohio) Journal. It will labor to keep Kansas free from the curse of slavery.

A case of true grit is that of Miss Culmina Spinks, who will marry her ugly but rich old lover, just to keep other young and innocent girls from being duped by his protestations.

STRUCK BY LIGHTNING.—During the shower this afternoon, the flag-staff on the cupola of the United States hotel, was struck by lightning, shivering it to atoms. It made a report as loud as a cannon.—*Wisconsin.*

The other was a heavy white horse, high-hipped, oldish looking, stiff in the forward parts, and marked with the collar on the top of the neck. RAILROAD STORE!

I WISH to call attention, as I have done before,
To the Goods I am receiving now at the Railroad Store,
Where all the newest Fashions, to suit the young and old,
The richest and the cheapest goods in Janesville, will be sold.

My large and splendid stock of Lawns to show I'm always willing,
The price, as all the Ladies know, is from sixpence to a shilling.
I've Fine Black Silks from Italy, and colored ones that's rare,
Plaid, Grodenaps and Marcellaines, and Florences to spare.

And such a lot of Hosiery, I know cannot be beat,
And Gloves a great variety, they are so very neat:
Just now, when Spring is coming, and every thing looks bright,
For a glove to suit the season, the color should be light.

There are other Goods for Ladies, of which they ought to know,
That I keep in those blue boxes, and am always pleased to show,
Such as Blonde and Linen Edging, Cotton and Cambric, too,
Muslin and Cambric Needlework, and Gimps of every hue.

Those Undersleeves and Chimisettes I almost had forget,
And Ladies' Needlework Collars, so beautifully wrought,
With Bishop Lawns and Cambrics, and Muslins fine and neat,
And Lace to make old ladies' Caps and trim them off complete.

And to parry Sol's "directer rays," I've Parasols to sell,
Of every price and color—they please the Ladies well—
And Umbrellas cheap for Gents, or so at least they say,
For lots of them get carried off, on every rainy day.

Such lots of Combs for the million, of every sort and kind,
To puff, or curl, or plait the hair, no better can you find;
And every kind of Buttons for dresses, coats and vests,
To sell by the gross or dozen—they are the very best.

And for Gentlemen and little Boys I have Fashionable Hats,
Silk, Beaver, Leghorn, Panama, and cloth and leather Caps;
And for infants, Hats with feathers and ribbons gay and bright,
And little Caps with tassels drab, orange, blue and white.

I have stacks of Linen; of yellow, brown and white,
And every other kind, of Summer Goods that's right
To make up into coats and pantaloons and vests—
As large a stock as any, that ever was brought West.

They say long advertisements, are not the oftenest read,
And that most may be meant, as oft, when least is said,
In view of this, I'll close my bill, and here invite you all,
Whenever you come to Janesville, be sure and give me a call.

IRA P. BALLOU.

A GREAT MISTAKE.

J. B. CROSBY & Co.

HAVE just returned from New York and Boston, and purchased so large a stock of Merchandise that they have not room to store them, and to remedy this, they have concluded to mark their goods down at

A TRIFLE ABOVE COST,

which will crowd their store with customers and ensure large and heavy sales, thus making room for goods yet to arrive. Ladies and Gentlemen,

THIS IS NO HUMBUG,

but a REALITY, and to be convinced of this fact personally, look through their immense stock, see the amount of goods they have in store, (and but a portion of their stock has yet arrived,) enquire the price, and you will acknowledge that we will sell you

GOOD GOODS, at nearly half the Price,

that other Merchants charge. We shall not mention a few leading articles and their prices, and sell the balance of stock at *higher rates*, as other Merchants do, but shall mark our whole stock at a small regular profit, and adhere strictly to the

ONE PRICE SYSTEM.

Our stock consists of STAPLE AND FANCY DRY GOODS, GROCERIES, CROCKERY, BOOTS AND SHOES, HATS, CAPS, CARPETS, OIL CLOTHS, READY-MADE CLOTHING, &c. &c., to which we invite especial attention, as to quality and price, as we are determined that

Every Sale shall give Full and Perfect Satisfaction.

Auction or shop worn goods which are not cheap at any price we do not deal in; but buy only the best grade of goods, and of the latest styles. We are the only House in Janesville that do a strictly cash business, and buying of importers and wholly for cash, we

CAN AND WILL SELL
CHEAPER AND BETTER GOODS,

than those who buy small stocks on time, and sell them the same way.

To Country Merchants,

We would say, that we will sell you goods at New York and Boston prices, adding freight. You will find us at the old stand of J. B. CROSBY, *two doors above the Post Office.*

1000 Dollars Reward,

WILL be given to any person—Physician or otherwise—who will perform a cure as quickly and permanently, by any means whatever, of any of the following diseases, as can be done by the use of

PULVERMACHER'S

Hydro-Electric Voltaic Chains.

Rheumatism,	Nervous Headache,
Painful and Swelled Joints,	Palpitation of the Heart,
Sciataca,	General Debility,
Paralysis,	Female Diseases,
Spinal Disease,	Neuralgia of the Face,
Deafness, Blindness,	Rheumatic Pains of the Chest
Dyspepsia, Indigestion,	

ALL NERVOUS DISEASES

Are almost instantly removed by the simple application of the Electric Chains, which are constructed so as to be worn next to the skin, producing a constant current of uninterrupted Electro-Magnetism, which within the last few years has been discovered to possess STRANGE and WONDERFUL POWER, in the INSTANT RELIEF and PERMANENT CURE of nervous diseases.

HISTORY.

Pulvermachers' Chain are presented to the public, as the most scientific and convenient mode of applying this powerful agent. They have been secured by patent in France, (where they were invented) England, Germany, Austria, Belgium, and one year since introduced into the United States, and also secured by patent. They are used in every Hospital in the State of New York, and highly recommended by professors Valentine Mott, Van Buren, Post, Carnochan, of that city, who daily make use of them in their practice.

THE WORLD IS CHALLENGED

to produce so many well authenticated certificates of cure, not only from intelligent patients, but from *scientific Physicians.* The sale now in New York is perfectly ASTONISHING, and thousands who visit the Crystal Palace where they are on exhibition, seldom fail to obtain a chain before they leave the city.

Thanks be to the common sense of the people who are beginning to become disgusted with the practice of making a Drug Shop of their stomach—swallowing bottle after bottle of sickening, disgusting trash, having no more effect in even relieving, much less curing, the disease for which they are recommended, than a Poor Man's Plaster applied to the top of the head would have in curing an infant of worms.

All these great and remarkable discoveries, by which every ill "which flesh is heir to" is eradicated from the earth—strange as it may seem—are made by men who are too *ignorant* to obtain a living by any other mode, and their knowledge of disease, its proper mode of cure, its cause, is just as extensive as an Arab's is of the mechanism of a steam engine. No intelligent person will deny the truth of this, and no Physician dare risk his reputation as an honest man, and declare that *nervous diseases* are not more frequently increased in severity than *relieved*, by the old antiquated way of giving medicine into the stomach. If people will only become sensible and think for themselves, and believe that physicians practice upon their credulity more than they have any idea of, pay strict attention to temperance in all things, (which means very much,) make free use of *pure cold water, internally and externally*, with an occasional dash of soap, sleep in freely ventilated rooms, retire early and rise early, be happy and cheerful, employ their physicians to tell them "they require no physic;"—by so doing health and happiness will increase, bottled molasses and water be at a discount, and its famous discoverers be consigned to their legitimate stations.

The Hydro-Electric chains are now for the first time offered to the people of Nashua, as being a *better, quicker, and safer mode* of curing all nervous diseases, than any other method or means hitherto discovered. They can be used by either a grown person or a child, are always ready for use, and with little care will last for years.

CAUTION.

Ladies who are *enciente*, are requested not to wear them, for by long use, miscarriage is apt to be produced.

Price of Chains, $3 to $5, and can be sent by mail to any part of the country, together with a pamphlet of 36 pages, containing the modes of use, certificates of cure, &c. J. STEINERT, General Agent,

SUGAR.—Good quality N. O., twenty pounds for a dollar. [40] I. M. SMITH.

THE DAILY GAZETTE.

New York, July 10th.

ADDITIONAL NEWS BY THE FRANKLIN.—The Czar has consented to resign the exclusive protectorate to the Greek christians, if the Turks will accede to a joint protectorate of the five powers. He will evacuate the principalities when the western powers evacuate Turkey; but still maintain a strong military position in Moldavia, as provisional security. The Czar has sent friendly autograph letters to several German powers.

HOSTILITIES CONTINUE.—Fighting reported on the Black Sea and the Danube, and in Asia. French army has embarked for Finland. No decisive naval engagement. The Turks had a battle with the Russian rear guard, in which the latter lost 25,000 men.

BREADSTUFFS.—Richardson quotes western canal flour 36s 8d; good Ohio 89s. Corn—western, white and yellow—transactions large, at lower prices—35s. An average crop is reported.

New York, July 19th.

Steamer Niagara arrived at Halifax. Flour declined 11c; wheat 4c; corn 22c.

Great battle near Silistria—Russians retreated with a loss of twenty-five thousand men.

The Turks have suffered a disastrous defeat in Asia.

The insurgents in Spain have been again defeated.—*Sentinel's despatch.*

JAPAN.—The long desired treaty of friendship between the U. S. and Japan, was concluded on the 28th of March, and is styled the treaty of Kanaguna. Five ports on the island of Niphon to be the main trading points—Chickadada, on the north of the island of Yasso for whalers; Napa Kiang on the Loo-Choo islands, and two other ports yet to be named. These ports, except Simoda, are not to be open until the 28th of March, 1855, but vessels putting in in distress before that time will be furnished with necessaries. The Japanese commissioners wished to stipulate that the Americans should enjoy only the same privileges as the Dutch—that the ports should be opened after five, four, three, and two years—that no white woman should be permitted to land—that Nangasaki should be the only port, etc. But Com. Perry insisted upon more liberal terms and succeeded.

A SLAVERY RESTRICTION NOT REPEALED.—In the joint resolution for annexing, Texas to the United States, passed by congress and approved by John Tyler, May 2, 1845, (see *Whig Almanac*, 1846, p. 55-6,) we read as follows:

"Third: New states, of convenient size not exceeding four in number, in addition to the said state of Texas, and having sufficient population, may hereafter, by the consent of said state, be formed out of the territory thereof, which shall be entitled to admission under the provisions of the federal constitution, and such states as may be formed out of that portion of said territory lying south of thirty-six degrees thirty minutes north latitude, commonly known as the Missouri compromise line, shall be admitted into the union with or without slavery, as the people of each state asking admission may desire. And in such state or states as shall be formed out of said territory north of said compromise line, slavery or involuntary servitude (except for crime) *shall be prohibited.*"

As this arrangement has never, to our knowledge, been repealed, we do not see how slavery is to be got into New-Mexico this side of the Rio Grande, even if the people should ever desire it.—*N. Y. Tribune.*

A municipal election in the borough of Chambersburg, Pa., for a member of the local council in place of one who had resigned, has resulted thus: William Heyser, regular democratic candidate 25, Adam Vanderaw, regular whig candidate, 22; Jacob N. Snider, a democrat, but not known as a candidate, 174! The Chambersburg Whig says that not a man could be found to acknowledge that he had voted for him, or who knew that he was running. The secret of the result was that Mr. Snider was elected by the new organization called "Know Nothing."—Chambersburg, it must be understood, was previously a whig town.—*Philadelphia Amer.*

The New York papers announce that the Ericson has been fully repaired since her accident, and will soon go to sea. Public curiosity will be much gratified, for although the high expectations concerning her have greatly subsided since her first experiment, still there is good reason to hope that the invention will ultimately prove of great value.

New York July 15.

The board of health of this city report the total number of deaths for the week ending today, to be 817, being the largest mortality of any week this season, of which there were 147 of cholera, being an increase of 45 over the preceding week.

The U. S. mail steamer Catawba with three days later news from Havanna, is coming up the bay.

THE GREAT REPUBLIC.—The ship Great Republic, originally of 4,552 tons register built by Donald Mc Kay of Boston, launched 1853, and partially destroyed by fire at Boston port in December last, was sold at auction on Wednesday, as she now lays at Green Point, L. I., by L. M. Hoffman & Co., who after an animated contest knocked her down to N. B. Palmer, Esq. for $28,250. Terms, one third cash, third 30, and the balance 60 days. The Great Republic was constructed at cost of $300,000, on which there was insured in New-York $255,000 and $20,000 in Boston.

It is quite possible there may have been at some previous period of the world's history, as hot a day as was yesterday, but we think it has not occurred in our time. There is a theory extant that the world was once a molten liquid mass. We are afraid it is returning to "first principles."—*Kenosha Tel., Wednesday.*

FINISHING UP!"—Such is the cheering word from the river improvement below us. The water has been let out of the Rapide de Croche lock—steamboat navigation is suspended, and stages run through to green Green Bay—and the workmen are finishing up the work at Kaukauna, Little Chute and Ceder Rapids, with all possible dispatch.

'Now by St. Paul, the work goes bravely on.'—*Appleton Crescent.*

An old soldier whose nose had been lopped off by a sabre cut happened to give a few pence to a beggar who exclaimed in return:

"God preserve your eye-sight!"

"Why so?" inquired the veteran.

"Because, sir," was the reply, "if your sight should grow weak, you couldn't keep spectacles before them."

LET THEM THAT THIRSTETH COME.

AGAIN & AGAIN
THE BOSTON STORE.

Let the Horn be Blown!!
"Sound the loud timbrel o'er land and o'er sea," WHEELOCK'S triumphant, and ever shall be.

THIS is the middle of the nineteenth century, the first half of which has produced more change and onward movement than any fifty years of our Christian Era.

The great controlling power of this age is its commerce—indeed, this may be truly called the commercial age.

It has been well said by an ancient writer that
"Man wants but little here below,"
and to supply those wants

WHEELOCK

Announces to every people and every tongue, to both sexes and all parties, to all factions of all gauges, that finding his old store entirely

TOO SMALL!

He has been compelled, in order to be able to supply the immense call for goods at his establishment, to

Double the capacity of his Store Rooms!

Having purchased this spring, for this market, to be sold this season,

$39,007 00 Worth of Goods!

But who can expect to read in the brief space of one life all the articles that the

BOSTON STORE CONTAINS.

Indeed, history must fail to give the searcher of knowledge any accurate idea of his immense

STOCK OF SUMMER GOODS,
His inimitable selection of
Fancy Dress Goods!
He has over
10,000 Yards of Silk Bareges,
of every style and price, and it is with no great difficulty that the fair damsels of this fair valley can select,
FROM THE ONE THOUSAND PIECES,
Of all patterns and ranging in price from *SIX CENTS Per Yard to Twenty-Eight Cents,* such dresses as will add to their exquisite beauty, though it may as a general thing, be as difficult to add to that beauty as it is "to gild refined gold, paint the lily, or add perfume to the violet."

It must not be inferred that we offer only these and the many other articles for outer apparel, such as Chamelion and Foulard Silks, but all manner of

Cotton, Grass & Linen Goods

are on change, so that every one may be entirely accommodated with every article of female apparrel.—
Eved French red foxed Gaiters,
do do wolfed do
Ladies' Enameled Boots, Enameled sewed Congress Boots,
LADIES MOROCCO POLKAS,
And all the articles manufacured of the best styles.—So that of this store, so far as articles which adorn La Belle sex are concerned, it may be truly said
"CUSTOM cannot stale the infinite variety."

While the Boston Store has made provision to protect the feet, it can also boast that it has all sorts of

GLOVES,

by which hands can be protected and retain
"The white wonder of fair Juliet's hand."

And in taking leave of those of whom it is no exaggeration to say they are
"Heaven's last, best gift to man,"
the Nonparells of beauty, the Paragons of perfection, Mr. Wheelock assures his fair customers that his assistants and auxiliaries are those who unite great knowledge of the business, fine personal presence and affability of manner to a determination to discharge CONSCIENTIOUSLY their several and respective duties—that while they may have the proper desire to effect sales, they will never in imitation of many of our contemporaries attempt to accomplish that object by equivocation, misrepresentation, exaggeration, tergiversation, fabrication, or by direct lying.

And now to the wants of the

COARSE-HAND SEX.

Mr. Wheelock has every kind of material to make those articles of dress that give to man his individuality—

PANTALOONS,

CALF "BEWTS,"COW HIDE do., GAZELLE, do., PATENT LEATHER do., GIRAFFE do.,

HATS

That fit every head from the Websterian brow to the country politician's sconce, from the size of caput of him who is closely shorn after the Hibernian fashion to that of him who wears the well-pomatumed, ambrosialized, elongated Hyperion curls.

And to the speculator who buys to sell again,

The Boston Store

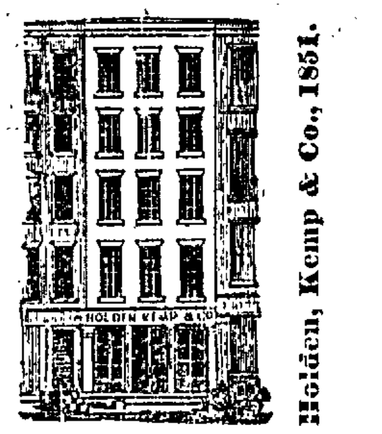

Can, at lower rates of usance than any other establishment west of the Alleghany mountains, furnish that class of exchanges so that riches will fill their pockets as water fills the sea. And to them we offer
DOMESTIC GLASSWARE, WORSTED,
Pocket Handkerchiefs, Inkstands, Cotton Yarn,
Ready-made Vests, Ground Pepper, Flannels,
Looking Glasses, Ready-Made Over Coats, Pants,
Raisins, Flat Irons and Cotton Batting, Lanterns,
Satchels, which the whining school-boy with shining morning face bears on his arm,
Chests, Norwegian Bandboxes and Hair Trunks,
Tea, Tobacco and Wicking.
In the

CROCKERY

Line may be found the
BENNINGTON, the PARIAN and the LAVA Manufacture, Pitchers for milk or water, Tea Pots, Spittoons, Bowls for washing, for bread and milk, or sugar, Candlesticks, children's Toys and Flower Pots, MAINE LIQUOR LAW VOLUMES and Lager Beer Mugs.

And in fine, the proprietor of this establishment can with all confidence assure those who have been in the habit of trading at Janesville that, although they have
"Often seen corruption boil and bubble till It o'erran the stew,"
they will find that the representations which shall be made to them by that proprietor or his clerks will not
"Stand like forfeits in a Barber shop, More in mock than mark."

THE UNDERSIGNNED have the pleasure of again greeting their old friends and patrons with the fact that they are as usual to be found at the

OLD HEAD QUARTERS,
The Great Regulator of the Drug Trade for the interior of the State,
THE EMPIRE DRUG STORE.

Having been engaged in the *WHOLESALE AND RETAIL DRUG BUSINESS* here for years, we are supposed to be posted on all matters pertaining to the interests of the trade and our customers.

Our aim in the beginning was to sell

Pure Goods at Fair Prices,

And having during a series of years witnessed the "*Rise and Fall*" of men who endeavored to compete with this system, whose desire to delude the public with a bombastic advertisement was apparently their highest ambition, has more than ever convinced us that *OUR* system is the only one that can win.

In view of these facts,

Our Spring Purchase

has been unusually heavy, in which nothing that enters in the most remote degree into our business has been omitted.

DRUGS, FOREIGN & DOMESTIC,
GUMS, POWDERED ARTICLES, HERBS & EXTRCTS,
Including every article of the most pure and choice kind.

☞ If Physicians will take the time to look through our Stock and examine minutely the quality of our Medicines and Preparations, they will not only find articles that will suit them, but goods that can at all times be relied upon.

Of these leading articles we have an almost unlimited supply. Buying of first hands, for *Net Cash,* enables us to offer great inducements to Merchants and others to buy directly of us; and having worked into a

Heavy Wholesale Trade.

In this class of goods, our stock will always be found the largest in the interior, and our prices by far the most desirable.

FANCY ARTICLES & PEDLER'S GOODS.

To this part of our trade, which has involuntarily grown upon us, we have this spring given more than usual attention. Our assortment will be found desirable and prices satisfactory.

Including a large and most desirable Stock. Ladies and Gentlemen are requested to look at our Assortment, it is not surpassed by any House in the West.

Our time being of more value to our customers than in writing advertisements, we will only say in conclusion, that

Every Article Pertaining to the Trade

can be found at our Establishment. In regard to prices, all who know with what superior facilities we enter the market, connected as we are with an extensive
WHOLESALE HOUSE IN NEW YORK CITY,
must see at once that no establishment *here* can hope to compete with us, without either imposing upon their customers or sharing the fate of their predecessors.

The ONE PRICE CASH SYSTEM, originally introduced into this community and strictly adhered to by this Establishment, has won for it a reputation far more valuable than the Stupendous Self-puffings, quarterly renewed, industriously circulated but universally discredited, which many modern shop keepers deem indispensable to success.

The system will of course be continued—admitting no variation or improvement—to the satisfaction undoubtedly of a large and most desirable class of customers, although at the sacrifice probably of the steady patronage of inveterate higglers and those who inherit the belief that *all* Salesmen will cheat them if possible.
Respectfully,

Janesville Clothing Emporium.
WM. ADDY,
Merchant Tailor, & Dealer in Ready Made Clothing and Gentlemen's Furnishing Goods,

HAS received his Spring and Summer STOCK, consisting of the very Best and Fashionable CLOTHS, CASSIMERES, DOESKINS AND VESTINGS, of English, French and American manufacture.

This establishment is now, as usual, the favorite place of resort for the Fashionable, the Cutting Department still being under my own personal supervision, and warranted to suit the most difficult, twenty per cent lower than any other establishment in the State.

No Fit, No Sale, is my doctrine.

You will ask how I can do this; I will tell you: From my long experience in this business, and being a tical Tailor, I know when, where and how to buy my Goods, what to pay for them, and how to cut them, not having to secure the services of an *eminent artist,* at a salary of $1,000 to $1,500 a year, which the purchaser must pay for—this is the secret. I have got on hand a good assortment of

Ready Made Clothing,

of my own manufacture, and warranted in every respect. *Call and examine, before you buy elsewhere.*

NEW GOODS!
$15,000 Worth of
BOOTS AND SHOES
JUST RECEIVED AT THE
Wisconsin Boot & Shoe Store.

I AM now receiving one of the largest and finest stocks of Boots and Shoes that I have ever before brought to Janesville, and what is finer than all the rest, I can sell them at lower prices than I have ever sold before, notwithstanding the great advance in the Eastern Market. My assortment of

Ladies Fine Shoes,

in particular, I have no hesitation in saying cannot be equaled in the State, both for style and durability, being all made to order, and in such a manner that I can warrant every article I sell, with the understanding at all times, that if they do not come up to the warrant, they shall be mended free of charge.

GENTLEMEN'S WEAR.

In this line I know beyond a doubt that I can show you a finer assortment and at better prices by twenty-five per cent. than can be found at any of the side shops or Dry Goods stores about town. I want it distinctly understood that I make the BOOT AND SHOE TRADE my WHOLE STUDY, and that I *Buy More, Sell More and know more about the trade,* than the whole pile of petty dealers put together. And I know also that I can make it an object for **Every Farmer in Rock County,** as well as every one that trades in Janesville to buy their Boots and Shoes of me for the more I sell the smaller profits I can sell at.

Manufacturing.

I want to say a few words to you in regard to my Manufacturing Department, to wit: That I am now engaged more extensively in the manufacturing business, and probably am selling more custom work than all the shops about town put together, simply for these reasons—that I use better Stock, being entirely of Eastern tannage, which every one knows is worth twenty-five per cent more than the common western tanned leather; and what is a better reason and of greater importance, I can

Sell my Custom Work at Much Lower Prices,

and at the same time sell you a better article than you can get at the shops, for this reason, which you must all see is a very palpable one, that in buying my stock east and in such large quantities, I of course save a very large per cent, and thereby can sell at lower prices and at the same time make my profits.

I want to state further that I have secured the services of MR. BUCKINGHAM, who has formerly been engaged in the manufacturing business on the west side of the River, and who is known by every one to, be the best manufacturer in the city; and if we don't get you up a better article, both in regard to style and durability, we will forfeit our money and our reputation, and I pledge you my word that this is *no small forfeit.*

Leather and Findings.

I have just received over $3,000 worth of the very best brands of **Eastern Sole & Upper Leather;** also, a very large assortment of FRENCH and PHILADELPHIA KIP and FRENCH CALF SKINS, together with a full assortment of MOROCCOS of every kind, which I will sell at

Precisely Milwaukee and Chicago Prices.

I have constantly on hand, also, a large assortment of all kings of FINDINGS, LASTS, BOOT TREES, CRIMPS, etc., etc., all of which will be sold at the same rates.

I request the attention of manufacturers in town as well as in the country to my stock, as I think I can make it an object for you to buy of me. At least, I can sell you a much superior article to that which you get of the pedlers.

TO THE LADIES,

I would say that I am under very great obligation for the partiality you have shown me, in always procuring your understandings from me, and I now publicly promise and swear that I will make every one of you who may be entitled to the same a present of a handsome pair of CACKS, when I shall have closed up my shoe-selling career. I would say further, that I am prepared to get up to order any style of work you wish, at low rates.
Yours respectfully,
J. B. DIMOCK, Proprietor,
T. H. BUCKINGHAM, Foreman.

By the way, don't forget the location of the Institution, three doors above the Post Office, Janesville, Wisconsin.

THE DAILY GAZETTE.

New York, July 19th.

Additional News by the Franklin.—The Czar has consented to resign the exclusive protectorate to the Greek christians, if the Turks will accede to a joint protectorate of the five powers. He will evacuate the principalities when the western powers evacuate Turkey; but still maintain a strong military position in Moldavia, as provisional security. The Czar has sent friendly autograph letters to several German powers.

Hostilities Continue.—Fighting reported on the Black Sea and the Danube, and in Asia. French army has embarked for Finland. No decisive naval engagement. The Turks had a battle with the Russian rear guard, in which the latter lost 25,000 men.

Breadstuffs.—Richardson quotes western canal flour 36s 3d; good Ohio 39s. Corn—western, white and yellow—transactions large, at lower prices—35s. An average crop is reported.

New York, July 19th.

Steamer Niagara arrived at Halifax. Flour declined 11c; wheat 4c; corn 22c.

Great battle near Silistria—Russians retreated with a loss of twenty-five thousand men.

The Turks have suffered a disastrous defeat in Asia.

The insurgents in Spain have been again defeated.—*Sentinel's despatch.*

Japan.—The long desired treaty of friendship between the U. S. and Japan, was concluded on the 28th of March, and is styled the treaty of Kanaguna. Five ports on the island of Niphon to be the main trading points—Chickadada, on the north of the island of Yasso for whalers; Napa Kiang on the Loo-Choo islands, and two other ports yet to be named. These ports, except Simoda, are not to be open until the 28th of March, 1855, but vessels putting in in distress before that time will be furnished with necessaries. The Japanese commissioners wished to stipulate that the Americans should enjoy only the same privileges as the Dutch—that the ports should be opened after five, four, three, and two years—that no white woman should be permitted to land—that Nangasaki should be the only port, etc. But Com. Perry insisted upon more liberal terms and succeeded.

A Slavery Restriction not Repealed.—In the joint resolution for annexing Texas to the United States, passed by congress and approved by John Tyler, May 2, 1845, (see *Whig Almanac*, 1846, p. 55-6,) we read as follows:

"Third: New states, of convenient size not exceeding four in number, in addition to the said state of Texas, and having sufficient population, may hereafter, by the consent of said state, be formed out of the territory thereof, which shall be entitled to admission under the provisions of the federal constitution, and such states as may be formed out of that portion of said territory lying south of thirty-six degrees thirty minutes north latitude, commonly known as the Missouri compromise line, shall be admitted into the union with or without slavery, as the people of each state asking admission may desire. And in such state or states as shall be formed out of said territory north of said compromise line, slavery or involuntary servitude (except for crime) *shall be prohibited.*"

As this arrangement has never, to our knowledge, been repealed, we do not see how slavery is to be got into New-Mexico this side of the Rio Grande, even if the people should ever desire it.—*N. Y. Tribune.*

A municipal election in the borough of Chambersburg, Pa., for a member of the local council in place of one who had resigned, has resulted thus: William Heyser, regular democratic candidate 25, Adam Vanderaw, regular whig candidate, 22; Jacob N. Snider, a democrat, but not known as a candidate, 174! The Chambersburg Whig says that not a man could be found to acknowledge that he had voted for him, or who knew that he was running. The secret of the result was that Mr. Snider was elected by the new organization called "Know Nothing."—Chambersburg, it must be understood, was previously a whig town.—*Philadelphia Amer.*

The New York papers announce that the Ericsson has been fully repaired since her accident, and will soon go to sea. Public curiosity will be much gratified, for although the high expectations concerning her have greatly subsided since her first experiment, still there is good reason to hope that the invention will ultimately prove of great value.

New York July 15.

The board of health of this city report the total number of deaths for the week ending to-day, to be 817, being the largest mortality of any week this season, of which there were 147 of cholera, being an increase of 45 over the preceding week.

The U. S. mail steamer Catawba with three days later news from Havanna, is coming up the bay.

The Great Republic.—The ship Great Republic, originally of 4,552 tons register built by Donald McKay of Boston, launched 1853, and partially destroyed by fire at Boston port in December last, was sold at auction on Wednesday, as she now lays at Green Point, L. I., by L. M. Hoffman & Co., who after an animated contest knocked her down to N. B. Palmer, Esq. for $28,250. Terms, one third cash, third 30, and the balance 60 days. The Great Republic was constructed at cost of $300,000, on which there was insured in New-York $255,000 and $20,000 in Boston.

It is quite possible there may have been at some previous period of the world's history, as hot a day as was yesterday, but we think it has not occurred in our time. There is a theory extant that the world was once a molten liquid mass. We are afraid it is returning to "first principles."—*Kenosha Tel., Wednesday.*

Finishing Up!"—Such is the cheering word from the river improvement below us. The water has been let out of the Rapide de Croche lock—steamboat navigation is suspended, and stages run through to green Green Bay—and the workmen are finishing up the work at Kaukauna, Little Chute and Ceder Rapids, with all possible dispatch.

'Now by St. Paul, the work goes bravely on.'—*Appleton Crescent.*

An old soldier whose nose had been lopped off by a sabre cut happened to give a few pence to a beggar who exclaimed in return:

"God preserve your eye-sight!"

"Why so?" inquired the veteran.

"Because, sir," was the reply, "if your sight should grow weak, you couldn't keep spectacles before them."

AGAIN & AGAIN
THE BOSTON STORE.
Let the Horn be Blown!!

"*Sound the loud timbrel o'er land and o'er sea,"*
WHEELOCK'S triumphant, and ever shall be.

THIS is the middle of the nineteenth century, the first half of which has produced more change and onward movement than any fifty years of our Christian Era.

The great controlling power of this age is its commerce—indeed, this may be truly called the commercial age.

It has been well said by an ancient writer that

"Man wants but little here below,"

and to supply those wants

WHEELOCK

Announces to every people and every tongue, to both sexes and all parties, to all factions of all gauges, that finding his old store entirely

TOO SMALL!

He has been compelled, in order to be able to supply the immense call for goods at his establishment, to

Double the capacity of his Store Rooms!

Having purchased this spring, for this market, to be sold this season,

$39,007 00 Worth of Goods!

But who can expect to read in the brief space of one life all the articles that the

BOSTON STORE CONTAINS.

Indeed, history must fail to give the searcher of knowledge any accurate idea of his immense

STOCK OF SUMMER GOODS,

His inimitable selection of

Fancy Dress Goods!

He has over

10,000 Yards of Silk Bareges,

of every style and price, and it is with no great difficulty that the fair damsels of this fair valley can select,

FROM THE ONE THOUSAND PIECES,

Of all patterns and ranging in price from *SIX CENTS Per Yard to Twenty-Eight Cents,* such dresses as will add to their exquisite beauty, though it may as a general thing, be as difficult to add to that beauty as it is "to gild refined gold, paint the lily, or add perfume to the violet."

It must not be inferred that we offer only these and the many other articles for outer apparel, such as Chamelion and Foulard Silks, but all manner of

Cotton, Grass & Linen Goods

are on change, so that every one may be entirely accommodated with every article of female apparel.—

Eyed French red foxed Gaiters,
do do wolfed do.

Ladies' Enameled Boots, Enameled sewed Congress Boots,

LADIES MOROCCO POLKAS,

And all the articles manufacutred of the best styles.—So that of this store, so far as articles which adorn La Belle sex are concerned, it may be truly said

"*CUSTOM cannot stale the infinite variety.*"

While the Boston Store has made provision to protect the feet, it can also boast that it has all sorts of

GLOVES,

by which hands can be protected and retain

"*The white wonder of fair Juliet's hand.*"

And in taking leave of those of whom it is no exaggeration to say they are

"*Heaven's last, best gift to man,*"

the Nonpareils of beauty, the Paragons of perfection, Mr. Wheelock assures his fair customers that his assistants and auxiliaries are those who unite great knowledge of the business, fine personal presence and affability of manner to a determination to discharge conscientiously their several and respective duties—that while they may have the proper desire to effect sales, they will never in imitation of many of our contemporaries attempt to accomplish that object by equivocation, misrepresentation, exaggeration, tergiversation, fabrication, or by direct lying.

And now to the wants of the

COARSE-HAND SEX.

Mr. Wheelock has every kind of material to make those articles of dress that give to man his individuality—

they will find that the representations which shall be made to them by that proprietor or his clerks will not

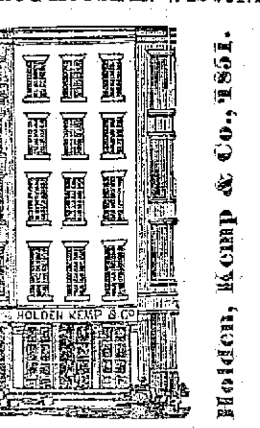

"*Stand like forfeits in a Barber shop, More in mock than mark.*"

HOLDEN, KEMP & Co.
The Empire Drug Warehouse,
WHOLESALE AND RETAIL,
ESTABLISHED 1845!
THE OLDEST DRUG HOUSE IN WISCONSIN!

Holden & Kemp, 1845.

Holden, Kemp & Co., 1851.

THE UNDERSIGNED have the pleasure of again greeting their old friends and patrons with the fact that they are as usual to be found at the

OLD HEAD QUARTERS,
The Great Regulator of the Drug Trade for the interior of the State,
THE EMPIRE DRUG STORE.

Having been engaged in the *WHOLESALE AND RETAIL DRUG BUSINESS* here for years, we are supposed to be posted on all matters pertaining to the interests of the trade and our customers.

Our aim in the beginning was to sell

Pure Goods at Fair Prices.

And having during a series of years witnessed the "*Rise and Fall*" of men who endeavored to compete with this system, whose desire to delude the public with a bombastic advertisement was apparently their highest ambition, has more than ever convinced us that *OUR* system is the only one that can win.

In view of these facts,

Our Spring Purchase

has been unusually heavy, in which nothing that enters in the most remote degree into our business has been omitted.

DRUGS. FOREIGN & DOMESTIC,

GUMS, POWDERED ARTICLES, HERBS & EXTRCTS, including every article of the most pure and choice kind.

☞ If Physicians will take the time to look through our Stock and examine minutely the quality of our Medicines and Preparations, they will not only find articles that will suit them, but goods that can at all times be relied upon.

Family Preparations and Genuine Patent Medicines.

In this department our stock and assortment is unsurpassed. We have the *Sole Agency for all Patent Medicines of any value,* and any article sold in the West can be found at our Store.

FAMILY MEDICINES AND PRESCRIPTIONS compounded with great care, and put up at all hours of the day and night.

Paints Oils, Glass, Varnishes, &c.

Of these leading articles we have an almost unlimited supply. Buying of first hands, for *Net Cash,* enables us to offer great inducements to Merchants and others to buy directly of us; and having worked into a

Heavy Wholesale Trade,

in this class of goods, our stock will always be found the largest in the interior, and our prices by far the most desirable.

FANCY ARTICLES & PEDLER'S GOODS.

To this part of our trade, which has involuntarily grown upon us, we have this spring given more than usual attention. Our assortment will be found desirable and prices satisfactory.

DAGUERREAN GOODS.

A very large Stock Cases and Lockets, of our *own style and design,* manufactured to order for our trade. Artists supplied with Chemicals and every thing pertaining to the business, at the lowest possible rates.

PERFUMERY,

FRENCH, ENGLISH, AMERICAN & GERMAN,

Including a large and most desirable Stock. Ladies and Gentlemen are requested to look at our Assortment, it is not surpassed by any House in the West.

Our time being of more value to our customers than in writing advertisements, we will only say in conclusion, that

Every Article Pertaining to the Trade

can be found at our Establishment. In regard to prices, all who know with what superior facilities we enter the market, connected as we are with an extensive WHOLESALE HOUSE IN NEW YORK CITY, must see at once that no establishment *here* can hope to compete with us, without either imposing upon their customers or sharing the fate of their predecessors.

Orders solicited, and Goods packed with the greatest care.

from the Eastern Markets.

Those in the HARNESS and SHOE business can now obtain their supply of the best quality in this new, beautiful and enterprising city, CHEAP FOR CASH, and save time, trouble and expense in traveling either to the Lake or further East.

It appears that some of our friends have had a sudden impulse of benevolence come over them for the people here and in this vicinity, but doubtless our citizens will discover what the rats did in the fable, that there was a cat in the white heap.

Also, received and receiving an extensive assortment of

Boots & Shoes,

which are offered only at Wholesale, at prices SO LOW, that all who wish to purchase, on examination will not hesitate to buy.

The ONE PRICE CASH SYSTEM, originally introduced into this community and strictly adhered to by this Establishment, has won for it a reputation far more valuable than the Stupendous Self-puffings, quarterly renewed, industriously circulated but universally discredited, which many modern shop keepers deem indispensable to success.

The system will of course be continued—admitting no variation or improvement—to the satisfaction undoubtedly of a large and most desirable class of customers, although at the sacrifice probably of the steady patronage of inveterate higglers and those who inherit the belief that *all* Salesmen will cheat them if possible.

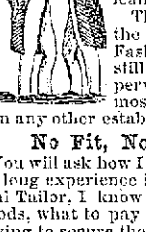

Respectfully,

Merchant Tailor, & Dealer in Ready Made Clothing and Gentlemen's Furnishing Goods,

HAS received his Spring and Summer STOCK, consisting of the very Best and Fashionable CLOTHS, CASSIMERES, DOESKINS AND VESTINGS, of English, French and American manufacture.

This establishment is now, as usual, the favorite place of resort for the Fashionable, the Cutting Department still being under my own personal supervision, and warranted to suit the most difficult, twenty per cent lower than any other establishment in the State.

No Fit, No Sale, is my doctrine.

You will ask how I can do this; I will tell you: From my long experience in this business, and being a practical Tailor, I know when, where and how to buy my Goods, what to pay for them, and how to cut them, not having to secure the services of an *eminent artist,* at a salary of $1,000 to $1,500 a year, which the purchaser must pay for—this is the secret. I have got on hand a good assortment of

Ready Made Clothing,

of my own manufacture, and warranted in every respect. *Call and examine, before you buy elsewhere.*

NEW GOODS!
$15,000 Worth of
BOOTS AND SHOES
JUST RECEIVED AT THE
Wisconsin Boot & Shoe Store.

I AM now receiving one of the largest and finest stocks of Boots and Shoes that I have ever before brought to Janesville, and what is finer than all the rest, I can sell them at lower prices than I have ever sold before, notwithstanding the great advance in the Eastern Market. My assortment of

Ladies Fine Shoes,

in particular, I have no hesitation in saying cannot be equaled in the State, both for style and durability, being all made to order, and in such a manner that I can warrant every article I sell, with the understanding at all times, that if they do not come up to the warrant, they shall be mended free of charge.

GENTLEMEN'S WEAR.

In this line I know beyond a doubt that I can show you a finer assortment and at better prices by twenty-five per cent. than can be found at any of the side shops or Dry Goods stores about town. I want it distinctly understood that I make the BOOT AND SHOE TRADE my WHOLE STUDY, and that I *Buy More, Sell More and know more about the trade,* than the whole pile of petty dealers put together. And I know also that I can make it an object for **Every Farmer in Rock County,** as well as every one that trades in Janesville to buy their Boots and Shoes of me for the more I sell the smaller profits I can sell at.

Manufacturing.

I want to say a few words to you in regard to my Manufacturing Department, to wit: That I am now engaged more extensively in the manufacturing business, and probably am selling more custom work than all the shops about town put together, simply for these reasons—that I use better Stock, being entirely of Eastern tannage, which every one knows is worth twenty-five per cent more than the common western tanned leather; and what is a better reason and of greater importance, I can

Sell my Custom Work at Much Lower Prices,

and at the same time sell you a better article than you can get at the shops, for this reason, which you must all see is a very palpable one, that in buying my stock east and in such large quantities, I of course save a very large per cent, and thereby can sell at lower prices and at the same time make my profits.

I want to state further that I have secured the services of Mr. Buckingham, who has formerly been engaged in the manufacturing business on the west side of the River, and who is known by every one to be the best manufacturer in the city; and if we don't get you up a better article, both in regard to style and durability, we will forfeit our money and our reputation, and I pledge you my word that this is *no small forfeit.*

Leather and Findings.

I have just received over $8,000 worth of the very best brands of **Eastern Sole & Upper Leather;** also, a very large assortment of FRENCH and PHILADELPHIA KIP and FRENCH CALF SKINS, together with a full assortment of MOROCCOS of every kind, which I will sell at

Precisely Milwaukee and Chicago Prices.

I have constantly on hand, also, a large assortment of all kings of FINDINGS, LASTS, BOOT TREES, CRIMPS, etc., etc., all of which will be sold at the same rates.

I request the attention of manufacturers in town as well as in the country to my stock, as I think I can make it an object for you to buy of me. At least, I can sell you a much superior article to that which you get of the pedlers.

TO THE LADIES,

I would say that I am under very great obligation for the partiality you have shown me, in always procuring your understandings from me, and I now publicly promise and swear that I will make every one of you who may be entitled to the same a present of a handsome pair of CACKS, when I shall have closed up my shoe-selling career. I would say further, that I am prepared to get up to order any style of work you wish, at low rates. Yours respectfully,

J. B. DIMOCK, Proprietor,
T. H. Buckingham, Foreman.

By the way, don't forget the location of the Institution, three doors above the Post Office, Janesville, Wisconsin.

RAILROAD STORE!

I WISH to call attention, as I have done before,
To the Goods I am receiving now at the Railroad Store,
Where all the newest Fashions, to suit the young and old,
The richest and the cheapest goods 'n Janesville, will be sold.

My large and splendid stock of Lawns to show I'm always willing,
The price, as all the Ladies know, is from sixpence to a shilling.
I've Fine Black Silks from Italy, and colored ones that's rare,
Plaid, Grodenaps and Marcellaines, and Florences to spare.

And such a lot of Hosiery, I know cannot be beat,
And Gloves a great variety, they are so very neat:
Just now, when Spring is coming, and every thing looks bright,
For a glove to suit the season, the color should be light.

There are other Goods for Ladies, of which they ought to know,
That I keep in those blue boxes, and am always pleased to show,
Such as Blonde and Linen Edging, Cotton and Cambric, too,
Muslin and Cambric Needlework, and Gimps of every hue.

Those Undersleeves and Chimisettes I almost had forgot,
And Ladies' Needlework Collars, so beautifully wrought,
With Bishop Lawns and Cambrics, and Muslins fine and neat,
And Lace to make old ladies' Caps and trim them off complete.

And to parry Sol's "directer rays," I've Parasols to sell,
Of every price and color—they please the Ladies well—
And Umbrellas cheap for Gents, or so at least they say,
For lots of them get carried off, on every rainy day.

Such lots of Combs for the million, of every sort and kind,
To puff, or curl, or plait the hair, no better can you find;
And every kind of Buttons for dresses, coats and vests,
To sell by the gross or dozen—they are the very best.

And for Gentlemen and little Boys I have Fashionable Hats,
Silk, Beaver, Leghorn, Panama, and cloth and leather Caps;
And for Infants, Hats with feathers and ribbons gay and bright,
And little Caps with tassels drab, orange, blue and white.

I have stacks of Linen, of yellow, brown and white,
And every other kind, of Summer Goods that's right
To make up into coats and pantaloons and vests—
As large a stock as any, that ever was brought West.

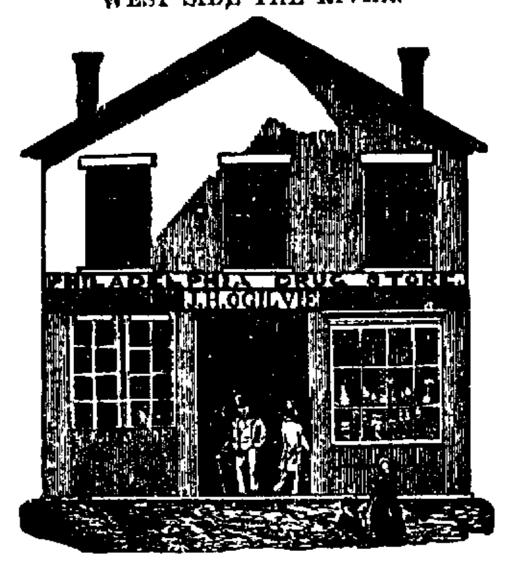

They say long advertisements, are not the oftenest read,
And that most may be meant, as oft, when least is said,
In view of this, I'll close my bill, and here invite you all,
Whenever you come to Janesville, be sure and give me a call.

A GREAT MISTAKE.

J. B. CROSBY & Co.

HAVE just returned from New York and Boston, and purchased so large a stock of Merchandise that they have not room to store them, and to remedy this, they have concluded to mark their goods down at

A TRIFLE ABOVE COST,

which will crowd their store with customers and ensure large and heavy sales, thus making room for goods yet to arrive. Ladies and Gentlemen,

THIS IS NO HUMBUG,

but a REALITY, and to be convinced of this fact personally, look through their immense stock, see the amount of goods they have in store, (and but a portion of their stock has yet arrived,) enquire the price, and you will acknowledge that we will sell you

GOOD GOODS, at nearly half the Price,

that other Merchants charge. We shall not mention a few leading articles and their prices, and sell the balance of stock at *higher rates*, as other Merchants do, but shall mark our whole stock at a small regular profit, and adhere strictly to the

ONE PRICE SYSTEM.

Our stock consists of STAPLE AND FANCY DRY GOODS, GROCERIES, CROCKERY, BOOTS AND SHOES, HATS, CAPS, CARPETS, OIL CLOTHS, READY-MADE CLOTHING, &c. &c., to which we invite especial attention, as to quality and price, as we are determined that

Every Sale shall give Full and Perfect Satisfaction.

Auction or shop worn goods which are not cheap a any price we do not deal in; but buy only the best grade of goods, and of the latest styles. We are the only House in Janesville that do a strictly cash business, and buying of importers and wholly for cash, we

CAN AND WILL SELL

CHEAPER AND BETTER GOODS,

than those who buy small stocks on time, and sell them the same way.

To Country Merchants,

We would say, that we will sell you goods at New York and Boston prices, adding freight. You will find us at the old stand of J. B. CROSBY, *two doors above the Post Office.*

1000 Dollars Reward,

WILL be given to any person—Physician or otherwise—who will perform a cure as quickly and permanently, by any means whatever, of any of the following diseases, as can be done by the use of

PULVERMACHER'S

Hydro-Electric Voltaic Chains.

Rheumatism,	Nervous Headache,
Painful and Swelled Joints,	Palpitation of the Heart,
Sciataca,	General Debility,
Paralysis,	Female Diseases,
Spinal Disease,	Neuralgia of the Face,
Deafness, Blindness,	Rheumatic Pains of the
Dyspepsia, Indigestion,	Chest

ALL NERVOUS DISEASES

Are almost instantly removed by the simple application of the Electric Chains, which are constructed so as to be worn next to the skin, producing a constant current of uninterrupted Electro-Magnetism, which within the last few years has been discovered to possess STRANGE and WONDERFUL POWER, in the INSTANT RELIEF and PERMANENT CURE of nervous diseases.

HISTORY.

Pulvermachers' Chain are presented to the public, as the most scientific and convenient mode of applying this powerful agent. They have been secured by patent in France, (where they were invented) England, Germany, Austria, Belgium, and one year since introduced into the United States, and also secured by patent. They are used in every Hospital in the State of New York, and highly recommended by professors Valentine Mott, Van Buren, Post, Carnochan, of that city, who daily make use of them in their practice.

THE WORLD IS CHALLENGED

to produce so many well authenticated certificates of cure, not only from intelligent patients, but from *scientific Physicians.* The sale now in New York is perfectly ASTONISHING, and thousands who visit the Crystal Palace where they are on exhibition, seldom fail to obtain a chain before they leave the city.

Thanks be to the common sense of the people who are beginning to become disgusted with the practice of making a Drug Shop of their stomach—swallowing bottle after bottle of sickening, disgusting trash, having no more effect in even relieving, much less curing, the disease for which they are recommended, than a Poor Man's Plaster applied to the top of the head would have in curing an infant of worms.

All these great and remarkable discoveries, by which every ill "which flesh is heir to" is eradicated from the earth—strange as it may seem—are made by men who are too *ignorant* to obtain a living by any other mode, and their knowledge of disease, its proper mode of cure, its cause, is just as extensive as an Arab's is of the mechanism of a steam engine. No intelligent person will deny the truth of this, and no Physician dare risk his reputation as an honest man, and declare that *nervous diseases* are not more frequently increased in severity than *relieved*, by the old antiquated way of giving medicine into the stomach. If people will only become sensible and think for themselves, and believe that physicians practice upon their credulity more than they have any idea of, pay strict attention to temperance in all things, (which means very much,) make free use of *pure cold water, internally and externally*, with an occasional dash of soap, sleep in freely ventilated rooms, retire early and rise early, be happy and cheerful, employ their physicians to tell them "they require no physic;"—by so doing health and happiness will increase, bottled molasses and water be at a discount, and its famous discoverers be consigned to their legitimate stations.

The Hydro-Electric chains are now for the first time offered to the people of Nashua, as being a *better, quicker, and safer mode* of curing all nervous diseases, than any other method or means hitherto discovered. They can be used by either a grown person or a child, are always ready for use, and with little care will last for years.

CAUTION.

Ladies who are *enciente*, are requested not to wear them, for by long use, miscarriage is apt to be produced.

Price of Chains, $3 to $5, and can be sent by mail to any part of the country, together with a pamphlet of 30 pages, containing the modes of use, certificates of cure, &c. J. STEINERT, General Agent,
565 Broadway, New York.

RAILROAD STORE!

I WISH to call attention, as I have done before,
To the Goods I am receiving now at the Railroad Store,
Where all the newest Fashions, to suit the young and old,
The richest and the cheapest goods in Janesville, will be sold.

My large and splendid stock of Lawns to show I'm always willing,
The price, as all the Ladies know, is from sixpence to a shilling.
I've Fine Black Silks from Italy, and colored ones that's rare,
Plaid, Grodenaps and Marcellaines, and Florences to spare.

And such a lot of Hosiery, I know cannot be beat,
And Gloves a great variety, they are so very neat:
Just now, when Spring is coming, and every thing looks bright,
For a glove to suit the season, the color should be light.

There are other Goods for Ladies, of which they ought to know,
That I keep in those blue boxes, and am always pleased to show,
Such as Blonde and Linen Edging, Cotton and Cambric, too,
Muslin and Cambric Needlework, and Gimps of every hue.

Those Undersleeves and Chimisettes I almost had forgot,
And Ladies' Needlework Collars, so beautifully wrought,
With Bishop Lawns and Cambrics, and Muslins fine and neat,
And Lace to make old ladies' Caps and trim them off complete.

And to parry Sol's "directer rays," I've Parasols to sell,
Of every price and color—they please the Ladies well—
And Umbrellas cheap for Gents, or so at least they say,
For lots of them get carried off, on every rainy day.

Such lots of Combs for the million, of every sort and kind,
To puff, or curl, or plait the hair, no better can you find;
And every kind of Buttons for dresses, coats and vests,
To sell by the gross or dozen—they are the very best.

And for Gentlemen and little Boys I have Fashionable Hats,
Silk, Beaver, Leghorn, Panama, and cloth and leather Caps;
And for infants, Hats with feathers and ribbons gay and bright,
And little Caps with tassels drab, orange, blue and white.

I have stacks of Linen, of yellow, brown and white,
And every other kind, of Summer Goods that's right
To make up into coats and pantaloons and vests—
As large a stock as any, that ever was brought West.

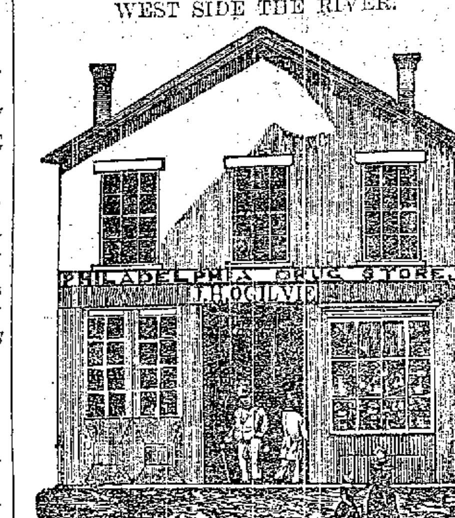

They say long advertisements, are not the oftenest read,
And that most may be meant, as oft, when least is said,
In view of this, I'll close my bill, and here invite you all,
Whenever you come to Janesville, be sure and give me a call.

IRA P. BALLOU.

A GREAT MISTAKE.

J. B. CROSBY & Co.

HAVE just returned from New York and Boston, and purchased so large a stock of Merchandise that they have not room to store them, and to remedy this, they have concluded to mark their goods down at

A TRIFLE ABOVE COST,

which will crowd their store with customers and ensure large and heavy sales, thus making room for goods yet to arrive. Ladies and Gentlemen,

THIS IS NO HUMBUG,

but a REALITY, and to be convinced of this fact personally, look through their immense stock, see the amount of goods they have in store, (and but a portion of their stock has yet arrived.) enquire the price, and you will acknowledge that we will sell you

GOOD GOODS, at nearly half the Price,

that other Merchants charge. We shall not mention a few leading articles and their prices, and sell the balance of stock at *higher rates*, as other Merchants do, but shall mark our whole stock at a small regular profit, and adhere strictly to the

ONE PRICE SYSTEM,

Our stock consists of STAPLE AND FANCY DRY GOODS, GROCERIES, CROCKERY, BOOTS AND SHOES, HATS, CAPS, CARPETS, OIL CLOTHS, READY-MADE CLOTHING, &c. &c., to which we invite especial attention, as to quality and price, as we are determined that

Every Sale shall give Full and Perfect Satisfaction.

Auction or shop worn goods which are not cheap at any price we do not deal in; but buy only the best grade of goods, and of the latest styles. We are the only House in Janesville that do a strictly cash business, and buying of importers and wholly for cash, we

CAN AND WILL SELL

CHEAPER AND BETTER GOODS,

than those who buy small stocks on time, and sell them the same way.

To Country Merchants,

We would say, that we will sell you goods at New York and Boston prices, adding freight. You will find us at the old stand of J. B. CROSBY, *two doors above the Post Office.*

1000 Dollars Reward,

WILL be given to any person—Physician or otherwise—who will perform a cure as quickly and permanently, by any means whatever, of any of the following diseases, as can be done by the use of

PULVERMACHER'S

Hydro-Electric Voltaic Chains.

Rheumatism, Nervous Headache,
Painful and Swelled Joints, Palpitation of the Heart,
Sciatica, General Debility,
Paralysis, Female Diseases,
Spinal Disease, Neuralgia of the Face,
Deafness, Blindness, Rheumatic Pains of the
Dyspepsia, Indigestion, Chest

ALL NERVOUS DISEASES

Are almost instantly removed by the simple application of the Electric Chains, which are constructed so as to be worn next to the skin, producing a constant current of uninterrupted Electro-Magnetism, which within the last few years has been discovered to possess STRANGE and WONDERFUL POWER, in the INSTANT RELIEF and PERMANENT CURE of nervous diseases.

HISTORY.

Pulvermachers' Chain are presented to the public, as the most scientific and convenient mode of applying this powerful agent. They have been secured by patent in France, (where they were invented) England, Germany, Austria, Belgium, and one year since introduced into the United States, and also secured by patent. They are used in every Hospital in the State of New York, and highly recommended by professors Valentine Mott, Van Buren, Post, Carnochan, of that city, who daily make use of them in their practice.

THE WORLD IS CHALLENGED

to produce so many well authenticated certificates of cure, not only from intelligent patients, but from *scientific Physicians.* The sale now in New York is perfectly ASTONISHING, and thousands who visit the Crystal Palace where they are on exhibition, seldom fail to obtain a chain before they leave the city.

Thanks be to the common sense of the people who are beginning to become disgusted with the practice of making a Drug Shop of their stomach—swallowing bottle after bottle of sickening, disgusting trash, having no more effect in even relieving, much less curing, the disease for which they are recommended, than a Poor Man's Plaster applied to the top of the head would have in curing an infant of worms.

All these great and remarkable discoveries, by which every ill "which flesh is heir to" is eradicated from the earth—strange as it may seem—are made by men who are too *ignorant* to obtain a living by any other mode, and their knowledge of disease, its proper mode of cure, its cause, is just as extensive as an Arab's is of the mechanism of a steam engine. No intelligent person will deny the truth of this, and no Physician dare risk his reputation as an honest man, and declare that *nervous diseases* are not more frequently increased in severity than *relieved*, by the old antiquated way of giving medicine into the stomach. If people will only become sensible and think for themselves, and believe that physicians practice upon their credulity more than they have any idea of, pay strict attention to temperance in all things, (which means very much,) make free use of *pure cold water, internally and externally*, with an occasional dash of soap, sleep in freely ventilated rooms, retire early and rise early, be happy and cheerful, employ their physicians to tell them "they require no physic;"—by so doing health and happiness will increase, bottled molasses and water be at a discount, and its famous discoverers be consigned to their legitimate stations.

The Hydro-Electric chains are now for the first time offered to the people of Nashua, as being a *better, quicker, and safer mode* of curing all nervous diseases, than any other method or means hitherto discovered. They can be used by either a grown person or a child, are always ready for use, and with little care will last for years.

CAUTION.

Ladies who are *enciente*, are requested not to wear them, for by long use, miscarriage is apt to be produced.

Price of Chains, $3 to $5, and can be sent by mail to any part of the country, together with a pamphlet of 36 pages, containing the modes of use, certificates of cure, &c. J. STEINERT, General Agent,
565 Broadway, New York.

New England Mutual Life Ins.,

Of Boston, Mass., Chartered in 1843,

Capital and accumulation, $650,000.

THIS Company is one of the oldest, and among the most prudently and successfully conducted in the country. The primary object in conducting its business has been to provide perfect security under all conceivable circumstances, for the payment of its losses under its policies, and to return to the insured the surplus at stated periods, and strict economy is observed.

Every insured person is a member of the company and shares in the profits of the business, and is subject to no liability or assessments beyond his premium.

The directors are required to be pecuniarly interested in the company, and they give it their personal attention; and bonds of sufficient security are given by its officers for the faithful performance of their duties.

Insurance may be effected for the benefit of the wife, which is secured to her by law beyond the reach of a husband's creditors; and creditors may insure the lives of debtors.

Highly Important to Farmers.

THE ONLY EXCLUSIVE FARMERS' INSURANCE COMPANY IN THE WEST,

THE MADISON MUTUAL,

LOCATED AT MADISON, WISCONSIN.

THIS Company continues to take risks upon Farm Property only, consisting of buildings of all kinds, (belonging to farmers,) household furniture, grain in barns, live stock, &c., from one to five years, at lower rates than most other responsible companies.

All losses promptly paid at the office as soon as proof is made thereon.

We believe it to be for the interest of the farmers to insure by themselves, their property being less hazardous than any other, consequently you will have no losses only your own of the same class, and all will be on an equal footing.

Experience has shown that two-thirds, if not three-fourths of all the fires that occur are upon stores, taverns, mills, shops and such like property. In this company all such property is rejected POSITIVELY, by LETTING THEM ALONE.

Farmers, look to your own interest, and insure in a Farmers' Company.

We have been doing business a little over three years, and we have not been obliged to assess our premium notes, and for the last *fourteen months we have not had a single dollar loss,* though doing a large and prosperous business, which we believe to be without a parallel in the history of insurance.

NEWSPAPERARCHIVE®

The Daily Gazette.

FRIDAY MORNING, JULY 21, 1854.

LINE DOWN.—The telegraph is down between Whitewater and Milwaukee we are consequently again without a report.

THE MAILS.—We have but little patience left to mention the subject of mail arrangements or rather disarrangements, throughout the west; and we only do so in the hope that our people will eventually make their voices heard to some effect in Washington. While at Janesville last week, we were informed by a contractor that there is not a railroad contract to carry the mail in the state, and that the great mails now passing over the routes from Milwaukee and Janesville to Madison, are carried without any care or responsibility on the part of the company.—There is no connected mail route between Janesville and Madison, the route by which the mail matter for all this region is brought in the winter. The daily route between Fond du Lac and Milwaukee has been reduced to tri-weekly; contracts have been advertised and let on routes in the state that are not traveled, and great thoroughfares neglected. The contracts and bonds under the May lettings have not been executed by the department and consequently the sureties on bids are no longer holden. Under such administration of a department of government more vitally affecting the people than any other, have we not reason to exclaim in the classic language of "little Van," "our sufferings *is* intolerable!"—*Bager State* (*dem.*)

We were previously aware of the facts connected with the mail service in this section of the state as mentioned by the Badger State, and were inclined to comment upon them, but were deterred from so doing by the request of the post master in this city, who informed us that the reason why no contract had been concluded with the railroad companies was a disagreement with the department as to the cost of transportation, and who expected a special agent along soon to look after and arrange matters. As, however, others have told, there is no longer a motive for our keeping still, and we desire to add our voice to the general complaint, in the hope that some attention will be paid to our wants. We presume the postmasters throughout the state do about as well as other government officials, and that the present administration has not generally been *peculiarly* unfortunate in the selection of its agents; yet for some reason or other there is "awful work" some where. The management of the department for the west is bad on general principles. Instead of diminishing any service, it ought, merely as a matter of pay and equivalent, to be increased, and every reasonable facility for regular and speedy transmission of the bags ought to be afforded. The selection of an intelligent, energetic western man as postmaster general, who has some idea of the country and its wants, and is not too much engaged in the politicol to overlook the business management of his department, is a boon we ardently desire though there seems little prospects of soon receiving it.

As a specimen of the management at present, we annex an extract from a letter written from Chicago a few days ago by the editor of the Galena Jeffersonian:

There are now in the Chicago Post Office, more than *two hundred bags of mail matter undistributed and they are daily accumulating!*—In a conversation with W. J. Brown, Agent of the department, I called his attention to the failure of the St. Louis mails, and he doubtingly went to work to convince himself of the truth of what I told him, and if possible, to correct the outrageous neglect of duty that had caused such a result. His visit to the office corroborated my words, and he found, as I have stated above, the piles, nay mountains of papers that have been so long missing.

WORK COMMENCED.—Mr. O'Gara commenced work on Main street yesterday. He had been for some days previously getting ready the stone for the drains, and we now have a fair prospect of seeing the completion of a job that ought to have been undertaken long ago. Next to the passage of the land grant, we know of nothing that could put our citizens in a better humour than the abatement of the nuisance that has so long disgraced the town.

There is not a more corrupt organization in the world, than the "Jenny Lind Club." The leading spirits of this clique are among the *prominent managers* and directors of the Milwaukee and Mississippi railroad.—*Janesville Gazette.*

Ghost-stories to frighten children. The "Jenny Lind Club" died a natural death more than two years ago; and the M. & M. railroad is as innocent of all connection with it, as the Rock River Valley road. The Gazette, we suppose, thinks it necessary to persist in this fiction as an offset to "Monk's Hall."—*Mil. Sent.*

The vision which sees the burial of the "Jenny Lind Club," and the living, breathing existence of "Monk's Hall", is ready to receive any "ghost-story" extant, and we wonder that our friend of the Sentinel, gifted with such rare discernment, should discredit our "fiction." Jenny is just as much of a present reality as her old adversary of the "Hall." Both flourished at the same time, each had its good fellowship, wine and dinners, and if the amiable sister "died a natural death more than two years ago," having accomplished her social mission, the same ceremonies of dissolution were performed over her rival brother. As political associations, neither were troubled with an excess of honesty, but of the two the "Hall" was the most respectable and its inmates the better men. We don't believe the influence of either is yet extinct, though a *republicanising* process is apparent in both.

ENTERTAINMENT.—Prof. Sand, the magician, gives a second entertainment at Apollo Hall this evening. We go to press without seeing his first, and can say nothing of it, but some outside experiments have established his reputation among "the boys" on the street. He has "taken down the crowd" very handsomely.

If woman has not received proper mental culture in early life, she seldom attains it afterwards, and usually becomes either a mere household drudge or a worthless toy, whose eager chase after the last new fashion is only to be diverted by the last new scandal.

☞ The following communication is from one of the most conservative whigs in the state, and one from whom we expected a determined opposition to the movement at the Madison convention. It is absurd to charge upon such men a coalition for the spoils of office, or a willingness to abandon upon slight provocation an old, cherished party organization, to which long associations and disinterested labors had attached them. Nothing less than a thorough conviction that their rights have been invaded and their known sentiments wantonly disregarded, could have impelled them to the position they now assume. It would have been far easier to have avoided the necessity which has driven them into a union with a party with which, as a party, they have heretofore had no sympathy, and in many of whose members they now have little or no confidence, than to overcome their determination to give an effective expression to their disapprobation of the measures which has driven them into their present political ogganization.

THE REPUBLICAN PARTY.

Whether the party in our state, which on the sixty-seventh anniversary of the enactment of the ordinance of '87, assumed a name suggestive of many of the proudest passages in our national annals, came dishonorably into being, infected with hereditary taint;—or whether full-armed to fight for the right, and endowed with all the pre-requisites for vigorous existence, it sprang to life from the sober thought, and sovereign will of the people—shall in this communication be the subject of a few speculations, at least free from partisan predilections.

It is conceded that a party, to deserve the name, and ensure perpetuity, must rally upon some central, vivifying and controlling principles of sufficient present interest to organize, prompt and direct action. But when men unite for concerted political action, upon a controverted question of right and wrong, they constitute a party uncompromising and indissoluble until that question is settled in accordance with their convictions. The simple fact that no one of the great truths and fundamental axioms which define the relations and duties of men and nations, can, when clearly apprehended, possibly ever be lost sight of, is the chief guaranty of the advancement of the race. Questions of expediency, after calling out heated controversies, and innumerable inconsistencies, are forgotten; but when a question of right is anchored in the mind, opposition but renders its hold the stronger.

The creed of the party now organized for certain specific purposes, is embraced in a line or two of the self-evident propositions which underlie our liberties; and how have these precious maxims been attacked during the past few months?

By the party in power we have seen compromises the most sacred, abolished; the intention to perpetuate and extend indefinitely the system of human slavery, declared; and the institution itself, with a hardihood almost inconceivable in this age, justified. It was reserved for the administration of a son of New Hampshire to shadow forth a grand movement for the spread of slavery at home and abroad, at the expense of many millions of the common treasure beyond the amount to be paid by the stipulations of the Gadsden treaty. Cuba must be acquired by money or by a war with Spain, and incidentally, with England and France, and a Russian alliance must be sought. Efforts are being made by treaty overtures on the part of our government to establish slavery on solid foundations in St. Domingo and Brazil. Federal officers for the territories are appointed with a view to their qualifications for securing the interests of slavery. The treaty with England touching the suppression of the slave trade on the African coast is sought to be abolished, and in many of the southern states prominent men are even advocating the importation of slaves into our country from Africa.

In this posture of affairs the slavery question is removed from the field of speculation to that of action. We cannot, if we would, avoid passing judgment upon the policy of the present administration touching this question.

But in this struggle for the re-establishment of the principles of the fathers of the republic our early and complete success is dependent upon a hearty union of all men who are governed in their political conduct by their convictions of right, for in our very midst are traitors to the cause of humanity, as witness the fourteen senators and forty-four representatives from the free states who voted for the Nebraska bill. Men will be found unable to appreciate motives holier than those which actuate themselves, who will say that the anti-slavery sentiment of the north is banding together men of all shades of politics, to secure the spoils. Such men could not be convinced of their error, tho' one rose from the dead.

In the present exigency, the whig party of Wisconsin is justified in taking its present position. Are we accused of forgetting the warnings of Washington, and building up a sectional organization? We but follow the example of those who denounce us. Is it true that if an unbroken phalanx of anti-Nebraska men were sent to congress, the consequences of the legislation of the present session could not be averted? Grant it; but shall crime be unrebuked, because consummated, and is that the way to warn rulers of justice and a judgment to come?

It is said that the whig party, lashed by abolition excitement, is abandoning old issues to plant itself on anti-slavery sentiments? The whig party has not abandoned old issues which still posses vitality, and when the republican party shall have secured the country against the inundation which threatens to engulph our very liberties, doubtless its members will then fight with each other as heretofore, over minor issues, with whatever ability god may have given them.

The good old whig party, because always reliable on questions of freedom, now stands by her own colors, in the republican army—no one of her cherished principles deserted, or glorious memories forgotten, and now contemplates a gathering of freemen, irrespective of former party ties, to give embodiment to the dissent of the honest hearts of the country to the violation of compacts, and pledged to elect no man to any office who will not zealously and fearlessly aid in planting those bulwarks of freedom, the doctrines of constitutional liberty, every where within the exclusive jurisdiction of the United States, and no extension of slavery beyond its present limits, till they stand solid and prominent as the cliffs which spurn the ocean's roaring tides. Come then ye men, by whatever political name known, who will act for the right, and like the iron man with his flail, let us go through this land crushing and trampling down all opposition to principles we hold most sacred. Let us enlist for the war, and while striving to re-establish the pure worship of freedom in the temples of the nation, we may be assured of the approbation of heaven.

W.

☞ The last Elkhorn Reporter, the democratic organ in Walworth county, in an article upon the Nebraska business, uses the following language:

There is no use in talking that the question shall not be a test. No power on earth, with the feeling that exists, can help it. There are six out of every seven, even among democrats, who will not under any circumstances, vote for a Nebraskaite for office. And it need not be told that the party have not much to lose, and still retain power. The party in Wisconsin, in particular, cannot live with this load upon them and we should not be out of the way if we should say, they ought not to live if they take the load. Let it sink its bearer, and let obscurity cover the names of those who give their votes to aid the cause of iniquity. While the whole world is advancing it is grievous to see the American congress quickening speed in a retrograde direction—going back and bringing darkness upon the country, exposing it to shame and contempt among the nations of the earth. For very shame they should not have done this thing.

RECEPTION OF A DOUGH FACE.—One of the doughfaces has already had a foretaste of public sentiment. Moses McDonald, a member from one of the Maine districts, recently visited home. The following from the Saco Union, gives an idea of his reception:

"Our unfortunate representative in congress Mr. McDonald we are told met with some annoyance at the Brideford depot, one of the first days of this week. There was quite a crowd of persons, who were going into Portland in an excursion train, and it being noised around that Mr. McDonald was in the crowd, a cry was raised by the boys, that "a northern doughface could be seen on the platform," and a rush was made to see our representative. We understand there was considerable hustling, and that a friend of Mr. McDonald, to avoid anything more unpleasant, prevailed on him to take a seat in the cars, with as little loss of time as he could. After he had found a seat an excited democrat went through the cars shouting "whoever wants to see a dorthern doughface can be accommodated," and directed attention to the car in which Mr. McDonald had seated himself."

THE INCENDIARY MERCHANT.—The N. Y. Eve. Post, in speaking of J. F. Peverelly, who is under arrest for attempting to fire his store on Front street, N. Y. says:

Eight or nine years ago, J. F. Peverelly kept a small confectionary store on Canal street.—From that place he removed to Bleecker street. He was next heard of as landlord of the Fort Lees pavillion, in which he made money. Afterwards he kept store-houses in different parts of the city. He bought a splendid house in Astoria, Long Island, and lived most extravagantly, surrounded by all the appurtenances and comforts which great wealth only can give. Beverelly was a member of the N. Y. light guard, and was by them much esteemed. About a year ago, he invited them to visit his residence in Astoria. On the occasion of their visit he chartered a steamboat to convey them to his house; and when they arrived there, he entertained them sumptuously. Before leaving, the light guard presented him with a gold watch and chain, as a mark of their esteem.

Henry Ward Beecher thus refers in the Independent to the N. Y. Tribune's suggestion that he be sent to congress:

"EQUIVOCAL HONOR DECLINED.—The Tribune last Saturday in reply to a private letter asking its advice on the matter, recommends that we be nominated for congress, elected and sent; and when that shall be done, that we *go*.

"It may not be modest for us to decline before we are really asked. But such efforts will certainly be love's labor lost. If the people wish us to be the president of the United States, we should be disposed to accept that. And we fancy that there will be new times in Washington city after our inaugural shall have been pronounced.

"Had the proposal to go to congress proceeded from the American board of missions, there would have been grave reasons for considering it. We doubt whether they have a harder field in all heathendom; nor yet a field where the gospel is more needed.

"But, for mere political reasons, to backslide from the pulpit into congress, is a little too long a slide for the first venture. We beg to decline in advance."

The wheat harvest commenced in this county last week. From what we have seen and heard, we judge the crop to be heavy and of superior quality. All other crops are very promising, and the weather as fine as farmers could wish—dry and cool, with an occasional night shower. Should this continue for a few weeks, the people of Wisconsin will be the richest agricultural community in the world. Almost entirely free from debt, the avails of their crops may be computed by millions of dollars, while the increased value of their real estate is at the rate of 50 to 100 per cent. per annum.—*Portage City Badger State.*

THE CHOLERA IN TOWN.—There seems to be but little doubt but that a few cases of cholera made their appearance last week in town. Some physicians deny that there have been any genuine cases, but others assert that there have been among those residing here, four deaths, from a disease very much resembling cholera, if it was not it. The names of the victims are as follows: Miss SARAH, daughter of Hiram Bodwell, aged 18 years. Mr. JOHN GAY, aged about 24 years. Mrs. GAY, mother of the preceding. Mr ALFRED CARTWRIGHT, aged about 25 years.

These are all the cases that have come to our knowledge. A few newly arrived Norwegians have died from a combination of heat, filth, ship fever and other diseases, but the contagion has not extended to residents.—*Madison Argus,*

THE JAPANESE.—The N. Y. Commercial has a letter dated "U. S. ship Macedonian, near Jeddo, March 12, 1854." We clip from it:

"On our passage down from Loo Choo the Macedonian went on a rock, and had there been much sea at the time, we should have lost the ship. We were going at the rate of about six knots an hour, in a cold rain storm, and stuck on a coral reef. We remained there 26 hours, and only got off after throwing overboard much shot and coal.

We find the Japanese to be great farmers and good mechanics. I have examined some of their work. It is very good, and they learn anything quickly. But they are far behind the times with respect to their boats, both in rig and hull.

Our new friends need no lessons in the art of trading. They charge us 75 cents for a chicken. Some of our men paid them in gold coin, and received their change in copper washed with gold. They are a shrewd, cunning people, and they will show it before long. They are very active, as you would have said had you seen them leap and run when the young locomotive uttered its first scream.

"Some of the presents they have sent to the United States are very beautiful."

THE HARVEST.—Our state exchanges bring us cheering accounts of the progress of the harvest. The winter wheat is ripe and ready for cutting, the straw bright, the heads full, and no rust or blight apparent.

The crop this year will be the largest ever harvested in this state. The recent rains have wet the standing shocks a little, where grain had been already cut, but did no material injury. The crop of winter wheat will be harvested and gathered in the course of a week or ten days, by which time the spring wheat will be ready for the cradle or reaper. With clear weather, the yield will be magnificent.—*Madison Argus.*

OHIO POLITICS.—The Ohio Anti-Nebraska state convention which met at Columbus, on the 13th inst., made the following nominations for candidates for the approaching election, to be supported by the Anti-Nebraska party:

For judge of the supreme court, Joseph R. Swan, (a dem.) of Franklin.

For member of the board of public works, Jacob Blickendeffer, Jr., (whig) of Tuscarawas.

These gentlemen were nominated by acclamation.

CHICAGO AND AURORA RAILROAD.—The revenues of this road for the last six months have been as follows:

January,	$13,315 42
February,	15,387 29
March,	16,133 95
April,	14,592 96
May,	23,683 34
June, (estimated,)	28,455 70
	$111,587 65

The Janesville Gazette issued the first number of their new daily on the 4th, of which they sent us a copy. We must say for it that it is decidedly the handsomest paper in the state—being printed on new material throughout. We do not doubt the ability of the proprietors to get up an able and useful daily. We hope it will be fully sustained in that thriving young city.—*Potosi Republican.*

Alden & Holt, proprietors of the Janesvill Gazette, have commenced publishing a daily paper; terms $5 a year. The Janesville people exhibit a heavy stock of enterprise in all branches of business and substantial operations, including railroads and newspapers. We are not sure but we will be indebted to them for the first railroad through to the Mississippi in Wisconsin. We hope the Janesville Daily Gazette will be well sustained, and that western Wisconsin may be well represented on the subscription list.—*Grant Co. Herald.*

MISTAKING THE MAGNOLIA FOR CABBAGES.—Last week a party of German emigrants went ashore from a boat on the Mississippi river, and gathered large quantities of the leaves and flowers from the Magnolia trees, which they took on board, boiled and ate, from the effects of which one man died, and four others came near dying. They had mistaken the leaves of the Magnolia for cabbage, supposing that in this fertile country, cabbages grew wild, and from 60 to 70 feet high, as does the Magnolia on the coast. The leaves of the Magnolia resemble those of the cabbage, but are poisonous.—*Minnesotian.*

LOOK OUT—PASTED BILLS.—The Albany Atlas says: "We have seen a one dollar bill on the Commercial Bank, Glenns Falls, altered to ten, which is the best paster we ever saw. The bill was taken for genuine by one of the best judges in the city, and the fraud is only discovered by comparing it with the tens issued by the bank. The genuine one's have a team of horses with a load of barrels for the vignette."

SALE OF HORSES.—The celebrated trotters, Mac, Tacony and Frank Forester have been sold at auction Mac at $1,100, Tacony at $3,700 and Frank Forester at $2,250.

PLENTY OF LAND.—There are government lands in the Mineral Point district still for sale at $1,25 cents per acre, to the amount of 1,866,000 acres. The Mineral Point Democrat says, "It comprises good timber and prairie land as can be found in the country." The district is composed of all of La Fayette, Grant and Iowa counties, and a part of Green, Dane, Columbia, Marquette, Adams, Sauk, Richland and Crawford counties, being 162 townships.

EARLY JOY.—We are informed that a youth of sixteen summers recently led to the altar a blushing bride on whose radiant brow life's fifteenth spring had not yet beamed. The young couple are worthy residents of our city, and we are assured they wear the hymenial yoke with becoming dignity.—*Peoria News.*

WEATHER.—A heavy shower passed over this city last night, but it did not seem to, at all, cool the temperature of the atmosphere, which was almost intolerably hot. At present writing (one o'clock P. M.,) another thunder shower is in progress, which, from present appearances, will moderate the atmosphere to a comfortable pitch.—*Free Dem., Wednesday.*

EXTRAORDINARY CAPTURE.—On Friday morning about one o'clock, a city watchman discovered an alligator, between three and four feet in length, near South Broad street, passing toward the South Common. With the aid of one of the mounted police, he was captured and taken to the guard house.—*Savannah Herald.*

Judge Bronson, the "hard" candidate for governor of New York, announces himself in favor of the Maine law.

EXPANSION FROM HEAT.—We noticed on Thursday, says the Newberry (S. C.) Sentinel, that the rails on the Greenville and Columbia railroad had expanded very much from the excessive heat. The vacant spaces between them were closed up and the rail drawn up in the form of an arch, five inches at the highest point from the stringer, at the same time drawing out two spikes. The rails were so hot that it was like handling hot coals to touch them. We noticed two other rails slightly arched.

The total valuation of Cincinnati is about $81,000,000—of which $21,000,000 is personal property.

The Kansas Free Democrat is the title of a new paper to be started at Fort Leavenworth near the border of Kansas, next September, by George Brewster of the Loraine (Ohio) Journal. It will labor to keep Kansas free from the curse of slavery.

A case of true grit is that of Miss Culmina Spinks, who will marry her ugly but rich old lover, just to keep other young and innocent girls from being duped by his protestations.

STRUCK BY LIGHTNING.—During the shower this afternoon, the flag-staff on the cupola of the United States hotel, was struck by lightning, shivering it to atoms. It made a report as loud as a cannon.—*Wisconsin.*

The other was a heavy white horse, high-hipped, oldish looking, stiff in the forward parts, and marked with the collar on the top of the neck. THE DAILY GAZETTE.

NEW YORK, July 19th.

ADDITIONAL NEWS BY THE FRANKLIN.—The Czar has consented to resign the exclusive protectorate to the Greek christians, if the Turks will accede to a joint protectorate of the five powers. He will evacuate the principalities when the western powers evacuate Turkey; but still maintain a strong military position in Moldavia, as provisional security. The Czar has sent friendly autograph letters to several German powers.

HOSTILITIES CONTINUE.—Fighting reported on the Black Sea and the Danube; and in Asia. French army has embarked for Finland. No decisive naval engagement. The Turks had a battle with the Russian rear guard, in which the latter lost 25,000 men.

BREADSTUFFS.—Richardson quotes western canal flour 36s 3d; good Ohio 39s. Corn—western, white and yellow—transactions large, at lower prices—35s. An average crop is reported.

NEW YORK, July 19th.

Steamer Niagara arrived at Halifax. Flour declined 11c; wheat 4c; corn 22c.

Great battle near Silistria—Russians retreated with a loss of twenty-five thousand men.

The Turks have suffered a disastrous defeat in Asia.

The insurgents in Spain have been again defeated.—*Sentinel's despatch.*

JAPAN.—The long desired treaty of friendship between the U. S. and Japan, was concluded on the 28th of March, and is styled the treaty of Kanaguna. Five ports on the island of Niphon to be the main trading points—Chickadada, on the north of the island of Yasso for whalers; Napa Kiang on the Loo-Choo islands, and two other ports yet to be named. These ports, except Simoda, are not to be open until the 28th of March, 1855, but vessels putting in in distress before that time will be furnished with necessaries. The Japanese commissioners wished to stipulate that the Americans should enjoy only the same privileges as the Dutch—that the ports should be opened after five, four, three, and two years—that no white woman should be permitted to land—that Nangasaki should be the only port, etc. But Com. Perry insisted upon more liberal terms and succeeded.

A SLAVERY RESTRICTION NOT REPEALED.—In the joint resolution for annexing Texas to the United States, passed by congress and approved by John Tyler, May 2, 1845, (see *Whig Almanac*, 1846, p. 55-6,) we read as follows:

"Third: New states, of convenient size not exceeding four in number, in addition to the said state of Texas, and having sufficient population, may hereafter, by the consent of said state, be formed out of the territory thereof, which shall be entitled to admission under the provisions of the federal constitution, and such states as may be formed out of that portion of said territory lying south of thirty-six degrees thirty minutes north latitude, commonly known as the Missouri compromise line, shall be admitted into the union with or without slavery, as the people of each state asking admission may desire. And in such state or states as shall be formed out of said territory north of said compromise line, slavery or involuntary servitude (except for crime) *shall be prohibited.*"

As this arrangement has never, to our knowledge, been repealed, we do not see how slavery is to be got into New-Mexico this side of the Rio Grande, even if the people should ever desire it.—*N. Y. Tribune.*

A municipal election in the borough of Chambersburg, Pa., for a member of the local council in place of one who had resigned, has resulted thus: William Heyser, regular democratic candidate 25, Adam Vanderaw, regular whig candidate, 22; Jacob N. Snider, a democrat, but not known as a candidate, 174! The Chambersburg Whig says that not a man could be found to acknowledge that he had voted for him, or who knew that he was running. The secret of the result was that Mr. Snider was elected by the new organization called "Know Nothing."—Chambersburg, it must be understood, was previously a whig town.—*Philadelphia Amer.*

The New York papers announce that the Ericson has been fully repaired since her accident, and will soon go to sea. Public curiosity will be much gratified, for although the high expectations concerning her have greatly subsided since her first experiment, still there is good reason to hope that the invention will ultimately prove of great value.

NEW YORK July 15.

The board of health of this city report the total number of deaths for the week ending today, to be 817, being the largest mortality of any week this season, of which there were 147 of cholera, being an increase of 45 over the preceding week.

The U. S. mail steamer Catawba with three days later news from Havana, is coming up the bay.

THE GREAT REPUBLIC.—The ship Great Republic, originally of 4,552 tons register built by Donald McKay of Boston, launched 1853, and partially destroyed by fire at Boston port in December last, was sold at auction on Wednesday, as she now lays at Green Point, L. I., by L. M. Hoffman & Co., who after an animated contest knocked her down to N. B. Palmer, Esq. for $28,250. Terms, one third cash, third 30, and the balance 60 days. The Great Republic was constructed at cost of $300,000, on which there was insured in New-York $255,000 and $20,000 in Boston.

It is quite possible there may have been at some previous period of the world's history, as hot a day as was yesterday, but we think it has not occurred in our time. There is a theory extant that the world was once a molten liquid mass. We are afraid it is returning to "first principles."—*Kenosha Tel., Wednesday.*

FINISHING UP!"—Such is the cheering word from the river improvement below us. The water has been let out of the Rapide de Croche lock—steamboat navigation is suspended, and stages run through to green Green Bay—and the workmen are finishing up the work at Kaukauna, Little Chute and Ceder Rapids, with all possible dispatch.

'Now by St. Paul, the work goes bravely on.'—*Appleton Crescent.*

An old soldier whose nose had been lopped off by a sabre cut happened to give a few pence to a beggar who exclaimed in return:

"God preserve your eye-sight!"

"Why so?" inquired the veteran.

"Because, sir," was the reply, "if your sight should grow weak, you couldn't keep spectacles before them."

LET THEM THAT THIRSTETH COME.

AGAIN & AGAIN
THE BOSTON STORE.

Let the Horn be Blown!!

"Sound the loud timbrel o'er land and o'er sea," WHEELOCK'S triumphant, and ever shall be.

THIS is the middle of the nineteenth century, the first half of which has produced more change and onward movement than any fifty years of our Christian Era.

The great controlling power of this age is its commerce—indeed, this may be truly called the commercial age.

It has been well said by an ancient writer that

"Man wants but little here below,"

and to supply those wants

WHEELOCK

Announces to every people and every tongue, to both sexes and all parties, to all factions of all gauges, that finding his old store entirely

TOO SMALL!

He has been compelled, in order to be able to supply the immense call for goods at his establishment, to

Double the capacity of his Store Rooms!

Having purchased this spring, for this market, to be sold this season,

$39,007 00 Worth of Goods!

But who can expect to read in the brief space of one life all the articles that the

BOSTON STORE CONTAINS.

Indeed, history must fail to give the searcher of knowledge any accurate idea of his immense

STOCK OF SUMMER GOODS,

His inimitable selection of

Fancy Dress Goods!

He has over

10,000 Yards of Silk Bareges,

of every style and price, and it is with no great difficulty that the fair damsels of this fair valley can select,

FROM THE ONE THOUSAND PIECES,

Of all patterns and ranging in price from *SIX CENTS Per Yard to Twenty-Eight Cents,* such dresses as will add to their exquisite beauty, though it may as a general thing, be as difficult to add to that beauty as it is "to gild refined gold, paint the lily, or add perfume to the violet."

It must not be inferred that we offer only these and the many other articles for outer apparel, such as Chamelion and Foulard Silks, but all manner of

Cotton, Grass & Linen Goods

are on change, so that every one may be entirely accommodated with every article of female apparel.—Eved French red foxed Gaiters,
do do wolted do
Ladies' Enameled Boots, Enameled sewed Congress Boots,
LADIES MOROCCO POLKAS,

And all the articles manufactured of the best styles.—So that of this store, so far as articles which adorn La Belle sex are concerned, it may be truly said

"CUSTOM cannot stale the infinite variety."

While the Boston Store has made provision to protect the feet, it can also boast that it has all sorts of

GLOVES,

by which hands can be protected and retain

"The white wonder of fair Juliet's hand."

And in taking leave of those of whom it is no exaggeration to say they are

"Heaven's last, best gift to man,"

the Nonpareils of beauty, the Paragons of perfection, Mr. Wheelock assures his fair customers that his assistants and auxiliaries are those who unite great knowledge of the business, fine personal presence and affability of manner to a determination to discharge CONSCIENTIOUSLY their several and respective duties—that while they may have the proper desire to effect sales, they will never in imitation of many of our contemporaries attempt to accomplish that object by equivocation, misrepresentation, exaggeration, tergiversation, fabrication, or by direct lying.

And now to the wants of the

COARSE-HAND SEX.

Mr. Wheelock has every kind of material to make those articles of dress that give to man his individuality—

PANTALOONS,

CALF "BEWTS," COW HIDE do., GAZELLE, do., PATENT LEATHER do., GIRAFFE do.,

HATS

That fit every head from the Websterian brow to the country politician's sconce, from the size of caput of him who is closely shorn after the Hibernian fashion to that of him who wears the well-pomatumed, ambrosialized, elongated Hyperion curls.

And to the speculator who buys to sell again,

The Boston Store

Can, at lower rates of usance than any other establishment west of the Alleghany mountains, furnish that class of exchanges so that riches will fill their pockets as water fills the sea. And to them we offer

DOMESTIC GLASSWARE, WORSTED,
Pocket Handkerchiefs, Inkstands, Cotton Yarn,
Ready-made Vests, Ground Pepper, Flannels,
Looking Glasses, Ready-Made Over Coats, Pants,
Raisins, Flat Irons and Cotton Batting, Lanterns,
Satchels, which the whining school-boy with shining morning face bears on his arm,
Chests, Norwegian Handboxes and Hair Trunks,
Tea, Tobacco and Wicking.

In the

CROCKERY

Line may be found the BENNINGTON, the PARIAN and the LAVA Manufacture, Pitchers for milk or water, Tea Pots, Spittoons, Bowls for washing, for bread and milk, or sugar, Candlesticks, children's Toys and Flower Pots, MAINE LIQUOR LAW VOLUMES and Lager Beer Mugs.

And in fine, the proprietor of this establishment can with all confidence assure those who have been in the habit of trading at Janesville that, although they have

"Often seen corruption boil and bubble till It o'errun the stew,"

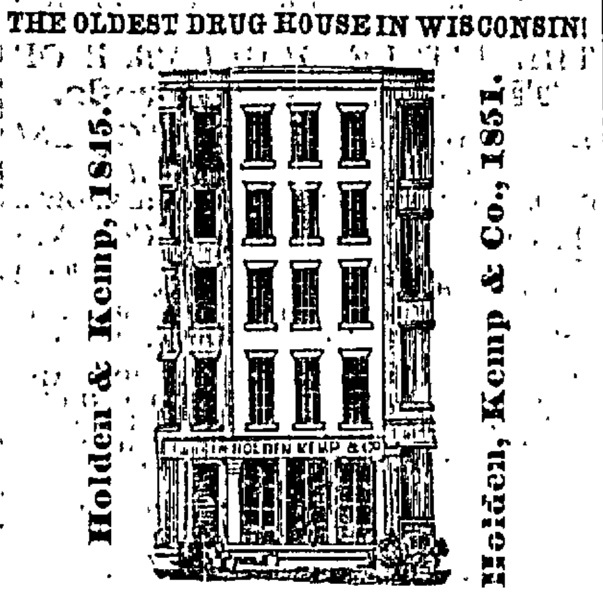

they will find that the representations which shall be made to them by that proprietor or his clerks will not

"Stand like forfeits in a Barber shop,
More in mock than mark."

The Empire Drug Warehouse.
WHOLESALE AND RETAIL,
ESTABLISHED 1845!
THE OLDEST DRUG HOUSE IN WISCONSIN!

THE UNDERSIGNNED have the pleasure of again greeting their old friends and patrons with the fact that they are as usual to be found at the

OLD HEAD QUARTERS,

The Great Regulator of the Drug Trade for the interior of the State,

THE EMPIRE DRUG STORE.

Having been engaged in the *WHOLESALE AND RETAIL DRUG BUSINESS* here for years, we are supposed to be posted on all matters pertaining to the interests of the trade and our customers.

Our aim in the beginning was to sell

Pure Goods at Fair Prices,

And having during a series of years witnessed the "*Rise and Fall*" of men who endeavored to compete with this system, whose desire to delude the public with a bombastic advertisement was apparently their highest ambition, has more than ever convinced us that *OUR* system is the only one that can win.

In view of these facts,

Our Spring Purchase

has been unusually heavy, in which nothing that enters in the most remote degree into our business has been omitted.

DRUGS, FOREIGN & DOMESTIC,

GUMS, POWDERED ARTICLES, HERBS & EXTRCTS, including every article of the most pure and choice kind.

☞ If Physicians will take the time to look through our Stock and examine minutely the quality of our Medicines and Preparations, they will not only find articles that will suit them, but goods that can at all times be relied upon.

Family Preparations and Genuine Patent Medicines.

In this department our stock and assortment is unsurpassed. We have the *Sole Agency for all Patent Medicines of any value,* and any article sold in the West can be found at our Store.

FAMILY MEDICINES AND PRESCRIPTIONS compounded with great care, and put up at all hours of the day and night.

Paints Oils, Glass, Varnishes, &c.

Of these leading articles we have an almost unlimited supply. Buying of first hands, for *Net Cash,* enables us to offer great inducements to Merchants and others to buy directly of us; and having worked into a

Heavy Wholesale Trade,

In this class of goods, our stock will always be found the largest in the interior, and our prices by far the most desirable.

FANCY ARTICLES & PEDLER'S GOODS.

To this part of our trade, which has involuntarily grown upon us, we have this spring given more than usual attention. Our assortment will be found desirable and prices satisfactory.

DAGUERREAN GOODS.

A very large Stock Cases and Lockets, of our *own style and design,* manufactured to order for our trade. Artists supplied with Chemicals and every thing pertaining to the business, at the lowest possible rates.

PERFUMERY,

FRENCH, ENGLISH, AMERICAN & GERMAN, Including a large and most desirable Stock. Ladies and Gentlemen are requested to look at our Assortment, it is not surpassed by any House in the West.

Our time being of more value to our customers than in writing advertisements, we will only say in conclusion, that

Every Article Pertaining to the Trade

can be found at our Establishment. In regard to prices, all who know with what superior facilities we enter the market, connected as we are with an extensive WHOLESALE HOUSE IN NEW YORK CITY, must see at once that no establishment *here* can hope to compete with us, without either imposing upon their customers or sharing the fate of their predecessors.

Orders solicited, and Goods packed with the greatest care.

Haying Tools, Farming Tools, &c. &c.

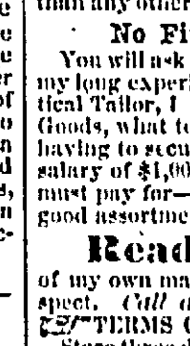

The ONE PRICE CASH SYSTEM, originally introduced into this community and strictly adhered to by this Establishment, has won for it a reputation far more valuable than the Stupendous Self-puffings, quarterly renewed, industriously circulated but universally discredited, which many modern shop keepers deem indispensable to success.

The system will of course be continued—admitting no variation or improvement—to the satisfaction undoubtedly of a large and most desirable class of customers, although at the sacrifice probably of the steady patronage of inveterate higglers and those who inherit the belief that *all* Salesmen will cheat them if possible.

Respectfully,
COOLEY & BABCOCK.

Janesville Clothing Emporium.
WM. ADDY,
Merchant Tailor, & Dealer in Ready Made Clothing and Gentlemen's Furnishing Goods,

HAS received his Spring and Summer STOCK, consisting of the very Best and Fashionable CLOTHS, CASSIMERES, DOESKINS AND VESTINGS, of English, French and American manufacture.

This establishment is now, as usual, the favorite place of resort for the Fashionable, the Cutting Department still being under my own personal supervision, and warranted to suit the most difficult, twenty per cent lower than any other establishment in the State.

No Fit, No Sale, is my doctrine.

You will ask how I can do this; I will tell you: From my long experience in this business, and being a practical Tailor, I know when, where and how to buy my Goods, what to pay for them, and how to cut them, not having to secure the services of an *eminent artist,* at a salary of $1,000 to $1,500 a year, which the purchaser must pay for—this is the secret. I have got on hand a good assortment of

Ready Made Clothing,

of my own manufacture, and warranted in every respect. *Call and examine, before you buy elsewhere.*

NEW GOODS!
$15,000 Worth of
BOOTS AND SHOES
JUST RECEIVED AT THE
Wisconsin Boot & Shoe Store.

I AM now receiving one of the largest and finest stocks of Boots and Shoes that I have ever before brought to Janesville, and what is finer than all the rest, I can sell them at lower prices than I have ever sold before, notwithstanding the great advance in the Eastern Market. My assortment of

Ladies Fine Shoes,

in particular, I have no hesitation in saying cannot be equaled in the State, both for style and durability, being all made to order, and in such a manner that I can warrant every article I sell, with the understanding at all times, that if they do not come up to the warrant, they shall be mended free of charge.

GENTLEMEN'S WEAR.

In this line I know beyond a doubt that I can show you a finer assortment and at better prices by twenty-five per cent. than can be found at any of the side shops or Dry Goods stores about town. I want it distinctly understood that I make the BOOT AND SHOE TRADE my WHOLE STUDY, and that I *Buy More, Sell More and know more about the trade,* than the whole pile of petty dealers put together. And I know also that I can make it an object for **Every Farmer in Rock County,** as well as every one that trades in Janesville to buy their Boots and Shoes of me for the more I sell the smaller profits I can sell at.

Manufacturing.

I want to say a few words to you in regard to my Manufacturing Department, to wit: That I am now engaged more extensively in the manufacturing business, and probably am selling more custom work than all the shops about town put together, simply for, these reasons—that I use better Stock, being entirely of Eastern tannage, which every one knows is worth twenty-five per cent more than the common western tanned leather; and what is a better reason and of greater importance, I can

Sell my Custom Work at Much Lower Prices,

and at the same time sell you a better article than you can get at the shops, for this reason, which you must all see is a very palpable one, that in buying my stock east and in such large quantities, I of course save a very large per cent, and thereby can sell at lower prices and at the same time make my profits.

I want to state further that I have secured the services of MR. BECKINGHAM, who has formerly been engaged in the manufacturing business on the west side of the River, and who is known by every one to be the best manufacturer in the city; and if we don't get you up a better article, both in regard to style and durability, we will forfeit our money and our reputation, and I pledge you my word that this is *no small forfeit.*

Leather and Findings.

I have just received over $3,000 worth of the very best brands of **Eastern Sole & Upper Leather;** also, a very large assortment of FRENCH and PHILADELPHIA KIP and FRENCH CALF SKINS, together with a full assortment of MOROCCOS of every kind, which I will sell at

Precisely Milwaukee and Chicago Prices.

I have constantly on hand, also, a large assortment of all kings of FINDINGS, LASTS, BOOT TREES, CRIMPS, etc., etc., all of which will be sold at the same rates.

I request the attention of manufacturers in town as well as in the country to my stock, as I think I can make it an object for you to buy of me. At least, I can sell you a much superior article to that which you get of the pedlers.

TO THE LADIES,

I would say that I am under very great obligation for the partiality you have shown me, in always procuring your understandings from me, and I now publicly promise and swear that I will make every one of you who may be entitled to the same a present of a handsome pair of CACKS, when I shall have closed up my shoe-selling career. I would say further, that I am prepared to get up to order any style of work you wish, at low rates. Yours respectfully,

J. B. DIMOCK, Proprietor,
T. H. BECKINGHAM, Foreman.

By the way, don't forget the location of the Institution, three doors above the Post Office, Janesville, Wisconsin.

RAILROAD STORE!

I WISH to call attention, as I have done before,
To the Goods I am receiving now at the Railroad Store,
Where all the newest Fashions, to suit the young and old,
The richest and the cheapest goods in Janesville, will be sold.

My large and splendid stock of Lawns to show I'm always willing,
The price, as all the Ladies know, is from sixpence to a shilling.
I've Fine Black Silks from Italy, and colored ones that's rare,
Plaid, Grodenaps and Marcellaines, and Florences to spare.

And such a lot of Hosiery, I know cannot be beat,
And Gloves a great variety, they are so very neat:
Just now, when Spring is coming, and every thing looks bright,
For a glove to suit the season, the color should be light.

There are other Goods for Ladies, of which they ought to know,
That I keep in those blue boxes, and am always pleased to show,
Such as Blonde and Linen Edging, Cotton and Cambric, too,
Muslin and Cambric Needlework, and Gimps of every hue.

Those Undersleeves and Chimisettes I almost had forgot,
And Ladies' Needlework Collars, so beautifully wrought,
With Bishop Lawns and Cambrics, and Muslins fine and neat,
And Lace to make old ladies' Caps and trim them off complete.

And to parry Sol's "direcler rays," I've Parasols to sell,
Of every price and color—they please the Ladies well—
And Umbrellas cheap for Gents, or so at least they say,
For lots of them get carried off, on every rainy day.

Such lots of Combs for the million, of every sort and kind,
To puff, or curl, or plait the hair, no better can you find;
And every kind of Buttons for dresses, coats and vests,
To sell by the gross or dozen—they are the very best.

And for Gentlemen and little Boys I have Fashionable Hats,
Silk, Beaver, Leghorn, Panama, and cloth and leather Caps;
And for infants, Hats with feathers and ribbons gay and bright,
And little Caps with tassels drab, orange, blue and white.

I have stacks of Linen; of yellow, brown and white,
And every other kind, of Summer Goods that's right
To make up into coats and pantaloons and vests—
As large a stock as any, that ever was brought West.

They say long advertisements, are not the oftenest read,
And that most may be meant, as oft, when least is said,
In view of this, I'll close my bill, and here invite you all,
Whenever you come to Janesville, be sure and give me a call.

IRA P. BALLOU.

A GREAT MISTAKE.

J. B. CROSBY & Co.

HAVE just returned from New York and Boston, and purchased so large a stock of Merchandise that they have not room to store them, and to remedy this, they have concluded to mark their goods down at

A TRIFLE ABOVE COST,

which will crowd their store with customers and ensure large and heavy sales, thus making room for goods yet to arrive. Ladies and Gentlemen,

THIS IS NO HUMBUG,

but a REALITY, and to be convinced of this fact personally, look through their immense stock, see the amount of goods they have in store, (and but a portion of their stock has yet arrived,) enquire the price, and you will acknowledge that we will sell you

GOOD GOODS, at nearly half the Price,

that other Merchants charge. We shall not mention a few leading articles and their prices, and sell the balance of stock at *higher rates*, as other Merchants do, but shall mark our whole stock at a small regular profit, and adhere strictly to the

ONE PRICE SYSTEM.

Our stock consists of STAPLE AND FANCY DRY GOODS, GROCERIES, CROCKERY, BOOTS AND SHOES, HATS, CAPS, CARPETS, OIL CLOTHS, READY-MADE CLOTHING, &c. &c., to which we invite especial attention, as to quality and price, as we are determined that

Every Sale shall give Full and Perfect Satisfaction.

Auction or shop worn goods which are not cheap at any price we do not deal in; but buy only the best grade of goods, and of the latest styles. We are the only House in Janesville that do a strictly cash business, and buying of importers and wholly for cash, we

CAN AND WILL SELL
CHEAPER AND BETTER GOODS,

than those who buy small stocks on time, and sell them the same way.

To Country Merchants,

We would say, that we will sell you goods at New York and Boston prices, adding freight. You will find us at the old stand of J. B. CROSBY, *two doors above the Post Office.*

1000 Dollars Reward,

WILL be given to any person—Physician or otherwise—who will perform a cure as quickly and permanently, by any means whatever, of any of the following diseases, as can be done by the use of

PULVERMACHER'S

Hydro-Electric Voltaic Chains.

Rheumatism,	Nervous Headache,
Painful and Swelled Joints,	Palpitation of the Heart,
Sciatica,	General Debility,
Paralysis,	Female Diseases,
Spinal Disease,	Neuralgia of the Face,
Deafness, Blindness,	Rheumatic Pains of the Chest
Dyspepsia, Indigestion,	

ALL NERVOUS DISEASES

Are almost instantly removed by the simple application of the Electric Chains, which are constructed so as to be worn next to the skin, producing a constant current of uninterrupted Electro-Magnetism, which within the last few years has been discovered to possess STRANGE and WONDERFUL POWER, in the INSTANT RELIEF and PERMANENT CURE of nervous diseases.

HISTORY.

Pulvermachers' Chain are presented to the public, as the most scientific and convenient mode of applying this powerful agent. They have been secured by patent in France, (where they were invented) England, Germany, Austria, Belgium, and one year since introduced into the United States, and also secured by patent. They are used in every Hospital in the State of New York, and highly recommended by professors Valentine Mott, Van Buren, Post, Carnochan, of that city, who daily make use of them in their practice.

THE WORLD IS CHALLENGED

to produce so many well authenticated certificates of cure, not only from intelligent patients, but *from scientific Physicians.* The sale now in New York is perfectly ASTONISHING, and thousands who visit the Crystal Palace where they are on exhibition, seldom fail to obtain a chain before they leave the city.

Thanks be to the common sense of the people who are beginning to become disgusted with the practice of making a Drug Shop of their stomach—swallowing bottle after bottle of sickening, disgusting trash, having no more effect in even relieving, much less curing, the disease for which they are recommended, than a Poor Man's Plaster applied to the top of the head would have in curing an infant of worms.

All these great and remarkable discoveries, by which every ill "which flesh is heir to" is eradicated from the earth—strange as it may seem—are made by men who are too *ignorant* to obtain a living by any other mode, and their knowledge of disease, its proper mode of cure, its cause, is just as extensive as an Arab's is of the mechanism of a steam engine. No intelligent person will deny the truth of this, and no Physician dare risk his reputation as an honest man, and declare that *nervous diseases* are not more frequently increased in severity than *relieved*, by the old antiquated way of giving medicine into the stomach. If people will only become sensible and think for themselves, and believe that physicians practice upon their credulity more than they have any idea of, pay strict attention to temperance in all things, (which means very much,) make free use of *pure cold water, internally and externally*, with an occasional dash of soap, sleep in freely ventilated rooms, retire early and rise early, be happy and cheerful, employ their physicians to tell them "they require no physic;"—by so doing health and happiness will increase, bottled molasses and water be at a discount, and its famous discoverers be consigned to their legitimate stations.

The Hydro-Electric chains are now for the first time offered to the people of Nashua, as being a *better, quicker, and safer mode* of curing all nervous diseases, than any other method or means hitherto discovered. They can be used by either a grown person or a child, are always ready for use, and with little care will last for years.

CAUTION.

Ladies who are *enciente*, are requested not to wear them, for by long use, miscarriage is apt to be produced.

Price of Chains, $3 to $5, and can be sent by mail *to any part of the country, together with a pamphlet* of 86 pages, containing the modes of use, certificates of cure, &c.   J. STEINERT, General Agent,
563 Broadway, New York.
